Docket No. 20-17

JOINT STATUS REPORT

Pursuant to the Commission's Order dated January 25, 2021, the parties, by and through their undersigned counsel of record, provide the following Joint Status Report:

1. The Parties have discussed settlement many times via telephone and e-mail correspondence to no avail. These efforts have included, inter alia, a mediation conference before United States Magistrate Judge Wang of the United States District Court for the Southern District of New York and, most recently a telephone conference held on February 17, 2021.

2. The Parties have been unable to agree on the status of the demurrage charges of which Petitioner complains.

3. Petitioner asserts that Maersk's demurrage charges are unfairly punitive and not reasonable, inasmuch as Maersk Line charged Petitioner for demurrage for the periods the containers were in the possession of the Department of Customs and Border Patrol, and that MAERSK is still seeking to collect the charges. See Affidavit of Marie Carew.

4. Respondent refers the Commission to its Declaration of even date. Respondent asserts that the demurrage assessed did not cover periods when the containers were in the possession or control of Customs and Border Patrol, and that, while none of those demurrage charges have been paid, MAERSK has waived and withdrawn any claim to them.

5. The Parties agree that the four (4) containers that are subject of the herein claims are currently in Nigeria in the custody of the Nigeria Ports Authority (“NPA”) but disagree as to the reason they are being held.

6. Petitioner asserts that Maersk Line refused to issue a necessary Debit Note for the NPA to release the containers to the Consignees.

7. Respondent again refers the Commission to its Declaration. Respondent asserts that the containers were delivered by discharge to the Lagos terminal facilities under the control of the NPA, where, apparently, the containers are still being held upon some sort of Nigerian customs order, and not by virtue of any conduct on the part of MAERSK.

DECLARATION

I, Garth S. Wolfson, hereby declare as follows:

1. I am a partner with the law firm of Mahoney & Keane, LLP, counsel of record for MAERSK LINE A/S (“MAERSK”), a respondent in the above-captioned proceeding and the plaintiff in the related action now pending before Judge Cronan in the United States District Court for the Southern District of New York under Case Number 19 Civ. 04870 (“SDNY Action”). I respectfully submit this Declaration in support of MAERSK’s position as set forth in the parties’ Joint Status Report of Even date.

2. Herewith attached as Exhibit 1 is a true copy of Judge Cronan’s Order dated February 8, 2021 granting MAERSK’s motion to amend its complaint so as to remove all claims involving the shipments at issue in the instant FMC proceeding.

3. Herewith attached as Exhibit 2 is a true copy of MAERSK’s Second Amended Complaint, which has now been filed, showing that the four bills of lading at issue in this FMC proceeding have been removed from the SDNY Action, and further confirming that MAERSK has waived and withdrawn any claim under them.

4. Herewith attached as Exhibit 3 is a true copy of the Declaration of MAERSK, by Lou Palazzo, executed on February 25, 2021, with Exhibits A-B, confirming that the demurrage assessed

and unpaid, though now waived, did not cover periods when the containers were in the possession or control of Customs and Border Patrol, in any event. Also as confirmed therein, the containers were long ago delivered by discharge to the Lagos terminal facilities under the control of the NPA, where, apparently, the containers are still being held by order of Nigerian authorities, and not by virtue of any conduct on the part of MAERSK. See also, Oparaji v. Atlantic Container Line, No. 07 Civ. 2124, 2008 WL 4054412, *9, 2008 A.M.C. 2187 (S.D.N.Y. Aug. 28, 2008) (“[A]ll vessels delivering cargo to the Port of Lagos were required to discharge their cargo into the custody of NPA using NPA provided and controlled stevedores . . . Case law confirms that Nigerian law and custom do, in fact, mandate discharge of cargo to the NPA upon arrival at the Port of Lagos . . . [The ocean carrier] is not responsible for whatever happened to the vehicles after that point.”) (citing Tapco Nigeria, Ltd. v. M/V Estwood, 702 F.2d 1252 (5th Cir. 1983)), aff’d, 363 Fed. Appx. 778, 2010 WL 346847 (2d Cir. Feb. 2, 2010) (summary order)).

I declare under penalty of perjury that the foregoing statements are true and correct.

ORDER

JOHN P. CRONAN, United States District Judge:

Before the Court is Plaintiff Maersk Line A/S's motion to amend its Complaint to remove certain allegations relating to four bills of lading. Dkt. 44. For reasons that follow, the Court grants Plaintiff leave to file an Amended Complaint. Plaintiff shall file its Amended Complaint no later than February 12, 2021.

