未付贷款我已经让国内代理告诉你们了。

我现在很被动，因为后续的业务和后面的出货无法正常安排，你们应该知道，生意是一环扣一环的，现在被动的一今天他付了1万美金，还有12万多，寄牙膏一样的。。。货也没安排出了。

所以你们要不停的催付，就说我要告你们，而且我无法忍受了，真的会起诉你们！

HI, Every body:

I don't know why u.s.a forwarder RRD said nothing about this problem, they make me crazy and keep silent in this case.

I'm very agry for this, I call the buyer today he said he need 18 months to pay off it, it's really crazy, it kill all my business.

So I really need to know who make the mistakes, if R.R.D company did, I hope they can deal with the buyer, they make agreement with them, and I need them to pay me first. Otherwise I have to call F.M.C in United and ask lawer to take their license because they do these 3 containers illegal...

Pls serious think over it.

Dear Yaffli,

Today, we talked to the shipper, ECHO and explained to him our sincere apology for this mistake of the release of those containers. We will keep tracking with the consignee till all the payments are paid to the shipper. He also met the consignee as he said and he also said he got stuck and how to arrange the 2 containers that are ready to ship. We told him we did not mind to let him file the law suit against us and then we can put the consignee into the court as the defendant as well. The following is what the shipper sent to us today:

TODAY I'M NEW YORK ALREADY, I WILL CALL FMC TO COMPLAIN YOUR ACTION AND HOW BIG LOSE YOU MADE! IF YOU CAN'T GIVE ME GOOD SOLUTION TODAY, I WILL ASK MY LAWYER TO DO EVERYTHING ABOUT YOUR MISTAKES.

MY CELL: 917 963 5469

ECHO

In the meantime, we told him to keep shipping through us for the containers as we need his help in order for him to work with us together to get this problem resolved. We will meet the consignee tomorrow and then we will talk to the shipper again for the solution. At this moment, we want the shipper to work with us is to ship the 2 containers through you/us again, we will hold because we will tell the consignee that we make the payments to the shipper for the last 3 containers and then we have the absolute right to hold later arriving containers. This is what are thinking at this time and have not told the shipper yet. Also we see tomorrow how the shipper wants to solve this problem. Then we can know what we will do next.

Thanks and best regards,

We met the consignee and Echo today. So far, the consignee did not confirm they were able to pay more than \$10,000.00 a month even if we asked why the containers were shipped and arrived here but no enough money to pay. The consignee explained their bank cut the loan. We have no where to prove whether it is right or not because there are lot of contradictions after we talked to Echo. It seems the consignee did not tell the truth or there is some purpose not to let us know the real facts. But the consignee wants to take the advantage after they got the containers.

We have not convinced the consignee to pay more and pay as quickly as possible but asked us to speak to Echo and then talk to them again tomorrow. So far, after we met Echo and discussed this payment issue, we still can't find the solution at this time. We will talk to the consignee again tomorrow. Try last time to ask the consignee to clear the payment for the shipper.

In the meantime, we don't mind to let the shipper file the law suit against us as it can help us to put the consignee in the court and force them to make the payment and of course, it may take months. It is up to Echo as a shipper.

We will let you know again after we speak to the shipper again.

Thanks and best regards,

Dear Yaffil,

Today, we met both the shipper and the consignee. And after we talked to them, none of them give us the positive answers but wants to take the advantage. The consignee does not want to pay more and the shipper does not help us even if they let us ship the coming 2 container. The shipper talked is different from what the consignee said. The consignee said because they did not have money so they don't need the later 2 containers and on the other hand, the shipper said he felt confident to give the consignee the credit for the 2 containers because he believe they will pay him. So we don't know who is wrong and who is right. From what we know the shipper does not have the intention on the same line as we stand on. If it is the case, we'd prefer to let them file the law suit or go after FMC. Then we can push the consignee to pay them or pay us.

We can pay the shipper first from our pocket but we must have some kind of assurance from the shipper that we can have their business and we can hold in order to have the consignee make the payments. Somehow the shipper uses his excuses and make our plan not workable.

If it is not clear to you, please let me know and we can talk on the phone.

Thanks and best regards,

Yiwen Hu

Dear Yaffil,

The contradiction is the shipper said he could release the 2 containers to the consignee first even without the payment and therefore even if we hold the 2 containers, it won't help the shipper to get the money. Our position is getting clear after we spoke to the shipper and the consignee, and we must have some kind of guarantee of the payment from the consignee on our hand. Otherwise, we just pull the consignee in to the court because the consignee is the party who should pay for all 3 container merchandise not RDD Freight. They must realize this. Now the consignee takes the advantage and save hundreds of dollars of terminal charges and we pay the shipper. Then both of them will disappear.

Thanks and best regards,

Hello, Victor!

You said you would speak to your supplier last night. Please let me know what the outcome now.

As we know your supplier said they just wanted to get the payment for all containers right away, if not, they will take legal action against us. If it is the case, we have to put you in the court as well. So you need to tell us your plan for the payment. We need your immediate answer before we can tell your supplier and see what we will do next.

Thanks and best regards,

Your supplier is really pissed off and mad at us. You need to do something and then we can tell him. According to what he said he would take legal action against us as he put it, we did something wrong. So we want you to give him a call to exchange views. In the meantime, give us your payment plan. It already a week since our last week discussion.
