Docket No. 22-21

MSRF Inc. v. Yang Ming Transport Corporation

VERIFIED COMPLAINT

I. INTRODUCTION

1. Complainant MSRF, Inc. (“MSRF”), by its undersigned counsel, brings this Verified Complaint against Respondent Yang Ming Transport Corporation (“Yang Ming”), pursuant to 46 U.S.C. Section 41301 to seek reparations for injuries to MSRF caused by Respondent’s violations of the Shipping Act of 1984, as amended, 46 U.S.C. Sections 40101 *et seq.* (the “Shipping Act”), alleged herein.
2. Since the beginning of the COVID-19 pandemic, global ocean carriers, including Respondent named herein, have, as alleged herein, and upon information and belief, unjustly and unreasonably exploited customers, vastly increasing their profitability at the expense of shippers and the U.S. public generally, which bears increased freight cost in the form of inflation.
3. Upon information and belief, the bulk of ocean carriage secured by shippers has traditionally been pursuant to written service contracts, negotiated in advance at reasonable rates. Although a “spot market” for ocean carriage also exists, historically it has been used, upon information and belief, primarily by smaller shippers making small and/or one-time shipments, or for unexpected needs, such as a one-time or seasonal increase in shipping needs for a larger shipper.

4. Even with currently reviving demand, however, global ocean carriers have not returned to the just and reasonable pricing and contracting practices of pre-pandemic times. Instead, they have continued policies and practices that manipulate prices and deliver unprecedented windfall profits to them by forcing shippers into an artificially inflated spot market. A container that in 2019 might have cost approximately \$2,700 to ship from China to the West Coast of the United States now might cost \$25,000 or more on the spot market.
5. MSRF has experienced this misconduct by global ocean carriers firsthand. Respondent agreed to a service contract with MSRF and then refused to provide more than a fraction of the cargo capacity that MSRF requested and needed, even though Respondent overall has continued to operate at or near pre-pandemic capacity.
6. To make matters worse, Respondent then proceeded to engage in a practice of refusing to perform its full commitment under the service contract, instead forcing MSRF to buy space on the inflated spot market.
7. MSRF's written service contract with Respondent included minimum quantity commitments ("MQC") by MSRF to Respondent to tender cargo from various points in Asia for Respondent to transport via ocean vessels to the United States at agreed intervals and for agreed prices.
8. By definition, the service contract required Respondent to "commit[] to a certain rate or rate schedule and a defined service level, such as assured space, transit time, port rotation, or similar service features."¹

¹ 46 U.S.C. 40102(21) and 46 C.F.R. § 530.3(q). *See also* 46 U.S.C. § 40502(c)(7) and 46 C.F.R. 530.8(b)(5) which require service contracts to include service commitments as essential terms.

9. Shortly after entering into the service contract with MSRF, Respondent began breaching its contractual service commitments by providing MSRF with hardly any of the agreed allotments of space on their respective ocean vessels, and instead forcing MSRF to make alternate transportation arrangements at substantially higher spot market prices.
10. In so doing, Respondent has unjustly and unreasonably disrupted the previously stable and well-established structure of the global ocean freight industry. Now, instead of securing reliable service contracts in advance, MSRF is forced to (1) agree in advance to exorbitant rates for whatever portion of its needed capacity global ocean carriers are willing to cover with service contracts, (2) make up the difference on the spot market, and then (3) rush to the spot market again each time Respondent refuses to honor its limited service commitments.
11. In the May–December 2021 period, Respondent breached its contractual service commitment, providing MSRF only 4 of 100 containers agreed in the service contract.

II. THE COMPLAINANT

12. Complainant MSRF is a corporation organized under the laws of the State of Delaware with its principal place of business located at 9815 Leland Avenue, Schiller Park, Illinois 60176. The company’s seasonal and holiday products are sold in big box retailers throughout the U.S. MSRF also sells products licensed by Starbucks, Jim Beam and other prominent brands.

