STATEMENT OF FACTS

7. Carlstar repeats the allegations set forth above as if fully set forth herein.

8. Carlisle Transportation Products, Inc. ("CTP")¹ and UTi United States, Inc. ("UTi")² (collectively, the "Parties") executed an agreement dated June 1, 2011

¹ Carlisle Transportation Products, Inc. changed its name to The Carlstar Group LLC on or about February 2015. *See infra* ¶ 21.

² UTi, United States, Inc. is a subsidiary of DSV Air & Sea, Inc. *See supra* ¶ 2.

governing the relationship between the Parties (“2011 Agreement”). *See Exhibit 1.* Appendices A, B, and C are each attached to the 2011 Agreement and considered a part of the 2011 Agreement. *See Exhibit 1* at pp. 10-15. The 2011 Agreement, Appendices to the 2011 Agreement, and Amendments to the 2011 Agreement, *see supra* ¶¶ 16, 18, 21, shall collectively be referred to as “the Agreements”.

9. The stated purpose of the 2011 Agreement was for UTi to provide CTP “world-class ocean freight negotiation and management services” including, but not limited to, “freight forwarding, brokerage, contract logistics and consulting services” as well as duties delineated in an Statement of Work attached to the 2011 Agreement (the “Services”). *See Exhibit 1* at p. 1.

10. Under the 2011 Agreement, CTP agreed to compensate UTi according to the schedule of pricing and handling fees in accordance with the rates in Appendix B. *See Exhibit 1* at pp. 12-13.

11. Under Appendix B of the 2011 Agreement, the negotiated rate for ocean freight was to be set out in an UTi database known as the Rate Management System (“RMS”). *See Exhibit 1* at p. 12. Appendix B also included a number of fixed costs associated with the 2011 Agreement and a savings target of at least five percent (5%) in ocean freight base costs for the first year of the 2011 Agreement. *See Exhibit 1* at pp. 12-13.

12. The 2011 Agreement stated that the pricing schedule in Appendix B reflected “usual commercial terms in the service area provided” and would be reviewed on an annual basis. *See Exhibit 1* at p. 2 § 3. Further, “[w]here industry and commerce trends and conditions allow[ed] for more favorable rates, UTi pledg[ed] its best efforts in

modifying its rate structures with CTP so that each [could] take advantage of these rates without sacrificing service.” *See Exhibit 1* at p. 2, § 3.

13. Under the 2011 Agreement, UTi agreed to notify CTP promptly when commercial and world conditions required increased rates and costs. *See Exhibit 1* at p. 2, § 3.

14. The 2011 Agreement went into effect on July 1, 2011 and continued through June 30, 2012. *See Exhibit 1* at p. 2, § 4.

15. At least ninety (90) days before the termination of the 2011 Agreement, the Parties could mutually extend the 2011 Agreement for two (2) years. *See Exhibit 1* at p. 2, § 4.

16. The Parties executed an Amendment to the 2011 Agreement on July 1, 2012 (“2012 First Amendment”). *See Exhibit 2.*

17. The 2012 First Amendment extended the 2011 Agreement’s term through June 30, 2014. *See Exhibit 2.*

18. The Parties executed a Consent to Assignment and Second Amendment of the 2011 Agreement and 2012 First Amendment on July 1, 2014 (“2014 Second Amendment”). *See Exhibit 3.*

19. The 2014 Second Amendment sought to substitute CTP Transportation Products, LLC as the assignee for Carlisle Transportation Products, Inc. under the 2011 Agreement. *See Exhibit 3.*

20. The 2014 Second Amendment also extended the 2011 Agreement and the 2012 First Amendment through June 30, 2015. *See Exhibit 3.*

21. The Parties executed a Third Amendment on or before June 2015 to extend the expiration of the 2014 Second Amendment to December 31, 2015 (“2015 Third Amendment”). *See Exhibit 4.*

22. The 2015 Third Amendment stated that CTP changed its name to The Carlstar Group LLC effective February 26, 2015. *See Exhibit 4.*

23. In 2016, due to concerns about the rates UTi was charging Carlstar for transportation services, Carlstar retained Ocean Audit, Inc. to engage in an audit of the invoices, payments, and financial records reflecting payments by Carlstar to UTi during the period from 2011 through 2016.

24. This Ocean Audit, Inc. audit (“Ocean Audit”) revealed significant discrepancies between the amount UTi billed Carlstar under the Agreements versus the amount UTi should have billed Carlstar.

