FMC Chairman, Harold Creel

Dear Mr. Harold Creel,

We at Medical Books for China International have been a continuous user of the COSCO shipping services since 1984.

We have a good relationship and Medical Books for China International is an apolitical 501c3 non-profit corporation.

We strongly support COSCO's efforts to have the 30-day tariff filing restriction lifted so that they may compete more fairly with other ocean carriers.

In today's rapidly changing freight market, we feel COSCO should be able to equally respond to the rapid changes in the marketplace as is permitted by their competition.

What is good for one is good for all.

Sincerely,

Jordan M. Phillips, MD