I. Background

Plaintiff filed this maritime contract action against *pro se* Defendant Marie S. Carew, a sole proprietor doing business as Holiday Shipping¹, on May 28, 2019, asserting the Court's jurisdiction pursuant to 28 U.S.C. §§ 1331 and 1333. Dkt. 6. The Complaint alleges that Defendant owes Plaintiff \$173,025.74 in fees arising from numerous bills of lading entered between Plaintiff and

¹ Although "it is well-settled law that a corporation may appear in federal courts only through licensed counsel," *Grace v. Bank Leumi Trust Co. of N.Y.*, 443 F.3d 180, 187 (2d Cir. 2006), numerous courts in this Circuit have held that a sole proprietorship may proceed *pro se*. See e.g., *Cassidy v. Madoff*, No. 8:18 Civ. 394 (BKS) (DJS), 2019 WL 3453937, at *1 n.1 (N.D.N.Y. July 31, 2019); *Oberstein v. SunPower Corp.*, No. 07 Civ. 1155 (JFB), 2008 WL 630073, at *3 (E.D.N.Y. Mar. 5, 2008) (collecting cases). The Second Circuit has not yet addressed this specific issue. See *Lattanzio v. COMTA*, 481 F.3d 137, 140 (2d Cir. 2007) ("[S]ome courts allow sole proprietorships to proceed *pro se* [because] a sole proprietorship has no legal existence apart from its owner."). Because a sole proprietorship and its owner are the same legal entity, the Court allows Defendant to proceed *pro se* in this case.

Defendant. *Id.* ¶¶ 7-13.

Plaintiff moved for summary judgment on October 18, 2019, Dkt. 14, and Defendant filed her first motion to dismiss on October 29, 2019 (“First Motion to Dismiss”), Dkt. 20. After those motions were fully briefed, the Honorable John G. Koeltl denied both motions without prejudice on July 27, 2020. Dkt. 29. On September 24, 2020, the Court ordered discovery to proceed through December 21, 2020. Dkt. 33. This case was reassigned to the undersigned five days later, on September 29, 2020.

On November 16, 2020, Plaintiff filed a letter requesting a pre-motion conference in advance of the instant motion to seek leave to file an Amended Complaint. Dkt. 37 at 1. Although Plaintiff’s proposed amendment would entail removing allegations against Defendant as to four bills of lading, thereby reducing Defendant’s liability from \$173,025.74 to \$146,313.00, Plaintiff advised the Court that Defendant declined to stipulate to the amendment. *Id.* The Court scheduled a pre-motion conference for December 11, 2020. Dkt. 39. A week before that conference, on December 4, 2020, Defendant filed a second motion to dismiss (“Second Motion to Dismiss”).² Dkt. 40. On December 7, 2020, Plaintiff notified the Court that Defendant had filed a complaint with the Federal Maritime Commission (“FMC”). Dkt. 41 at 1. Because that FMC complaint concerns four of the seventy-nine bills of lading that are in dispute in this action, Plaintiff explained that the purpose of its proposed amendment was remove those bills of lading from the instant suit to “avoid disproportionate litigation expense and distraction in both proceedings.” *Id.* at 1-2.

The Court addressed Defendant’s Second Motion to Dismiss and Plaintiff’s request to amend the Complaint at the December 11, 2020 pre-motion conference. *See* Dkt. 53 (“12/11/20

² Although Defendant’s motion was titled “Defendant’s Motion to Dismiss Plaintiff’s Complaint Under Rule 12(b) and to Oppose Summary Judgment,” Dkt. 40, no summary judgment motion was pending on the docket at that time.

Tr.”). Plaintiff reaffirmed that it seeks to remove allegations relating to four of the bills of lading to avoid duplicative litigation costs given the parallel proceeding involving those same bills of lading before the FMC. *Id.* at 6:1-23. When the Court asked Defendant why she was unwilling to consent to the amendment, Defendant took the position that the four bills of lading should be adjudicated in this action as there are common issues as to all seventy-nine of the bills of lading. *Id.* 7:4-15. After hearing from the parties, the Court set a briefing schedule for Plaintiff’s request to amend its Complaint, and noted that any dispositive motion practice will occur after disposition of Plaintiff’s motion to amend. *Id.* 16:6-17, 17:8-19.

Plaintiff filed and served its motion to amend and related papers on December 15, 2020. Dkts. 44-47. Disregarding the Court’s clear instructions at the December 11, 2020 conference, Defendant filed another motion to dismiss on December 15, 2020 (“Third Motion to Dismiss”). Dkt. 48. On January 4, 2021, the Court clarified that Plaintiff is not required to file a response to this Third Motion to Dismiss, and that any opposition to Plaintiff’s motion to amend the Complaint would be due on January 8, 2021. Dkt. 50. To date, Defendant has failed to file an opposition to Plaintiff’s motion to amend.

