

Cruise refund

Good evening,

My name is Melissa Sherman, and I reside in California. I had paid back in 2019, for both my father and myself to attend the "Glenn Beck Cruise Through History" with Bill O'Reilly in March 2020. The Cruise was supposed to begin in Venice, Italy. Travel to Greece. Head next to Turkey. See Israel and end in Milan, Italy.

I am just one of 3000 people that are now being denied refunds up to \$24,000.00 and the companies are only will in to agree to future credit that must be booked only through them.

We are outraged and have had enough!

Please help us.
