Dear Mr. Creel,

I am **writing** in reference to the current request by Cosco North America to be able to match their competitors **24-hour** rate filing as opposed to the **30-day** restriction,

There have been several occasions where Cosco North America could not be considered for shipments based on this time delay. In order to **provide** the service to meet our **customer's** needs it is of great importance **that** our carrier is able to respond quickly.

I feel Cosco North America is a **responsible** carrier who should be able to respond to the marketplace in the same time period that **their competition** does.

Sincerely,

Larry Metzner
