Before the
FEDERAL MARITIME COMMISSION
Washington, DC 20573
Docket No. 22-21
MSRF Inc. v. Yang Ming Transport Corporation

**DECLARATION OF DAVID REICH IN SUPPORT OF
MOTION FOR SUMMARY DECISION**

DAVID REICH, hereby declares as follows:

1. I am the president, founder and majority shareholder for MSRF Inc. (“MSRF”), the Petitioner in the above-referenced action.
2. I have personal knowledge of the facts set forth herein, and am fully familiar with the proceedings in this case.
3. I submit this Declaration in support of MSRF’s Motion for Summary Decision.
4. MSRF and Respondent Yang Ming Transport Corporation entered into a one-year service contract (SC 494721) effective May 1, 2021. A true and correct copy of the service contract is attached hereto as **Group Exhibit A**.
5. When executed, the duration of the service contract was from May 1, 2021 through April 30, 2022. Group Ex. A, YM 000394.
6. The service contract was kept in the ordinary and normal course of business and was agreed to and executed by both MSRF and Yang Ming. Group Ex. A. I personally executed the contracts on behalf of MSRF along with MSRF’s Vice President Jeffrey Reich.
7. The service contract was amended on seven occasions. Group Ex. A. Many of the amendments simply added different routes to the parties’ agreement.

8. The service contract provided for a minimum quantity commitment of [REDACTED] twenty equivalent units (“TEUs”) from Asia to the U.S. during the contract period of May 1, 2021 through April 30, 2022.

9. Yang Ming provided only [REDACTED] TEUs on the Transpacific Eastbound lane and [REDACTED] TEUs on the Transpacific Westbound lane for a total of [REDACTED] TEUs during the term of the service contract. The service contract also identified the prices to be charged for various routes, including the prices for the TEUs.

10. MSRF suffered further damages through Yang Ming’s refusal to provide space when requested by MSRF. The documents produced in discovery are replete with examples of this refusal to deal. For example, in email correspondence between MSRF and Yang Ming from April 2021, May 2021, and June 2021 requesting bookings from Qingdao, China, Yang Ming refused to provide space. MSRF_YANG MING_0005775-5777 attached hereto as **Exhibit B**, MSRF_YANG MING_0005771-5773 attached hereto as **Exhibit C**, and MSRF_YANG MING_0005769-5770 attached as **Exhibit D**. The emails were kept in the ordinary and normal course of business and I am familiar with these documents based upon a review of MSRF’s business records.

11. I am familiar with the damages worksheet produced by MSRF to Yang Ming. This worksheet is based on business records maintained by MSRF in its ordinary course of business and is attached hereto as **Exhibit E**.

12. The damages worksheet lists each shipment of goods by MSRF on which it paid freight costs in excess of those agreed by Yang Ming in the service contract.

13. My understanding is that the underlying documents supporting the damages worksheet were produced in discovery to Yang Ming and the worksheet has reference to the specific bates-numbers for the underlying business records.

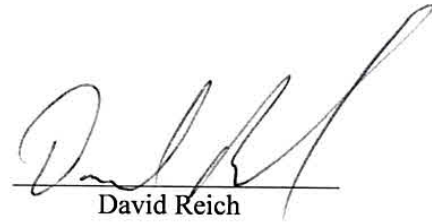

14. The damages worksheet also contains the costs related to shipments which were originally booked for movement from the port of lading to an inland destination in the United States, but the movement was terminated at the port of unlading because Yang Ming was unable to provide rail movement to the original destination. These additional costs are for transloading and trucking charges.

15. The total damages are [REDACTED] on a total of [REDACTED] TEUs. These damages average [REDACTED] per TEU.

16. The total damages total [REDACTED] but this includes damages for [REDACTED] TEUs that needed to be shipped by other carriers. As the minimum quantity commitment was only [REDACTED] TEUs and Yang Ming only provided space for [REDACTED] containers, MSRF is only seeking damages for [REDACTED] containers. Taking [REDACTED] divided by [REDACTED] TEUs and multiplying that by [REDACTED] is [REDACTED]. Those are the damages sought by MSRF in this case.

I declare that the foregoing is true and correct to the best of my knowledge and belief.

Ho Rochi,

Sorry that there is no more space in May, would you please kindly have your supplier to check back in the mid-May for June's sailing schedule.

Thanks & Best Regards,

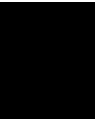

Diane

Rochi,

Please kindly note I am not able to check with origin port until I have your loading port information.
Just let you know space/equipment is extremely tight. I do not know the status until next Monday.
I will send a message to YM, Qingdao tonight.

Thanks & Best Regards,

Paul,

This is the 2nd shipper who told me about this "space protection" that needs to be indicated in the SC. Please check this out and I need the answer today.

Hi Rochi,

When we booked twice for [REDACTED] and get reject from EGL, we have checked with Yangming on this Monday, they said they won't release any bookings if the SC didn't include the terms to protect the spaces. Even though we book with them, they says won't release SO to us. Please add the terms to protect the shipping space to your SC, or Yangming won't accept our booking. So the same reason to [REDACTED] his Itasca booking, we can only rely on EGL now, please help to check with US EGL. Thank you.

Hi Rochi,

Thanks for your below email. Diane Liao and I will send a message to YMs Taiwan HQ and our Qingdao office for your below request. From other account booking requests Qingdao space has been fully booked thru the end of May to mid-June. Unfortunately I don't think we will receive any good news. I would suggest your suppliers to check the upcoming June schedules and have them to accept whatever YM origin office releases.

BTW, on my other message I meant that other accounts like NVOCC's in Asia might have a higher MQC (1000-5000 TEU) would probably get some import space..

Best Regards,

Paul

Can you please look into this 7 new bookings from our shipper out of Qingdao, China port (attached spreadsheet). The shipper is Qingdao Giftpackers and these are all coming here in Chicago rail but to different warehouse locations. Any alternative sailing/vessel from what the shipper is booking too, will be fine. Can you please work with your origin office and let me know. Thanks

BTW - On your other mail, you stated that our MQC in the SC is too small, which you are implying or what I interpreted is, it's impossible that we can get a container, but even if I give you [REDACTED] TEU's I don't even know if you can give us any? It looks like this SC is just for decorations purposes only. Your origin offices keeps telling our shipper that we do not have any thing stated in our SC a word: "special protection", which I have said this to you over and over. The sad part is – there is no reply from your origin offices from all these booking?
