VERIFIED COMPLAINT

Complainant, Goodwin International Ltd. ("GOODWIN"), by and through their attorneys, Husch Blackwell LLP, hereby files its Verified Complaint against Respondents Air Sea International Forwarding Inc. ("ASI"), and Ray Tobia, collectively Respondents, pursuant to the Federal Maritime Commission's ("FMC or Commission") authority under Section 11 (a) of the Ocean Shipping Reform Act of 1998, as amended, (the "Shipping Act"), 46 U.S.C. § 41301 (a), and allege upon information and belief violations of Section 10(d)(1) of the Shipping Act, 46 U.S. Code § 41102 (c), the Commission's Code of Federal Regulations at 46 C.F.R. §515.31 (e), and 46 C.F.R. §515.11(a)(1), and further allege upon information and belief the following:

PARTIES

1. GOODWIN is a corporation organized and existing pursuant to the laws of the United Kingdom, with its registered office at Ivy House Foundry, Hanley, Stoke-on-Trent, ST1 3NR, United Kingdom. GOODWIN designs, manufactures, and supplies check valves and exports the check valves internationally, including to the United States.

2. Upon information and belief, Respondent ASI is a corporation organized and existing pursuant to the laws of the State of New Jersey with its principal place of business at 1320 West Blancke Street, Linden, New Jersey 07036.

3. Upon information and belief, ASI was licensed by the Commission for all pertinent periods subject of this Complaint as a non-vessel operating common carrier ("NVOCC") in the waterborne foreign commerce of the United States and as an ocean freight forwarder (FMC License No.004331, Org No. 014726), pursuant to the Shipping Act, and maintained during the period in question the following pertinent surety bonds pursuant to 46 C.F.R. § 515.21 (1) and (2):

a) Bond Nos. JGINVOC2796 and JGIFMC1466, for \$75,000 and \$50,000, respectively, issued by Bunkers Insurance Company, effective from March 12, 2012 to the present, and;

b) NVOCC bond nos., JGINVOCC 2232 and JGIFMC 329, for \$75,000 and \$50,000, respectively, issued by Ulico Casualty Insurance Company effective from March 12, 2010 through March 12, 2012.

4. While ASI holds out to provide air and ocean services at 5349 Zambrano Street, Commerce, CA 90040, and 9958 NW 89 Court Medley, FL 33178, these locations have not been reported to the Commission, nor have surety amounts reflected these branches in violation of the Commission's regulations.

5. Upon information and belief, Mr. Ray Tobia, was the President, and Qualifying Individual of ASI at all times pertinent to the allegations herein.

FACTUAL ALLEGATIONS

6. During the period commencing on or about August 26, 2010, continuing through on or about March 24 2015, Respondents were retained by Fielding International Freight ("Fielding"), No. 19 Moorsland Urmsten, Manchester, United Kingdom, a U.K. freight forwarder for GOODWIN, to provide ocean transportation intermediary ("OTI") services to GOODWIN for shipments originating at U.K. Points by arranging for U.S. Customs clearance and other transportation related activities, including arranging for trucking services, to effect delivery of GOODWIN's imports to the U.S. at U.S. Points (door to door shipments) for a total of 118 shipments. During this period S.H.E. Maritime Ltd., doing business as Trinity Line, 2 Town Quay Wharf/Abbey Rd, Barking IG11 7BZ, United Kingdom, an unlicensed/registered NVOCC (Org. no. 009698), and other Ocean Transportation Intermediaries registered with the Federal Maritime Commission acted as non-vessel operating common carriers for the transport of GOODWIN's goods to the United States.

7. ASI acted as an FMC licensed ocean transportation intermediary in the United States which met the requirements of 46 C.F.R. §515.3 by performing duties to effect delivery of GOODWIN's goods to U.S. consignees that were transported by Trinity Line and other registered NVOCCs. Ray Tobia acted as the Qualifying Individual for ASI at all times pertinent to this Complaint.

8. Since the sales transactions subject of this proceeding were sold on Delivered Duty Paid ("DDP") terms, they required U.S. Customs and Border Protection ("CBP") clearance as a precondition to transport to the consignees' door. Respondent's

responsibilities were to perform as GOODWIN's sub-agent, as arranged by Fielding, all duties to arrange accomplishing clearing the goods through CBP pursuant to the DDP terms, in order to effect delivery of GOODWIN's shipments to the consignee's door.

9. On or about March 11, 2015, GOODWIN received the first of ten (10) Notices of Action from CBP requesting GOODWIN to pay additional import duties based on the applicable 5% ad valorem rate due to the misclassification of its check valves. Those notices asserted that GOODWIN's merchandise for the imports in question should not have been classified under 8481.20.0080, but rather should have been classified under 8481.30.2090, at the rate of 5% of the value of the merchandise. *See* Attachment A, ten Notices of Action dated 3/3/2015 through 3/16/2015.

