VERIFIED AMENDED COMPLAINT

Complainant BAL CONTAINER LINE CO., LIMITED (“Bal Container” or “Complainant”), by and through its undersigned attorneys, respectfully files this Verified Amended Complaint against Respondents SSA MARINE TERMINAL, SSA TERMINALS (PIER A), LLC and SSA CONTAINERS, INC. (collectively, “SSA” or “Respondents”) pursuant to 46 U.S.C. Section 41301 to seek reparations for injuries to Complainant caused by Respondents’ violations of the Shipping Act of 1984, as amended, 46 U.S.C. Sections 40101 *et seq.* (the “Shipping Act”), alleged herein., and states as follows:

COMPLAINANT

1. Complainant Bal Container Line Co., Limited is a relatively small vessel operating common carrier with a principal place of business located at Office No. 2, 20/F, 135 Bonham Strand Centre, 135 Bonham Strand Sheung Wan, Hong Kong. Bal Container Line Co., Limited maintains an email address of qingzhi.liu@bal.cn.

RESPONDENTS

2. Upon information and belief, Respondent SSA Marine Terminal is a Delaware limited liability company with its principal place of business located at 1131 SW Klickitat Way, Seattle, WA, 98134. Upon information and belief, Respondent SSA Containers, Inc. is a Washington corporation with its principal place of business located at 1131 SW Klickitat Way, Seattle WA, 98134. Upon information and belief, SSA Marine Terminal and SSA Containers, Inc. were acting by and through their agent SSA Terminals (Pier A), LLC. Upon information and belief Respondent SSA Terminals (Pier A), LLC is a Delaware limited liability company with its principal place of business located at 1131 SW Klickitat Way Seattle, WA 98134. These three entities are referred to as “SSA” or “Respondents” herein. Upon information and belief, SSA maintains an email address of Tom.Hsue@SSAMarine.com. According to its website, Respondents operate “a global enterprise spanning more than 250 operations across five continents” and are “one of the largest privately owned marine terminal and rail yard operators in the world.”¹

3. During the COVID-19 pandemic, as alleged herein, Respondents took advantage of price inflation in the container shipping sector and unfairly exploited its customers. Consequently, Respondents’ profits surged considerably, while ocean carriers, shippers, and the broader public in the U.S. had to shoulder the increased freight costs in the form of cost increases. This profiteering was particularly damaging to Complainant.

4. Upon information and belief, Respondents engaged in the discriminatory and unjust practice of charging smaller carriers, such as Complainant, additional fees, which were not heard of from the larger ocean carriers.

5. In addition, at least a substantial majority of the congestion surcharges at issue in this case, assessed by Respondents to Complainant, were assessed for periods of time in which Complainant's or the consignees' ability to pick up containers at the ports was either constrained due to circumstances outside the control of Complainant or stemmed from Respondents' unilateral decision to place the subject containers in inaccessible locations at its terminal facilities.

6. Upon information and belief, Respondents have profited greatly from the conduct alleged herein.

7. Respondents are and were at all times pertinent to this Complaint a marine terminal operator within the meaning of the Shipping Act, 46 U.S.C.S. § 40102(15), subject to regulation by the Federal Maritime Commission.

JURISDICTION & LEGAL AUTHORITY

8. The Commission has jurisdiction over this Verified Complaint pursuant to 46 U.S.C. § 41301 because it alleges violations of the Shipping Act of 1984, 46 U.S.C. Sections 40101 *et seq.* alleged herein.

9. The Federal Maritime Commission has subject-matter jurisdiction over this dispute pursuant to the Shipping Act, 46 U.S.C.S. § 40101 *et seq.*

10. The Federal Maritime Commission has jurisdiction over SSA as a "marine terminal operator" within the meaning of the Shipping Act, 46 U.S.C.S. § 40102(15).

