II. Progress to date

Complainants have substantially completed their production of documents. Complainants made an initial production of 13,367 documents to Respondent on March 6, 2026; a second production of 4,135 documents on March 16, 2026; and a third production of 1,124 documents on June 18, 2026. Complainants are in the process of preparing a privilege log and identifying documents for potential supplemental productions.

Respondent has produced to Complainants 18,555 documents to date. Respondent's productions were divided as follows: 1,613 documents produced on March 29, 2026; 646 documents on May 11, 2026; 3,658 documents on June 5, 2026; 2,138 documents on June 16, 2026 and 10,500 documents on June 29, 2026. With the June 29, 2026 production, Respondent submits that it has substantially completed its production of documents to Complainants. As previously reported, a number of documents which require redactions are still being produced. Based on further analysis completed by Respondent's discovery vendor since the Joint Status Report and Third Motion to Extend Deadlines filed on June 15, 2026, Respondent has refined its estimate of the total number of documents requiring redaction to approximately 10,500, a substantial reduction from the 56,000 previously reported. Respondent has continued to confer regularly with its discovery vendor, which has confirmed that the redaction work is nearing completion and that Respondent anticipates completing the final production of redacted documents in the near term.

In compliance with the Presiding Officer's Order the Parties have continued to cooperate with one another and use their best efforts to complete discovery in a timely fashion and avoid the necessity of additional extension requests. As such, the Parties do not seek an extension of the current deadlines at this time but should such a need arise in the upcoming weeks, the Parties will submit properly supported requests to the Presiding Officer in compliance with 46 C.F.R. §§ 502.69 and 502.102.

III. Conclusion

The Parties have worked diligently to review and produce documents in compliance with the Presiding Officer's June 17, 2026 Scheduling Order and the Parties respectfully submit that, should any future motion to extend the current deadlines become necessary, the Parties will raise the issue as soon as the need arises and, where possible, file such motion jointly. The Parties appreciate the Presiding Officer's continued attention to this matter.
