Dear Mr Chairman,

We utilise the services of Cosco NA to various destinations and have found them to be a very responsible carrier.

However, we do encounter problems with their rating structure when there is not a published rate for a particular market. As Cosco have a 30 day tariff filing restriction, this causes extreme frustration to our company, we are therefore left with no alternative than to utilise a competitor of Cosco at a potentially higher rate.

We therefore support the efforts of Cosco to have the 30 day tariff filing restriction lifted as we feel that Cosco should be able to compete equally with its competitors in an ever changing market.

**Yours sincerely
Chase Leavitt (CLB) Inc**