11. SSA's actions alleged herein constitute failures by SSA to "establish, observe, and enforce just and reasonable regulations and practices relating to or connected with receiving, handling, storing, or delivering property" in violation of the Shipping Act, including 46 U.S.C.S. § 41102(c) and Section 545.4 of the Code of Federal Regulations.

FACTUAL ALLEGATIONS

12. In August 2021 Bal Container entered into four vessel specific agreements with SSA for terminal services.

13. The agreement pertaining to Vessel Santiago was entered into in July 2021. The agreements pertaining to Vessels CONSTANTINA and TS MANILA were entered into in August 2021 and September 2021, respectively. The agreement pertaining to Vessel CSL SANTA MARIA 1242E was entered into in January 2022, (collectively the "Agreements"). A true and correct copy of the Agreements are attached hereto as Exhibits A – D and are hereby incorporated by reference.²

14. Per the Agreements, SSA was to provide terminal services to Bal Container at Pier A, Long Beach California.

15. Four vessels of Bal Container called at SSA's terminal in Long Beach between August 2021 and December 2021.

16. On November 22, 2021 SSA issued four invoices to Bal Container (9430013106, 9430013105, 9430013108, 9430013107) for a total of \$4,293,400 for congestion

² Two of the contracts expired by their own terms within 10 days after the vessel's departure, and one of them provides for expiration within 7 days of departure. None of the contracts includes a clause providing for the continued application of a congestion surcharge fee after the expiration of the contracts. Despite this expiration, Respondents appear to wrongfully maintain that the congestion surcharges applied *after* the expiration of the applicable contracts.

surcharge fees. A true and correct copy of the invoices are attached hereto as Exhibits E - H and are hereby incorporated by reference.

17. On January 2, 2022 SSA issued five invoices to Bal Container (9430013584, 9430013587, 9430013583, 9430013586, 9430013588) for a total of \$4,556,000 for congestion surcharge fees. A true and correct copy of the invoices are attached hereto as Exhibits I-M and are hereby incorporated by reference.

18. The total congestion surcharge fee imposed on Bal Container was \$8,849,400, stemming solely from the calls of four vessels from August 2021 to December 2021.

19. Invoice 9430013105 corresponds to 1,043 containers that arrived at Pier A in Long Beach, California on August 11, 2021, August 21, 2021, and August 22, 2021. After applicable free time, all containers that remained at SSA's terminal were charged \$100 per day, per container, by SSA, solely as a congestion surcharge. The total amount charged for invoice 9430013105 is \$953,500.

20. Invoice 9430013106 corresponds to 624 containers that arrived at Pier A in Long Beach, California between August 28, 2021 and October 5, 2021. After applicable free time, SSA charged a congestion surcharge of \$100 per day, per container, for each container. The total charged for invoice 9430013106 is \$964,600.

21. Invoice 9430013107 corresponds to 1,001 containers that arrived at Pier A in Long Beach, California between September 14, 2021 and September 22, 2021. After applicable free time, SSA charged a congestion surcharge of \$100 per day, for each container. The total charged for invoice 9430013107 is \$1,375,400.

22. Invoice 9430013108 corresponds to 714 containers that arrived at Pier A in Long Beach, California between October 6, 2021 and October 9, 2021. After applicable free

time, SSA charged a congestion surcharge of \$100 per day, for each container. The total charged for invoice 9430013108 is \$999,900.

23. Invoice 9430013583 corresponds to 6 containers that arrived at Pier A in Long Beach, California on August 11, 2021 and August 21, 2021. After applicable free time, SSA charged a congestion surcharge of \$100 per day, for each container. The total charged for invoice 9430013585 is \$51,700.

24. Invoice 9430013586 corresponds to 40 containers that arrived at Pier A in Long Beach, California between September 14, 2021 and September 16, 2021. After applicable free time, SSA charged a congestion surcharge of \$100 per day, for every container. The total charged for invoice 9430013586 is \$237,800.

