Mr. Harold Creel
Chairman Federal Maritime Commission
Washington, D.C. **20007**

Dear Mr. Chairman:

We are a frozen vegetable and potato packer that ships regularly to Japan. Over the years, we have nurtured a **good working relationship** with COSCO **and find** them to be **an** extremely responsible carrier.

We are in **support** of **COSCO's** effort to **have** the 30 day tariff filing restriction lifted, **That** way, they would be able to compete more fairly with **other** carriers in **today's** rapidly changing freight market.

Sincerely,

TWIN CITY FOODS, INC.