II. Plaintiff’s Motion to Amend the Complaint

Federal Rule of Civil Procedure 15 governs a party’s request to amend its pleadings. *See* Fed. R. Civ. P. 15. Under Rule 15(a)(1), a party may amend its pleadings once as a matter of course under certain circumstances. *See* Fed. R. Civ. P. 15(a)(1). Because Plaintiff’s request comes after the deadlines specified in both Rule 15(a)(1)(A) and Rule 15(a)(1)(B), the proposed Amended Complaint may be filed only through Rule 15(a)(2), with either the Court’s leave or the other party’s written consent. *See* Fed. R. Civ. P. 15(a)(2).

Pursuant to Rule 15(a)(2), the Court “should freely give leave [to amend] when justice so requires.” Although this is a permissive standard, “it is within the sound discretion of the district

court to grant or deny leave to amend.” *McCarthy v. Dun & Bradstreet Corp.*, 482 F.3d 184, 200 (2d Cir. 2007). A Court may deny the moving party’s request “for good reason, including futility, bad faith, undue delay, or undue prejudice to the opposing party.” *Id.* The Court finds that none of these four factors militate against granting Plaintiff’s request.

Because “[f]utility generally turns on whether the proposed amended pleading states a viable claim,” *Slay v. Target Corp.*, No. 11 Civ. 2704, 2011 WL 3278918, at * 2 (S.D.N.Y. July 20, 2011), that consideration is not applicable here. Rather than seeking to amend a claim or legal theory, or to add a new cause of action or defendants, Plaintiff is merely removing four bills of lading as a basis for liability. Next, the Court finds no evidence of bad faith in Plaintiff’s request for leave to amend its Complaint. Nor has Plaintiff engaged in undue delay in bringing this request. Plaintiff’s decision to seek leave to amend was triggered by Defendant’s filing of a complaint, on October 9, 2020, before the FMC concerning the four bills of lading that Plaintiff wishes to remove from its Complaint. Memorandum of Law in Support of Motion to Amend Complaint, Dkt. 46, at 2-3; Declaration in Support of Motion to Amend Complaint, Dkt. 45, Exh. 2. Plaintiff filed its letter-motion requesting leave to amend only about five weeks after Defendant’s filing of the FMC complaint.

Finally, the Court finds no undue prejudice to Defendant that will result from granting Plaintiff leave to amend. Defendant failed to file an opposition to Plaintiff’s motion to amend despite the briefing schedule set by the Court at the December 11, 2020 conference, 12/11/2020 Tr. 16:1-20. Instead of opposing Plaintiff’s motion, Defendant opted to file yet another motion of her own, the Third Motion to Dismiss, in contravention of the Court’s instructions that such a motion would be premature. The Third Motion to Dismiss did not address Plaintiff’s request to amend the Complaint. The Second Motion to Dismiss, however, did contain several sentences addressing Plaintiff’s request to amend, which arguments the Court considers given Defendant’s *pro se* status.

In her Second Motion to Dismiss, Defendant expressed her view that amendment of the Complaint should be denied, arguing: “[o]ther than Plaintiff’s refusal to release these four (4) containers in violation of the Shipping Act, each of the other seventy-nine (79) consignments present a similar issue—if Plaintiff’s charges for demurrage and detention are reasonable. . . . More, the four (4) consignments are currently before the Federal Maritime Commission. Defendant objects to treating these four (4) containers or bills of lading differently.” Second Motion to Dismiss at 5. The Court finds Defendant’s reasoning somewhat perplexing, particularly given Defendant’s contention in the same brief that the FMC is the appropriate agency to resolve any dispute concerning the seventy-nine bills of lading. *Id.* at 5-8.³ Plaintiff’s proposed amendment would have the effect of having the dispute as to four of the bills of lading before only the FMC, the forum where Defendant initiated a proceeding as to those bills of lading and the forum that appears to be her forum of preference.

In sum, the Rule 15(a)(2) standard, which instructs that “[t]he court should freely give leave [to amend] when justice so requires,” has easily been satisfied here. Not only do none of the above considerations mitigate against granting leave, but strong interests such as judicial economy weigh in favor of allowing the Amended Complaint, which would streamline the issues to be resolved before the Court.

III. Conclusion

For the above-mentioned reasons, Plaintiff’s motion for leave to amend the Complaint is granted. Plaintiff shall file its Amended Complaint by February 12, 2021. Defendant’s Second Motion to Dismiss, Dkt. 40, and Third Motion to Dismiss, Dkt. 48, are denied as moot without

³ Defendant has maintained this position—that the FMC is the appropriate agency to resolve the dispute as to outstanding invoices concerning the bills of lading—throughout the course of litigation. *See* First Motion to Dismiss at 2 (“[T]he FMC is the appropriate agency to resolve any dispute concerning any outstanding invoices.”); Third Motion to Dismiss at 3 (“The Commission is the appropriate agency to resolve any dispute concerning seventy-nine (79) outstanding invoices.”).

prejudice for leave to refile. The parties may file any dispositive motions by February 26, 2021, with responses due March 12, 2021 and any replies due by March 19, 2021.