25. Invoice 9430013588 corresponds to 1,215 containers that arrived at Pier A in Long Beach, California between October 24, 2021 and October 26, 2021. After applicable free time, SSA charged a congestion surcharge of \$100 per day, for every container. The total charged for invoice 9430013586 is \$3,035,900.

26. On information and belief, Invoice 9430013584 and 9430013587 applied the same congestion fee charge of \$100 per container per day totaling \$1,230,600.

27. SSA's sole justification for the \$100 per day per container congestion surcharge was a single line to Bal Container, which stated: "[i]n the event Carrier or Consignees fail to remove the containers within the free time allowed, Carrier agrees to pay 100% demurrage per the Port Tariff *plus an extra \$100 per unit per day for terminal congestion fee.*" (emphasis added).

28. At no time did SSA tell Bal Container what the purpose of the congestion surcharge was, what the triggering event was, what ending date or event would potentially end

the fee, how the fee would help to alleviate congestion, or any other relevant required information.

29. Based upon the foregoing, SSA failed “to establish, observe, and enforce just and reasonable regulations and practices relating to or connected with receiving, handling, storing, or delivering property” of Bal Container, which proximately caused Bal Container’s loss, in violation of the Shipping Act, including 46 U.S.C.S. § 41102(c).

30. As alleged herein and in violation of the Shipping Act, including 46 U.S.C.S. § 41102(c), SSA assessed Bal Container for congestion fees that were of no fault of Bal Container, and even egregiously continued to assess Bal Container congestion fees despite certain containers being placed by SSA in “inaccessible” areas at its terminal.

31. These charges are inconsistent and/or did not comply with all applicable provisions and regulations, including without limitation section 41102(c) of the Shipping Act and part 545 of title 46, Code of Federal Regulations (or successor regulations).

32. Part 545 of the Code of Federal Regulations offers interpretations and statement of policy. Section 545.4 interprets 46 U.S.C. 41102(c) to require the following elements in order to establish a successful claim for reparations for “unjust and unreasonable practices.”

- (a) The respondent is an ocean common carrier, marine terminal operator, or ocean transportation intermediary;
- (b) The claimed acts or omissions of the regulated entity are occurring on a normal, customary, and continuous basis;
- (c) The practice or regulation relates to or is connected with receiving, handling, storing, or delivering property;
- (d) The practice or regulation is unjust or unreasonable; and
- (e) The practice or regulation is the proximate cause of the claimed loss.

33. At all times relevant to this claim, SSA was and presently is a marine terminal operator.

34. The unreasonable and unjust congestion fee charges issued to Bal Container occurred on a normal, customary and continuous basis from August 2021 to December 2021 in the uniform amount of \$100 per container per day.

35. The congestion fee charges relate to receiving, handling, storing or delivering property. Specifically, the congestion fee charge is related to SSA's handling of Bal Container's vessels and containers.

36. The congestion fee charge is unjust and unreasonable because it does not serve to address the issue of congestion and it imposed a burden on Bal Container Line. Congestion is not alleviated through a flat indiscriminate charge.

37. The congestion fee charge is unjust and unreasonable because SSA never explained the congestion charge nor how it alleviates congestion. Rather, the congestion fee charge is a mere *one sentence* that states, "[i]n the event Carrier or Consignees fail to remove the containers within the free time allowed, Carrier agrees to pay 100% demurrage per the Port Tariff ***plus an extra \$100 per unit per day for terminal congestion fee.***" (emphasis added).

38. The congestion fee charge is unjust and unreasonable because the mere one sentence notice does not contain the required information in order for it to be "clear and definite".

39. The congestion fee charge is unjust and unreasonable because SSA continued to charge for congestion despite placing Bal Container's containers in an "inaccessible" area in the terminal.

