[Cancellation monies returned.docx](#)
[Viking cancellation notice.docx](#)

Dear Ms. Dickon, Secretary,

I would like to offer some fact finding comments regarding financial reimbursements to customers who have been unsuccessful to receive full refund from a PVO:

Viking River Cruises, Inc. located at 5700 Canoga Ave #200, Woodland Hills, CA 91367-6569 has been holding \$5278.80 of our monies for almost 18 months and refuses to return this sum. Initially, my husband and I agreed to a voucher for that sum after our June 1, 2020 river cruise was cancelled due to the COVID 19 pandemic. We later applied and redeemed that voucher to our bill for a second cruise scheduled for Oct. 9, 2021. That cruise has also been cancelled as of May 24, 2021, with a letter from the VP of marketing, Mr. Marnell, (which I attached). Although I was able to recover the other 80% of my trip money back to my credit card (over 11 K), it seems that the Viking company views my used voucher as having "no cash value" and wants to reissue to us another voucher for that amount which would be redeemable until Dec. 2022. I refused since I had already redeemed that 1st voucher and the dollar amount was deducted from my bill, so therefore it does have cash value. The Viking company is holding my money hostage and is trying to force me to rebook with them in the future. Please help out American consumers who are being treated so unfairly by this industry.

Attached is my initial request to the company (sent email and by certified mail to Viking), a copy of the email letter offer by the VP of marketing of Viking, and a detailed account about my complaint. All emails and phone calls to this company have not altered this company's refusal to reimburse my full investment for one of their cruises. At this point in time, I just want my redeemed voucher money returned to my husband and I to use as we wish in the future when travel is safe again. My husband is a past World Trade Center responder with health issues and I am a critical care health professional, we both take safe health travel concerns very seriously.

Thank you.
Virginia Hackett PhD, RN
