RE: "DOCKET NO. 20-15.
Comments on PVO Financial responsibility Rulemaking

To Whom It May Concern:

Please be advised that we are in favor of a complete refund from Viking for the paid in full river cruise. We made the reservations in March 2020 and rescheduled again in March 2021. In March 2021 we then had to cancel due to Covid impacting our health, airline industry, cruise industry And European ports of call as well. Viking was also not operating.

Below you will find our specific reasons why a full refund of our money paid is necessary rather than the present form of our money being held in vouchers with an end date of October 2022 for scheduling/rebooking cruise, Danube Waltz, on Viking.

Due to pandemic still in effect and prediction it will last another year coupled with our age and health, we find it necessary to ASK FOR A FULL REFUND FROM VIKING. To this date, that has not been offered. Price increases has made this cruise unaffordable for us and not within our budget.

Please include our comments when presenting your case for full refund. Rebooking is not an option for us and we are senior citizens in mid-seventies with health issues and Covid in population. Trip insurance should also be REFUNDED as well and revised to include protection for a pandemic disease effective travel.

Thank you.

James and Lois Walker