40. The congestion fee charge is unjust and unreasonable because it is not clear and definite as is required by the Federal Maritime Commission. To be clear and definite, the purpose of the surcharge must be clearly defined. The event or condition that both (1) trigger and (2) would terminate the surcharge must be clearly identified. Otherwise, the Commission can initiate enforcement actions for improperly established tariffs. As mentioned above, SSA's congestion fee charge did not state a purpose. The triggering event that would terminate the charge was also not clearly identified. SSA cannot and will not be able to say that a single sentence satisfies the legal requirements.

41. Importantly, SSA's congestion fee charge does not clearly identify any Tariff that states the congestion charge.

42. Respondents have wrongly seized eighteen containers leased by Bal Container, in an effort to try and pressure Bal Container into paying the unjust and unreasonable congestion surcharge bills in violation of section 41102(c) of the Shipping Act.

43. Respondents have wrongly seized \$2,336,840.84 in money owed to Bal Container, provided by Bal's agent Norton Lilly, in an effort to try and pressure Bal Container into paying the unjust and unreasonable congestion surcharge bills in violation of section 41102(c) of the Shipping Act.

44. Respondents have wrongly seized roughly \$5,400,000 in demurrage fees owed to Bal Container, collected by SSA on Bal Container's behalf, in an effort to try and pressure Bal Container into paying the unjust and unreasonable congestion surcharge bills in violation of section 41102(c) of the Shipping Act.

45. The congestion fee charge is the proximate cause of the loss Bal Container suffered in an amount no less than \$8,849,400.

CAUSATION

46. As set forth above, as a direct and proximate result of SSA's aforementioned violations of the Shipping Act, 46 U.S.C.S. § 40101, *et seq.*, Bal Container has sustained actual injuries and damages.

47. As a direct and proximate result of SSA's aforementioned violations of the Shipping Act, SSA wrongfully and unreasonably charged Bal Container \$8,849,400 for congestion fees for containers unremovable from the port.

48. As a direct and proximate result of SSA's aforementioned violations of the Shipping Act, SSA wrongfully and unreasonably seized eighteen containers leased by Bal Container

49. As a direct and proximate result of SSA's aforementioned violations of the Shipping Act, SSA wrongfully and unreasonably seized \$2,336,840.84 in money owed to Bal Container, provided by Bal's agent Norton Lilly.

50. As a direct and proximate result of SSA's aforementioned violations of the Shipping Act, SSA wrongfully and unreasonably seized approximately \$5,400,000 in demurrage fees owed to Bal Container, collected by SSA on Bal Container's behalf.

51. Pursuant to the Shipping Act, 46 U.S.C.S. § 41305, Bal Container is entitled to reparations for the injuries SSA caused to Bal Container due to SSA's aforementioned violations of the Shipping Act.

DAMAGES

52. Bal Container has sustained actual injuries and damages of at least \$8,849,400 as a direct and proximate result of SSA's aforementioned violations of the Shipping Act, 46 U.S.C.S. § 40101, *et seq.*

PRAYER FOR RELIEF

53. Complainant respectfully requests that Respondents be required to answer the charges made in this Complaint and that, after a hearing, the Federal Maritime Commission order Respondents:

- a. To cease and desist from violation of the Shipping Act;
- b. To put in place lawful and reasonable practices;
- c. To strike the above mentioned invoices;
- d. To pay Complainant reparations for the unlawful conduct alleged herein in an amount to be proven pursuant to 46 U.S.C. Section 41305, with interest pursuant to 46 U.S.C. Section 41305(a), Complainant's reasonable attorneys' fees as "the prevailing party" pursuant to 46 U.S.C. Section 41305(e);
- e. To pay double reparations under 46 U.S.C. Section 41305(c) as a result of Respondents' retaliatory conduct
- f. That the Federal Maritime Commission makes any further orders as it determines to be proper.

HEARING REQUESTED

54. Complainant respectfully requests oral argument/hearing on this matter and further requests that the hearing be held in Long Beach, California.

Respectfully submitted this 7th day of December, 2023.

