RESPONDENTS’ MOTION FOR LEAVE TO SUPPLEMENT RECORD

Pursuant to 46 C.F.R. §502.69, Respondents Hapag-Lloyd AG and Hapag-Lloyd (America) LLC hereby move for leave to supplement the record in this proceeding.

The Bureau of Enforcement (“BOE”) filed its opening brief on March 11, 2022. Respondents filed their reply brief on March 21, 2022. BOE’s response to Respondents’ reply is due on Friday, March 25.

On March 24, 2022, Respondents uncovered information that is relevant to the issues in this proceeding. Respondents believe that justice requires that this information be considered by the presiding officer in this proceeding. This information does not represent a new legal argument or theory, but is factual information which bears on arguments made in Respondents’ reply brief and the accuracy and credibility of the factual information relied upon by BOE.

Pursuant to 46 C.F.R. §502.71, the undersigned has conferred with BOE regarding this motion on the morning of March 25, 2022. Counsel for Respondents disclosed the information in question to BOE on the evening of March 24 (promptly after its discovery), and understands that BOE will address the information in its response to Respondent’s Brief. Accordingly, permitting

Respondents to supplement the record will not prejudice BOE or require an additional round of briefing.

Respondents' have included the supplemental material as an attachment to this motion, and request that the attached material be made part of the record in this proceeding.

Respectfully submitted,

RESPONDENTS’ SUPPLEMENTATION OF RECORD

Respondents Hapag-Lloyd AG and Hapag-Lloyd (America) LLC (jointly, “Respondents”) hereby supplement the record in this proceeding.

In their reply brief filed on March 21, Respondents argued that BOE’s evidence as to the unavailability of appointments was not reliable, and objected to the admission into evidence of screenshots provided to BOE by a motor carrier. Respondents’ Brief at p. 39.

Since filing their Brief, Respondents have had occasion to further examine the reliability of the screenshot evidence relied upon by BOE. See, Affidavit of Joshua P. Stein, attached hereto (“Stein Aff.”), ¶ 2. Attached to the Stein Aff. as Exhibit A are emails that contain screenshots taken from Exhibit M of BOE’s opening brief, which screenshots purport to show that no appointments were available to return empty Hapag-Lloyd containers on certain dates. Those same emails include screenshots taken by Mr. Stein on March 24, 2022 from the same

third-party website used by the motor carrier who transported the Hapag-Lloyd empty containers.¹

As the presiding officer will note, in most cases there are substantial differences between the two screenshots taken from the same system. The screenshots provided to BOE by the motor carrier and relied upon by BOE tend to cover only a small number of days/shifts, and show that no appointments are available on a given date. In comparison, the screenshots taken by Mr. Stein tends to cover a larger number of days/shifts, and frequently show appointments are available.

It appears that either the screenshots relied upon by BOE are partial screenshots only, or that the information provided by the website varies depending on when queries the website. If the latter is true, then the information BOE seeks to use as evidence is unreliable as suggested in Respondents' Brief. If the former is true, then it appears BOE may have been provided incomplete information with respect to the availability of appointments.

¹ Exhibit B to the Stein Aff. includes more complete screenshots (i.e., showing the whole screen and the URL) of the same information found in the emails that are included in Exhibit A to the Stein Aff.

In either case, the screenshots attached to the Stein Aff. confirm the argument made by Respondents in their Brief: the screenshot evidence on which BOE seeks to rely is not reliable and probative, and cannot sustain a finding that Respondents acted unreasonably.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Wayne R. Rohde". The signature is stylized with a large, sweeping "W" and a cursive "Rohde".

AFFIDAVIT OF JOSHUA P. STEIN

1. My name is Joshua P. Stein. I am an attorney at the law firm of Cozen O'Connor in Washington, D.C.

2. On March 24, 2022, I opened a trial account on a website known as Blue Cargo. I was attempting to learn more about the operation of this website, which monitors the availability of appointments at marine terminals in Los Angeles and Long Beach, in connection with the issues in this proceeding, and in FMC Docket No. 21-16.

3. Attached hereto as Exhibit A are two emails that I sent to my colleague, Wayne Rohde on March 24, 2022.

4. The first email, sent at 8:09 p.m., contains screenshots provided by GSL for June 14, 15 and 16, 2021, taken from Exhibit M to BOE's opening brief in this proceeding, as well as screenshots that I took from the Blue Cargo website for those same three dates. I also included a screenshot I took from the Blue Cargo website for June 17, 2021.

5. The second email, sent at 8:38 p.m. on March 24, 2022, contains screenshots from the Blue Cargo website, showing the availability of appointments to return empty Hapag-Lloyd 40'HC containers during the period of June 8, 2021 through June 11, 2021.

6. Attached hereto as Exhibit B are more complete versions of the screenshots (including URL) contained in Exhibit A.

I declare under penalty of perjury that the foregoing is true and correct.

A handwritten signature in black ink, appearing to read "Josh P. Stein", is written above a horizontal line.

Subject: Blue Cargo Screenshots - Check this out

So, picked a random container from the HLAG brief to check out. Fascinating.

“SEGU5670431 (a 40HC) was returned to WBCT on June 17 (Govil Aff., Exhibit #2; Respondent’s Exhibit D), but the Hapag-Lloyd empty return matrix for June 15 lists only YTI as a return location for 40HC equipment on June 17 and the Hapag-Lloyd empty return matrix for June 17 lists only YTI and TTI as return locations for 40HC equipment on that date.”

Here are the screenshots they provided (from the FMC’s appendix) for the 14th – 16th vs. what I get from Blue Cargo (which appears to have one screenshot per day). Note which day they provide a full shot of the table vs. other days when they don’t, times of the screenshots, and where the appointments are available.
