Dear Secretary,

Re: Docket No. 17-04

I am Matthew J. Parrott, Director of Transportation, A.N. Deringer, Inc. A.N. Deringer, Inc. is an NVOCC and OTI license number 1853 N/F with over 20 offices in the United States and a vast network of agents overseas.

We are members of the NCBFAA and understand our organization has submitted comments in regard to this matter. We fully support the stance taken by the NCBFAA specifically to eliminate burdensome and unnecessary regulations. As the NCBFAA has pointed out on several prior comments there is no benefit to publish rate tariffs as they are not used by shippers for any purpose. These present unneeded costs and reduce our ability to flexible and responsive in today's ever-changing and challenging business world. We urge the FMC to exercise its authority and totally exempt NVOCCs from having to publish rate tariffs. We appreciate your attention to this important matter.

Sincerely,

July 7, 2017

Matthew J. Parrott
Director of Transportation
A.N. Deringer, Inc.
