FEDERAL MARITIME COMMISSION

WASHINGTON, D. C.

January 26, 2005

DOCKET NO. 04-07

TRANS-NET, INC.

v.

FESCO OCEAN MANAGEMENT LIMITED

**EXTENSION OF TIME TO PERMIT PARTIES
TO CONCLUDE SETTLEMENT DISCUSSIONS GRANTED**

Counsel for both parties have requested an extension of time for the parties to conclude their settlement discussions. They advise that such discussions have been progressing toward settlement. However, as noted in earlier rulings, this case is complex and replete with difficult issues and there is reason to believe, absent settlement, that it could expand in difficulty if respondent files a counter-complaint.

Under the circumstances, it appears that additional time spent in negotiating a settlement would be productive. Accordingly, counsel shall advise me of the status of their discussions by February 22, 2005, as they requested.
