Federal Maritime Commission  
800 North Capitol Street, N.W., Ste. 1046  
Washington, D.C. 20573

Att: Ms. Rachel E. Dickon  
Assistant Secretary

**Subject: Docket No. 17-04, Regulatory Reform Initiative**

I am Charles Riley, Vice President of Steer Company, a licensed OTI Forwarder and NVOCC and Customs Broker. Steer Company is a member of New York New Jersey Foreign Freight Forwarders and Brokers Association, Inc. (NYNJFFF&BA) and the National Customs Brokers and Forwarders Association of America, Inc. (NCBFAA).

We support all efforts on the part of the Federal Maritime Commission and our industry associations, particularly the comments being filed by the NYNJFFF&BA, to eliminate burdensome and unnecessary regulations.

The requirement to publish tariffs, issue NRAs, or file NSAs no longer serves and useful purpose in today's highly competitive world of ocean shipping. The shipping public does not receive any benefit from these regulations. On the other hand, rate tariffs and even NRAs are costly to establish and maintain and reduce our flexibility and ability to maintain a competitive presence in the industry. We accordingly urge the FMC to exercise its authority to totally exempt NVOCCs from having to publish rate tariffs, issue NRAs or file NSAs. Furthermore, we urge the FMC to eliminate co-loading regulations which are difficult, if not impossible to interpret consistently, and do not provide any benefit to the shipping public.

We only see benefits to competition and economic growth in ocean shipping, in much the same way as occurred for the air, trucking and rail sectors since the late 1970's. The world has changed. It is time the regulations reflect that.

Sincerely,

  
Charles Riley  
Vice President
