**SUPPLEMENTAL  
VERIFIED STATEMENT OF SANDRA KUSUMOTO**

1. My name is Sandra Kusumoto. I am the Director of the Bureau of Certification and Licensing (BCL) of the Federal Maritime Commission (Commission), and have been employed by the Commission in my current position for 12 years. I have personal knowledge of the facts stated herein.
2. I previously furnished a verified statement in this proceeding, which was submitted on or about March 27, 2014.
3. Under Commission regulations, each licensee must have and continuously maintain a qualifying individual, 46 C.F.R. §§ 515.11, 515.18(b)(c). At the time Cargologic was approved for licensing and at all times thereafter, the sole Qualifying Individual (QI) of record for the licensee was Matvey Gurfinkel, Vice President.

4. In the course of performing the office's duties with respect to OTI licensees, the Bureau of Certification and Licensing is made aware, through various sources, of changes in licensee operations that raise concerns of noncompliance with the OTI regulations. Such event may include information contained in amended applications, information found in third-party applications otherwise unrelated to the licensee, informal complaints, correspondence from former employees, and referrals or requests from other FMC component offices. It is BCL's practice in such instances to contact the licensee directly to notify the licensee of any potential noncompliance and to obtain confirmation of any deficiency (or alternatively, written advice that the licensee remains in compliance with its licensing obligations). BCL ordinarily seeks a response within 30 days.
5. On March 25, 2013, BCL mailed correspondence to Cargologic's principal office via UPS. A copy of this letter, together with an electronic proof of delivery by UPS, is included as Attachment A hereto. The letter reminded Cargologic that all OTI licensees must maintain an active QI and requested the licensee to timely submit an application to replace its QI in accordance with Commission regulations. BCL did not receive a response to this letter.
6. On November 21, 2013, BCL again mailed correspondence to Cargologic's principal office via UPS. A copy of this letter, together with an electronic proof of delivery by UPS, is included as Attachment B hereto. The letter again reminded Cargologic that all OTI licensees must maintain an active QI and requested the licensee to timely submit an application to replace its QI in accordance with Commission regulations. BCL did not receive a response to this letter.

7. On December 11, 2013, BCL communicated by email to Mr. Epshteyn, the owner and sole remaining officer of Cargologic, requesting Cargologic to submit an application to replace its QI by December 18, 2013. A copy of this e-mail is included as Attachment C hereto. To date, BCL has not received any communication in response from Cargologic.
8. Attachment C also reflects certain hand-written notations denoting that BCL staff attempted to contact Cargologic by telephone on December 17 and December 23, 2013. These latter efforts also proved unsuccessful.
9. Following issuance of the Commission's Order to Supplement the Record, an internet search was conducted in an effort to identify the current place of employment of Matvey Gurfinkel. Attachment D is a true copy of the webpage for Matvey Gurfinkel published on LinkedIn, a networking site for career professionals, [www.linkedin.com](http://www.linkedin.com). This webpage, accessed June 23, 2014, purports to show that Mr. Gurfinkel left the employ of Cargologic in January 2013.
10. Together with BOE Director Peter King, I personally contacted Matvey Gurfinkel by phone on June 23, 2014, at his current place of employment, Blue Cargo Group, in Chicago Illinois. Mr. Gurfinkel confirmed his prior employment at Cargologic. He advised that he had departed Cargologic on or about January 2013 to start a new job as an employee of Blue Cargo Group LLC.
11. I declare, under penalty of perjury, that the foregoing statements are true and correct.

Re: CargoLogic USA LLC OTI License No. 022025NF  
**Request for Replacement Qualifying Individual ("QI")**

Dear Mr. Epshteyn:

The Federal Maritime Commission's ("Commission") regulations require, among other things, that each licensee furnish notice to the Commission, within 30 days, of any material change in fact relating to the operations of a licensee. See 46 CFR § 515.12 (d). Certain changes may require prior approval by the Commission. 46 CFR § 515.18 (a).