10. On or about March 11, 2015, was the first time that GOODWIN became aware of a genuine issue of material fact that required it to perform reasonable diligence which ultimately determined that while Respondents were aware from GOODWIN shipping documentation that the vast majority of GOODWIN's merchandise were assessed duties at 5% ad valorem, Respondents nevertheless willfully, and fraudulently paid-over to U.S. CBP 2% and in some instances 3% based on false classifications of Goodwin's merchandise. GOODWIN had been paying over to Fielding and its sub-agent ASI the correct duties for the transactions subject of this Complaint based on a history of shipping its merchandise to the United States. In some instances Respondents misclassified the merchandise as duty free but still charged GOODWIN at 5% ad valorem.

11. After receiving the ten (10) notices from CBP, GOODWIN retained U.S. Customs attorneys to assist GOODWIN with the auditing process and to prepare a Prior Disclosure per CBP regulations going back for five years as required.

12. The results of the due diligence review by GOODWIN and its Customs attorneys resulted in the following conclusions:

a) that GOODWIN paid to Fielding, and ASI collected for the correct import duty rate at 5% (without consideration of the permissible deductions for merchandise process fees ("MPF") and Harbor Maintenance Fees ("HMF")); and

b) that ASI paid over to the Customs broker, Paul Bellack Inc. ("Broker")¹, an amount reflecting either 2% or 3% of the commercial invoice value, keeping the 2% or 3% difference, and on certain duty free entries, ASI still collected 5% of the value of the merchandise; and

c) that ASI not only unlawfully kept those sums, it also subjected GOODWIN to a CBP investigation.

d) that the amount due to CBP, paid over to ASI by GOODWIN, but unlawfully retained by ASI was \$209,712.24, an amount which became due and owing to U.S. CBP.

13. The above conclusions are illustrated by one sample shipment, for a shipment made pursuant to Nippon Yusen Kaisha Line ("NYK") Master bill of lading no. NYKS5581847560, Attachment B, hereto, and further supported by similar documentation for all other transactions by which the amount to be claimed from ASI was derived:

a. **Attachment B**, NYK bill of lading dated July 17, 2014, clearly indicates that Trinity Line is the Shipper, and ASI the Notify Party; the document further identifies this shipment is related to P.O. P91282-04183-13.

¹ The Janel Group was the prior Customs Broker retained by ASI from August 2010 to early 2011.

b. **Attachment C**, GOODWIN Commercial Invoice No. 28713(A) identifies the applicable USA Tariff No. 8481 30 20 90 as applicable to Check Valves, which identifies the transaction as P.O. P91282-04183-13 with a commercial invoice value of \$488,024.00². **(Note: GOODWIN's invoice contains the correct USA Tariff no. 8481 30 20 90 which calls for duty of 5% ad valorem).**

c. **Attachment D**, U.S. CBP Entry Summary relates to NYK bill of lading no. NYKS5581847560 for the following merchandise: Industrial Valves, Valves/Pneumatic, Other, 8481.20.0080/2%. The following line items appear for duties and other charges: Entry Summary Box no. for Duty, 37---\$9760.48³. The Entry Summary is dated July 24, 2014. **(Note: this entry incorrectly indicates the USA Tariff No. 8481.20.0080, and the 2% duty rate). This is a document wherein ASI clearly assisted in preparing and filing a false classification to CBP.)**

d. **Attachment E**. Paul Bellack Invoice No. 01-J88260 **(Dated July 24, 2014)**: U.S. Customs Duties: \$10,855.51 (this total includes the duty paid of \$9,760.48, plus MPF, \$485, and HMF \$610.03). Note that the duty paid amount is erroneous and explained above in footnote 2 since it is calculated at 2% vice the correct duty rate of 5%. This invoice is issued to ASI with a clear indication of the items paid, including the duty paid, \$9,760.48.

e. **Attachment F**. ASI Invoice no. 29787 was issued on July 24, 2014 to Fielding/Goodwin, the same date as the invoice received by ASI from Paul Bellack, The ASI invoice was for EST. Duty and Taxes \$24,401.20⁴

MPF: \$1773.48⁵
HMF: \$610.03
Courier: \$45.00
Total: \$26829.71

² Note that after GOODWIN's Customs' counsel reviewed the entry and made appropriate deductions for DDP transactions from the Commercial Invoice value, the value amount for computing duties was reduced to \$445,465.77, which is used for our computation of amounts claimed by GOODWIN against ASI which have now been paid to CBP.

³ The amounts of duty initially paid based on the lower percentage (2%), \$9,760.48, versus the correct amount of duties due on the revised value as indicated in footnote 1 at the correct duty rate of 5% is \$22,273.29---i.e., a difference of \$12,512.81. This latter number comprises the amount withheld by ASI by charging Fielding/GOODWIN at 5% but paying over only 2% of duties collected upon which GOODWIN's claim is based, the difference pocketed by ASI.

