Mr. Harold Creel
Chairman
Federal Maritime Commission
Washington, D.C.

Dear Mr. Chairman,

We support Cosco's efforts to have the 30-day tariff filing restriction lifted so that they may compete more fairly with other ocean carriers. We have exported our cargo with Cosco over the last several years and have seen the 30-day filing cause Cosco grave delays, thus forcing us to ship with other carriers.

Our time constraints are such that we need to know our costs immediately and feel Cosco should be equally as responsive as their competition.

Best regards,

Charles Angstadt
