Dear Honorable Judge Guthridge:

MOL respectfully objects to the request of Bridgewater to extend its time yet again – here, for purposes of expanding the record beyond the scope of the Order to Supplement the Record. There is no evidence, new or otherwise, that will change the fact that MOL was deprived of the use of its equipment for 752 days.

MOL chooses not to reply to Bridgewater's existing Answer to Order to Supplement the Record. However, if Bridgewater is given leave to submit yet another filing, MOL requests time to respond.

Respectfully submitted,

Kevin J. Hartmann
