We have had our cruises put on 'hold', due to the Covid-19 virus, for over two years, and with our monies we put forth to be held for 'future cruise credits'. This is not acceptable as the cruise line (s) RCL, has had our monies, and has held us 'hostage' until we can make the cruise, whenever available, possible. As of this date, if we did decide to extend our cruise, we only have until the end of Sept. 30, 2021, which is in hurricane season. We do hope this bill will be passed so future cruisers can book a cruise, without knowing they will not get their monies returned, if they cancel their cruise. Would like a reply, please. Fredrick, and Evelyn Johnston, Canada
