**NOTICE OF SETTLEMENT CONFERENCE**

---

On March 3, 1993, Sea-Land Service, Inc. (Sea-Land) filed a Motion for Settlement Conference to be held on Wednesday, March 10, 1993, or as soon thereafter as is convenient. In order to expedite matters I authorized Sea-Land to poll the parties as to their views and the suitability of the suggested date. I later participated in a telephone conference call with an attorney for Sea-Land and some attorneys for complainants. The latter stated that they are in the process of formulating a counter-proposal and indicate that the parties are actively pursuing the possibility of settlement and favor having a settlement

conference later. In my judgment providing a forum here for further discussion and negotiation may prove beneficial. All avenues for settlement can move forward simultaneously. In the circumstances, Sea-Land's motion is granted, and a Settlement Conference will be held on March 10, 1993, at 10:30 a.m., in Hearing Room 100, 800 North Capitol Street, N.W., Washington, D.C.

  
Frederick M. Dolan, Jr.  
Administrative Law Judge