⁴ Note that this amount even though titled "EST Duty and Taxes" is derived by ASI by calculating 5% of the commercial invoice---i.e., \$488,024.00. The 5% was the duty rate known by GOODWIN to be the correct duty rate, but what it did not know was that ASI paid-over only 2% of that amount to CBP.

⁵ Note that MPF was invoiced by ASI at \$1,773.49 while the Paul Bellack Invoice No. 01-J88260 invoiced MPF at \$485, the maximum allowed rate for MPF. At this time GOODWIN is only claiming on the amounts shorted for duties, but reserves the right to include ASI overcharges for fees.

Note: ASI was invoiced Customs duties from Paul Bellack's Invoice No. 01-J88260, issued on the same date as the ASI invoice to GOODWIN/Fielding for \$9,760.48, and at the same time ASI was invoicing Fielding/GOODWIN \$24,401.20 for the same duties.

14. GOODWIN paid \$209,712.24, the amounts retained by ASI, through its U.S. Customs attorneys to CBP on July 30, 2015. *See* Attachment G, Prior Disclosure Perfection Letter and check.

15. As a direct consequence of the unlawful conduct engaged in by Respondents, and of the violations of the Shipping Act, and the Commission's Rules and Regulations, Complainant has incurred damages.

VIOLATIONS

16. Respondents, in performing the duties prerequisite to the delivery of GOODWIN's imports, by collecting from GOODWIN through Fielding for the correct duty rate at 5%, and by paying the U.S. Customs through the Customs broker a lower rate at 2%, 3% or zero by providing a false tariff code and unlawfully keeping the remainder of the 5% duty collected from GOODWIN, violates the Shipping Act and its implementing regulations, in particular, 46 U.S. Code § 41102 (c) in that ASI failed to establish, observe, and enforce just and reasonable regulations and practices relating to or connected with the delivering of property.

17. Respondents, by assisting in the preparation and filing of false and fraudulent documentation/information concerning an ocean transportation intermediary transaction and by knowingly imparting to GOODWIN/Fielding, the principal, shipper

and other persons, such false information relative to ocean transportation intermediary transactions violated the FMC regulations at 46 C.F.R. §515.31(e).

18. Respondents, by collecting from GOODWIN through Fielding for the correct duty rate at 5%, and by paying the U.S. Customs through the Customs broker a lower rate at 2%, 3% or zero duty by providing false tariff codes, and unlawfully keeping the remaining sums collected from GOODWIN, violated the FMC regulations at 46 C.F.R. §515.31(e) by preparing and filing of false and fraudulent documentation/information concerning an ocean transportation intermediary transaction and by knowingly imparting to GOODWIN/Fielding, the principal, shipper and other persons, such false information.

19. Respondent, Mr. Ray Tobia, further violated the requirement as the Qualifying Individual of ASI in that he acted with a lack of the necessary character to render ocean transportation intermediary services as required by 46 C.F.R. §515.11(a)(1) .

DAMAGES

20. As a direct consequence of the unlawful conduct engaged in by Respondent, Complainant has suffered injury as provided herein, and as may be further demonstrated in this proceeding, and seeks relief as provided below.

PRAYER FOR RELIEF

WHEREFORE, Complainant respectfully requests that the Commission issue the following relief:

1. An Order compelling Respondents to answer the charges made herein and scheduling a hearing in Washington, D.C. during which the Commission may receive evidence in this matter;

2. An Order holding that the Respondents activities described herein were unlawful and in violation of the Shipping Act;

3. An Order compelling Respondents to jointly and severally make reparations to Complainant GOODWIN in the amount of \$209,712.24, which has now been paid to U.S Customs pursuant to its Prior Disclosure Letter, and which it believes will be at minimum an amount claimed by U.S. Customs from Goodwin, plus interest and any penalties, as may be proven during the course of this proceeding, with interest as may be lawfully permitted by law, costs, and attorneys' fees;

4. An Order revoking Respondent ASI's NVOCC and freight forwarder license and further prohibiting Respondents ASI and Mr. Ray Tobia from doing NVOCC and freight forwarding business in the U.S.; and

5. Such other and further relief as the Commission deems just and proper.

ALTERNATIVE DISPUTE RESOLUTION

The Commission's informal dispute resolution procedures have not been used prior to the filing of the Complaint. Counsel for the Complainant has not consulted with the Commission's Dispute Resolution Specialist about utilizing alternative dispute resolution (ADR) under the Commission's ADR Program.

A hearing is requested in Washington, D.C.

Respectfully submitted,

By:

Carlos Rodriguez, Esq.

---	--

If you are the importer of record, payment to the broker will not relieve you of liability for Customs charges (duties, taxes or other debts owed Customs) in the event the charges are not paid by the broker. Therefore, if you pay by check, Customs charges may be paid with a separate check payable to U.S. Customs and Border Protection which shall be delivered to Customs by the broker.
