Re: Supplemental Status Report – FMC Docket No. 25-05

Dear Judge Ambrow,

In compliance with the Order dated August 5, 2025, I respectfully submit this supplemental status report regarding the shipping container at issue in FMC Docket No. 25-05.

Since my prior update, I have received confirmation that Respondent Ejike Dickson Eze's shipping agent in Pointe Noire, Congo, is actively working with Port Noire Customs to process the release of container PONU7794870. According to Respondent Eze, the only remaining step for release is the completion of customs paperwork. All fees necessary for processing have already been paid.

Furthermore, Respondent Eze is requesting the assistance of MAERSK in Pointe Noire, along with cooperation from the other Respondents—Sealines International and Seamates International, Inc.—to facilitate the expedited release and redirection of the container to its originally contracted destination at Queen Elizabeth Port in Freetown, Sierra Leone.

I respectfully urge the Commission to acknowledge the continued good-faith efforts toward resolving this matter and emphasize that full resolution depends now on timely coordination and support from all Respondents involved.

I remain committed to cooperating with all parties to ensure the proper redirection of the container and the amicable conclusion of these proceedings. Please do not hesitate to contact me should the Commission require any additional information or documentation.

Sincerely,

Francis Sheka Kanu

Complainant