The Clerk of Court is respectfully directed to mail a copy of this Order to Defendant and to close the motions pending on Dkts. 40, 41, 44, 48.

SO ORDERED.

Docket No. 20-17

DECLARATION

I, Lou Palazzo, hereby declare as follows:

1. I am the Accounts Receivable Process & Accounts Manager for Maersk Agency U.S.A., Inc., the local agent for Respondent MAERK LINE A/S ("MAERSK"), in the above-entitled matter. As such, I am familiar, based on my personal knowledge, as well as my review of records maintained by my office, with the circumstances underlying this dispute. And on behalf of MAERSK I respectfully submit the following response to the request for information contained in the Commission's Order dated January 25, 2021.

2. Herewith attached are true copies of the following:

Exhibit A: All of the outstanding invoices related to the bills of lading numbered 965477262, 965544009, 065751148, and 965885829 indicating the extent to which demurrage was charged; and

Exhibit B: Booking Amendments confirming that the containers shipped under the bills of lading numbered 965477262 and 965544009, 065751148 were rolled, since titles were not received by cut-off deadlines.

3. Container SUDU6808042 incurred 38 days of demurrage from July 15, 2018 to September 10, 2018 for a total of \$6,720.00. See, Exhibit A. The reason for this was that adequate documents of title to allow the export had not been received from the shipper, so the container

needed to be rolled to the next available vessel after proper paperwork was received. See, Exhibit B. The charges did not cover any period when the container was in the possession of Customs and Border Patrol ("CBP"). Id.

3. Container MSKU8180603 incurred three days of per diem charges from July 15, 2018 to July 17, 2018 for a total of \$420.00. See, Exhibit A. The reason for this was that adequate documents of title to allow the export had not been received from the shipper, so the container needed to be rolled to the next available vessel after proper paperwork was received. See, Exhibit B. The charges did not cover any period when the container was in the possession of CBP. Id.

4. Container MSKU8445214 incurred 30 days of demurrage from August 6, 2018 to September 4, 2018 for a total of \$5,280.00. See, Exhibit A. The reason for this was that adequate documents of title to allow the export had not been received from the shipper, so the container needed to be rolled to the next available vessel after proper paperwork was received. See, Exhibit B. The charges did not cover any period when the container was in the possession of CBP. Id.

5. Container MRKU6064475 did not incur any demurrage, detention, or per diem charges which were ever invoiced. See, Exhibit A.

6. The above notwithstanding, as previously addressed in MAERSK's pending Motion to Dismiss and as confirmed by the Order of the United States District Court for the Southern District of New York dated February 8, 2021 and MAERSK's amended pleading in that action, MAERSK has withdrawn any and all claims for detention and demurrage or otherwise with regard to the four shipments at issue in this proceeding. See, Exhibits 1-2 to Wolfson Declaration.

7. Moreover, on October 24, 2018 ex the M/V ULSAN, November 8, 2018 ex the M/V LANA, November 8, 2018 ex the M/V LANA, and November 25, 2018 ex the M/V Northern Promotion, respectively, containers SUDU6808042, MSKU8180603, MSKU8445214,

MSKU8445214 were all duly discharged, as required, to the Tin Can Island Container Terminal, which is regulated by the Nigerian Ports Authority, an agency of the Nigerian Government. I understand MAERSK's discharge of the containers at Lagos as indicated above is not disputed. After such discharge and tendering of the containers at Lagos, MAERSK was no longer in possession or control of the containers. Accordingly, pursuant to the established custom and practice of the port, as well as the terms and conditions of the MAERSK bills of lading, delivery was accomplished upon such discharge at Lagos. The ultimate release of the containers then became a matter for determination by the Port authorities and the shippers and/or consignees.

8. After investigation in response to the Commission's inquiry, MAERSK has come to understand, upon information and belief, that the four containers at issue remain at SDV Base 1, an inland container depot of the Port, pursuant to a Nigerian Customs hold. Possibly, duties must be paid. In any event, however, MAERSK, as ocean carrier, has no role in such affairs and has not in any way impeded the release of the containers by the NPA.

9. Given the nature of the Shipping Act violation alleged and the Commission's Interpretive Rule on Demurrage and Detention under the Shipping Act, I further note that some MAERSK equipment is involved. Even though it has apparently been held for more than two years, through no fault of MAERSK and due entirely to the failure of the Petitioner or its customers to clear their own cargoes through Customs, no container demurrage, which would dwarf the amounts now under consideration, has ever been charged to the Petitioner. So, again, no demurrage or detention has been assessed for any period when the cargoes were in the possession and control of customs authorities.

10. I declare under penalty of perjury that the foregoing statements are true and correct.