If Carrier fails to provide such information to Contractor, Carrier will indemnify Contractor for the amount by which any liability of Contractor may exceed that which would otherwise have been the case under the terms of the Bill of Lading of the Carrier. Contractor shall not be entitled to assign this agreement or any portion thereof, nor may Contractor subcontract with respect to its performance under this agreement.

In addition, whenever any such benefits, defenses, exceptions, immunities, and limitations have been waived, limited, and/or omitted by Carrier, as in the case of ad valorem or dangerous goods, for example, Carrier shall be responsible for providing Contractor with written notice thereof prior to tender of the goods to Contractor. Carrier will advise Contractor in writing at least ten (10) days in advance of the cargoes arrival at the terminal of the cargoes as to which a waiver has been granted to permit Contractor sufficient time to arrange for appropriate handling and appropriate insurance coverage as may be required. If Carrier fails to provide such information to Contractor, Carrier will indemnify Contractor for the amount by which any liability of Contractor may exceed that which would otherwise have been the case under the terms of the Bill of Lading of the Carrier. Contractor retains right to negotiate new rates for any cargo wherein limits of liability have been changed or waived provided that in no case shall the rates be increased beyond what is required to compensate Contractor for that increased insurance premium cost and loss related expense properly applied to the cargo covered by this provision. SHORT-TERM TERMINAL SERVICE FOR BAL CONTAINER LINE VESSEL “CSL SANTA MARIA” CALLING PIER A, LONG BEACH, CA. THE CONTRACT IS VALID FROM VESSEL ARRIVAL TO 10 DAYS AFTER ALL IMPORT-LADEN CONTAINERS UNDER THIS VESSEL HAVE LEFT THE TERMINAL.			

1. BASIC AGREEMENT AND PAYMENT TERM

Carrier agrees to hire Contractor to provide, and Contractor agrees to perform, stevedoring and terminal related services within the dates as identified above. The parties agree to cooperate in scheduling the date(s) and time(s) when the vessel is to arrive and/or services are to be performed.

For rates terms and conditions please refer to Appendix A. Carrier agrees to pre-pay for the services. The pre-payment amount should be equal to the amount of estimated container moves times throughput rates, plus an additional 25% for miscellaneous charges. The payment should be paid seven (7) days prior to vessel arrival. The vessel operation will not commence until payment has been received.

Contractor shall invoice Carrier for any additional charges in excess of the pre-payment upon completion of the vessel operations. Carrier shall pay any additional charges within 30 days of the invoice date and prior to all import-laden containers leaving the terminal. Any payments not received by Contractor within thirty (30) days of the invoice date shall accrue interest from the thirty-first (31st) day at the rate of one and one-half percent (1.5%) per month. Interest charges to the Carrier will be invoiced separately at the end of each month and Contractor will list invoices which were paid late during the month and interest will be calculated on any invoice-by-invoice basis.

Any pre-payment left unused will be refunded within 10 working days after all import-laden containers under each specific vessel have left the terminal.

In addition, whenever any such benefits, defenses, exceptions, immunities, and limitations have been waived, limited, and/or omitted by Carrier, as in the case of ad valorem or dangerous goods, for example, Carrier shall be responsible for providing Contractor with written notice thereof prior to tender of the goods to Contractor. Carrier will advise Contractor in writing at least ten (10) days in advance of the cargoes arrival at the terminal of the cargoes as to which a waiver has been granted to permit Contractor sufficient time to arrange for appropriate handling and appropriate insurance coverage as may be required. If Carrier fails to provide such information to Contractor, Carrier will indemnify Contractor for the amount by which any liability of Contractor may exceed that which would otherwise have been the case under the terms of the Bill of Lading of the Carrier. Contractor retains right to negotiate new rates for any cargo wherein limits of liability have been changed or waived provided that in no case shall the rates be increased beyond what is required to compensate Contractor for that increased insurance premium cost and loss related expense properly applied to the cargo covered by this provision.
