RE: Docket No. 17-04

Ms Dickson:

In reference to Docket no. 17-04, please consider the following as our response.

We have concerns with eliminating the filing of tariffs at this time. When the question was asked of the FMC as to how eliminating the filing of tariffs would affect the Freight Forwarders of the FMC defined OTI's (Ocean Transportation Intermediaries) with regards to brokerage and whether freight forwarders would have to become NVOCC's (Non-Vessel Operating Common Carriers), a response was not received. Because no response was received, it leads me to believe the elimination of tariff filing would be quite complex to the OTI world as we are defined today. Therefore, I urge the FMC not to eliminate tariff filing at this time.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Brenda Barnes
