Chairman
Federal Maritime Commission

Re: COSCO's Required 30 day Rate Filing

Mr. Creel,

I am writing to express our support of COSCO in their attempts to convince the FMC to reverse their position that requires 30 day prior notification of all their rate filings.

Shintech has supported COSCO in the past and present and intends to support them in the future. Our business has been amicable and mutual beneficial for both parties. COSCO has been providing good service at competitive rates. The 30 day filing period may put COSCO in a position where they can not meet our needs in a timely manner, forcing us to use another carrier.

Please re-evaluate your position on this issue. This mandate not only hinders COSCO's efforts, but also hinders competition.

Sincerely,

Hiroshi Jomori
Manager of Production Planning
Shintech, Inc.