We received information that Matvey Gurfinkel, the licensee's QI, is no longer with the company. As such, you need to submit a replacement QI application to replace Mr. Gurfinkel.

The Commission's OTI regulations require, among other things, that the qualifying individual of each licensee must be an active corporate officer. See 46 CFR § 515.11(b). When such qualification ceases, or the approved qualifying officer no longer serves in a full-time active capacity, the Commission's regulations require the licensee to furnish, within 30 days, the name and detailed ocean transportation intermediary experience of the active officer who may continue to qualify the licensee. 46 CFR § 515.18 (c).

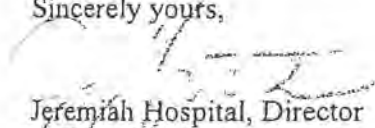

Please submit CargoLogic USA LLC's application for a proposed replacement QI as soon as possible and, in any case, no later than **30 days** from the date of this letter. Such qualifying individual(s) must meet the applicable requirements set forth in 46 CFR § 515.11(a) (1) of the regulations. An application is filed by completing a Form FMC-18, which can be found at [http://www.fmc.gov/forms\\_and\\_applications.aspx](http://www.fmc.gov/forms_and_applications.aspx), and submitted either electronically or in paper format (typewritten). Upon submission, an application fee of \$125 is required if filed electronically. Currently an application fee of \$525.00 is required for paper format. Once you elect to file electronically, no paper documentation will be permitted, except for the application fee, e.g., check or money order, and an originally signed Part G (Certification) of the application.

At the time you submit a revised FMC-18, we would ask that you review and update your listing of officers, directors and shareholders of the corporation (FMC-18, Item 16); identify all companies with which you share office space or expenses (FMC-18, Item 5); and identify any other entities to which your company is related by reason of common ownership or common officers, directors or employees (FMC-18, Item 18). If applicable, please list any current branch offices, furnish a full street address for each, and indicate whether any are separately incorporated (FMC-18, Item 19).

The Commission encourages voluntary compliance with its regulations and is available to assist you in achieving compliance. However, it is important for you to understand that compliance with these regulations is required. Failure to comply may subject you or your firm to significant financial penalties.

Should you have any questions regarding the Commission's licensing regulations, please do not hesitate to contact the undersigned in writing at the above address; by telephone at (202) 523-5843; by facsimile at (202) 566-0011; or by e-mail at [oti@fmc.gov](mailto:oti@fmc.gov).

Sincerely yours,

Jeremiah Hospital, Director  
Office of Transportation Intermediaries

Re: FMC License No. 022025NF  
Replacement Qualifying Individual (QI)

Dear Mr. Epshteyn:

We are following up on our letter of March 25, 2013, copy enclosed, (UPS delivery receipt dated March 26, 2013) concerning CargoLogic's QI. As we stated last March, Mr. Matvey Gurfinkel, your QI on record, was no longer with CargoLogic. We advised you that you needed to replace Mr. Gurfinkel within 30 days of our March letter. To date, we have not heard anything from you regarding replacing Mr. Gurfinkel.

Under the Commission's regulations, licensees are required to provide the name and qualifying experience of a replacement QI within 30 days. Your failure to do so places your company in non-compliance with the regulations. Unless you take immediate action to propose a replacement QI, we will initiate action that could lead to the suspension or revocation of your license and/or the assessment of civil penalties.

Should you have any questions regarding the foregoing, please contact the undersigned at [jhospital@fmc.gov](mailto:jhospital@fmc.gov) or by phone at 202-523-5843.

Very truly yours,

Dear Mr. Epshteyn,

We have sent you two letters, one in March and another in November of this year (we have UPS receipts that these letters were delivered), advising you that you needed to replace Mr. Gurfinkel as Cargologic's QI. To date we have not heard back from you. Unless we receive an application by December 18, we will initiate steps to suspend/revoke your license for not being in compliance with our regulations.
