Simple Forwarding, Inc
(Complainant)

vs.

China United Lines Ltd aka CULines
(Respondent)

and

Norton Lilly International
(Respondent)

AMENDED VERIFIED COMPLAINT

I. The Complainant Simple Forwarding Inc (“Simple Forwarding” or “Complainant”) is an FMC-licensed Ocean Freight Forwarder and NVOCC, Consultancy, and Shipper, with a principal place of business located at 1113 State Rte 17M, Monroe NY 10950. The Complainant by and through its Representative Sara Dandan of FourOneOne LLC, submits this Complaint.

II. (A) The respondent China United Lines Ltd aka CULines (“CULines”) named above is a Company under the laws of the Peoples Republic of China who acts as an “Ocean Common Carrier” (“Common Carrier”) and as a “Person” involved in the oceanborne foreign commerce of the United States under provisions of Title 46, subtitle IV of the United States Code, with a principal place of business located at Building 12, Lane 706 Wuxing Street, Pudong District, Shanghai 201204. Respondent engages in transportation by water on cross-Strait routes, as well as China to Southeast Asia, South Asia, Northeast Asia, Middle East, Europe and the United States of America routes.

(B) The respondent Norton Lilly International named above is a Corporation under the laws of the State of Alabama who also acts as a Federal Maritime Commission-licensed “Non-Vessel Operating Common Carrier” (“NVOCC”) and “Ocean Freight Forwarder” under the name Norton Lilly Logistics LLC, and acts as an agent on behalf of, and for, CULines and other maritime entities, and as a “Person” involved in the oceanborne foreign commerce of the United States under provisions of Title 46, subtitle IV of the United States Code, with a principal place of business located at One St. Louis Centre, Suite 5000, Mobile AL 36602.

III. That:

A. Complainant is a “shipper” as defined by 46 U.S.C. Section 40102(23).

B. The FMC has subject-matter jurisdiction over this Complaint pursuant to the Shipping Act and, in particular, 46 U.S.C. § Sections 41301 through 41309.

C. The FMC has personal jurisdiction over the Respondent CULines as an “Ocean Common Carrier” as defined in the Shipping Act of 1984, by 46 U.S.C. § 40102(18) and the Respondent Norton Lilly International (both parties collectively the “Respondents”) as a “Non-Vessel Operating Common Carrier” (“NVOCC”) and “Ocean Freight Forwarder” as defined in the Shipping Act of 1984, by 46 U.S.C. § 40102(17)(19) and as a “Person” involved in the oceanborne foreign commerce of the United States under provisions of Title 46, subtitle IV of the United States Code.

D. The Respondents failed to establish, observe, and enforce just and reasonable practices relating to receiving, handling, storing, and delivering the property of Complainant in violation of 46 U.S.C. § 41102(c) and Section 545.4 of the Code of Federal Regulations, and the Interpretive Rule on Demurrage and Detention Under the Shipping Act, and these violations occurred on a normal, customary, and continuous basis.

E. Upon information and belief CUL and Norton Lilly knowingly imposed unreasonable and misapplied per diem fees in violation of 46 U.S.C. § 41102(c) and Section 545.4 of the Code of Federal Regulations, and The Interpretive Rule on Demurrage and Detention Under the Shipping Act to Simple Forwarding for container number TWCU8055871 under CULines Master Bill of Lading number CULVSHA2106318, which accrued 21 days of misapplied per diem Charges from the 14th of October through the 3rd of November 2021.

F. Respondents were provided with terminal screenshots by Complainant that support their claims in regard to not being able to return the container due to restrictions imposed by Respondent CULines.

G. Respondents have been in possession of evidence that these charges are unreasonable and in violation of the Shipping Act since at least January 31st 2023, and have been provided with this evidence on multiple occasions.

H. Complainant initiated a dispute with Respondent Norton Lilly in regard to these unreasonable per diem charges. Respondent Norton Lilly then claimed that “Payment was made which is validation of charges , we cannot waive”

I. Respondents at this point were in possession of evidence that the charges were misapplied and unreasonable yet they repeatedly refused to acknowledge this in an apparent attempt to avoid waiving the incorrectly charged fees they imposed.

VI. Respondents failed to establish, observe, and enforce just and reasonable practices relating to receiving, handling, storing, and delivering the property of Complainant in violation of 46 U.S.C.S. § 41102(c) and Section 545.4 of the Code of Federal Regulations, and The Interpretive Rule on Demurrage and Detention Under the Shipping Act; resulting in per diem charges in the amount of \$6825.00.

We request Reparations in the form of a full refund to Complainant by Respondents in the amount of \$6825.00.

VII. The undersigned authorizes the Settlement Officer to determine the above-stated claim pursuant to the informal procedure outlined in subpart S (46 CFR 502.301-502.305) of the Commission's informal procedure for adjudication of small claims subject to discretionary Commission review.

2nd Change : **Effective, Monday, 8/24**, you must add the container number to your Empty In appointment 1 hr before the appointment slot. It will NOT be mandatory at the time of appointment creation but you will need to modify the appointment and add the container number 1 hr before. If you do not add the container number to your appointment then the appointment will be auto-cancelled.

*****Dual Transactions MUST have the SAME CONTAINER SIZE TYPE for both the drop off and pick up.**

New Rules Effective 8/24/20:

1st change: **Effective Immediately**, There will be a limit to the amount of empty in appointments you can make in a 10 minute period. So if you make appointments too fast you will get a message that you have exceeded the limit and must wait 10 minutes before making another appointment. This will benefit all trucking companies because it will provide for a much longer time frame to find available empty return appointments.

2nd Change : **Effective, Monday, 8/24**, you must add the container number to your Empty In appointment 1 hr before the appointment slot. It will NOT be mandatory at the time of appointment creation but you will need to modify the appointment and add the container number 1 hr before. If you do not add the container number to your appointment then the appointment will be auto-cancelled.

*****Dual Transactions MUST have the SAME CONTAINER SIZE TYPE for both the drop off and pick up.**

New Rules Effective 8/24/20:

1st change: **Effective Immediately**, There will be a limit to the amount of empty in appointments you can make in a 10 minute period. So if you make appointments too fast you will get a message that you have exceeded the limit and must wait 10 minutes before making another appointment. This will benefit all trucking companies because it will provide for a much longer time frame to find available empty return appointments.

2nd Change : **Effective, Monday, 8/24**, you must add the container number to your Empty In appointment 1 hr before the appointment slot. It will NOT be mandatory at the time of appointment creation but you will need to modify the appointment and add the container number 1 hr before. If you do not add the container number to your appointment then the appointment will be auto-cancelled.

*****Dual Transactions MUST have the SAME CONTAINER SIZE TYPE for both the drop off and pick up.**