III. THE RESPONDENT

13. Upon information and belief, Respondent Yang Ming is a company organized under the laws of the Taiwan. Yang Ming is a vessel-operating ocean common carrier as that term is defined by 46 U.S.C. § 40102(18) with organization number 000138. Yang Ming's North American general agent, Yang Ming (America) Corp., is located at 1085 Raymond Boulevard, 9th Floor, Newark, New Jersey 07102.

IV. JURISDICTION AND LEGAL AUTHORITY

14. The Federal Maritime Commission ("FMC") has jurisdiction over this Verified Complaint pursuant to 26 U.S.C. §§ 41301 through 41309.
15. The FMC has personal jurisdiction over Respondent as an ocean common carrier, as that term is defined by 46 U.S.C. Section 40102(18), that has entered into service contracts, as that term is defined by 46 U.S.C. Section 40102(21), with MSRF.
16. Respondent's actions alleged herein constitute failures by Respondent to establish, observe, and enforce just and reasonable practices relating to receiving, handling, storing, and delivering the property of MSRF, in violation of 46 U.S.C. Section 41102(c).
17. Respondent's actions alleged herein constitute the provision of service in the liner trade that is not in accordance with the rules and practices contained in its service contract with MSRF, in violation of 46 U.S.C. Section 41104(a)(2).
18. Respondent's actions, done in connection with its provision of service pursuant to its Service Contracts with MSRF, constitutes unfair and unduly discriminatory practices against MSRF in the matter of rates or charges with respect to the ports for which MSRF contracted with Respondent, in violation of 46 U.S.C. Section 41104(a)(5).

19. Respondent's actions with respect to its Service Contracts also have given undue and unreasonable preference and advantage to shippers other than MSRF and imposed undue and unreasonable prejudice and disadvantage on MSRF with respect to the ports for which MSRF contracted with Respondent, in violation of 46 U.S.C. Section 41104(a)(9).
20. Respondent's actions in the course of negotiating its Service Contracts with MSRF and providing service to MSRF pursuant to those Service Contracts constitutes unreasonable refusals to deal or negotiate with MSRF, in violation of 46 U.S.C. Section 41104(a)(10).

V. ALLEGED FACTS

21. Prior to last year, MSRF, like most significant shippers, was able to secure advance service contracts to cover the bulk of its ocean carriage needs at reasonable, pre-negotiated prices.
22. In negotiations for the 2021-2022 shipping year, Respondent refused to provide MSRF enough commitments in its advance service contracts, instead providing only a fraction of the space MSRF needed at substantially higher prices, which MSRF accepted in order to secure such space, believing that such higher prices would fully compensate Respondent for current market disruptions.
23. Respondent then proceeded to breach its limited commitments by refusing to honor its service contract, forcing MSRF to purchase services on the spot market for which it had already contracted with Respondent.
24. MSRF and Respondent entered into a written service contract (SC 494721) as that term is defined by 46 U.S.C. Section 40102(21) effective as of May 1, 2021.
25. MSRF and Respondent agreed in the service contract that MSRF would tender a minimum quantity of one hundred (100) forty-foot equivalent units (FEUs) of cargo for shipment by

MSRF via ocean vessels from ports in Asia to the United States, and from ports in the United States to Asia at agreed prices.

26. Despite Respondent's contractual commitment to ship the minimum quantity tendered by MSRF, Respondent has continuously refused to provide MSRF more than approximately 4 of the promised 100 FEUs of that allotted space, forcing MSRF to make alternate transportation arrangements with other common carriers at substantially higher spot market prices or forgo shipping its cargo altogether.
27. Upon information and belief, Respondent is capitalizing on its violations of the Shipping Act alleged herein, by re-selling the capacity allotted to MSRF under the service contract to other shippers on the same spot market at substantially higher rates than those to which it agreed in the service contract.