25. Prior to the Ocean Audit, Carlstar was not aware of UTi’s overcharges alleged in this Complaint.

26. The amount Carlstar was overcharged, and the amount it overpaid, for UTi shipments was at least \$805,825.56 for the period from 2011 through 2016. *See Exhibits 5-12.*

27. The Ocean Audit analysis suggests that \$151,925.63 is due for duplicate pay and hybrid claims. *See Exhibits 5-9.* More specifically, the following five (5) shipments were double-billed, triple-billed, or incorrectly billed:

- a. Invoice Nos. CLT338574300 and CLT338574302 show double billing, as the same Shipment No. 5861142431 is listed on these two (2) invoices, resulting in an overcharge of \$39,384.51. *See Exhibit 5.*

- b. Invoice No. 29000103373 shows double billing as Shipment No. 5861206526 only had two (2) containers, but Carlstar was billed for four (4) containers, resulting in an overcharge of \$7,120.00. *See Exhibit 6.*
- c. Invoice No. 29000799420-1 shows that UTi overcharged Carlstar by \$19,209.00, as it contains incorrect BAF billing on Shipment No. 114109940. *See Exhibit 7.*
- d. Invoice No. 29000070632 shows that UTi overcharged Carlstar \$63,694.12 as: (1) Shipment No. 5861211869 only had four (4) containers, but Carlstar was billed for eight (8) containers; (2) Shipment No. 5861211869 contains an incorrect freight billing amount on Shipment No. 5861211869; and (3) Shipment No. 5861211869 was billed twice. *See Exhibit 8.*
- e. Invoice Nos. 29000262702-1, 29000262702-2 and 29000262702-4 reflect an over-payment by Carlstar of \$22,518.00 related to Shipment No. 103906865. *See Exhibit 9.*

28. The Ocean Audit analysis suggests that UTi improperly charged Carlstar bill of lading fees on a per container basis, rather than on a per shipment basis, for 548 shipments invoiced between February 2014 and February 2016, resulting in \$132,519.00 of bill of lading fee overcharges. *See Exhibit 10.*

29. The Ocean Audit analysis suggests that \$385,730.93 is due for ocean freight billing errors. *See Exhibit 11.*

30. The Ocean Audit analysis suggests that \$135,650.00 is due for bunker fuel charge invoice errors. *See Exhibit 12.*

31. As a result of the overcharges uncovered by Ocean Audit, Carlstar conducted an internal audit of the pass-through and miscellaneous charges paid by Carlstar to UTi from January 2014 through April 2016. Carlstar has not identified any back-up documentation provided by UTi evidencing that \$4,349,344.50 of these alleged charges were actually incurred by UTi, thereby constituting overcharges, and UTi has failed to provide the documentation to Carlstar as requested. **See Exhibit 13.**

32. UTi, United States, Inc. and The Carlstar Group LLC entered into a Tolling Agreement, which was executed by Carlstar's counsel on January 13, 2017, and was executed by UTi's counsel on January 19, 2017, and was set to expire on April 30, 2017. Under this Tolling Agreement, UTi, United States, Inc. and The Carlstar Group LLC agreed to toll the running of time under any applicable statute of limitations, laches, or other defense of similar import the parties may have against each other.

33. UTi, United States, Inc. and The Carlstar Group LLC entered into a Supplemental Tolling Agreement, which extended the original Tolling Agreement to June 30, 2017 and was executed by Carlstar's counsel on April 27, 2017, and was executed by UTi's counsel on May 4, 2017.

34. UTi, United States, Inc. and The Carlstar Group LLC entered into a Second Supplemental Tolling Agreement, which extends the Supplemental Tolling Agreement to August 31, 2017 and was executed by Carlstar's counsel on April 27, 2017, and was executed by UTi's counsel on May 4, 2017.

VIOLATIONS OF THE SHIPPING ACT

35. Carlstar repeats the allegations set forth above as if fully set forth herein.

36. Respondents violated 46 U.S.C. § 41102(c) by failing to establish, observe, and enforce just and reasonable regulations and practices relating to or connected with receiving, handling, storing, or delivering property.

37. Respondents violated 46 U.S.C. § 41104(2) by charging rates greater than the published tariff and/or the Agreements.

38. Respondents violated 46 U.S.C. § 41102(4) by charging unfair and potentially discriminatory fees.

INJURY TO CARLSTAR

39. Carlstar repeats the allegations set forth above as if fully set forth herein.

40. As a direct result of the violations of the 1984 Act by Respondents, Carlstar has incurred damages in the amount of at least \$5,155,170.06. The full extent of damages can only be determined after obtaining discovery concerning the entire time period for which Respondents have been overcharging Carlstar and the dollar amount of such overcharges.

PRAYER FOR RELIEF

41. Carlstar repeats the allegations set forth above as if fully set forth herein.

42. Statement regarding ADR procedures: The parties worked informally to settle this dispute for almost nine (9) months, but were not successful. Formal alternative dispute resolution procedures were not used prior to filing the Complaint and Carlstar has not consulted with the Commission Dispute Resolution Specialist about utilizing alternative dispute resolution.

43. WHEREFORE, Carlstar prays that Respondents be required to answer the charges in this Complaint, and that after due hearing and investigation: 1) an order be entered commanding Respondents to pay Carlstar reparations for violations of the

Shipping Act, plus interest, costs, and attorneys' fees and any other damages to be determined; and 2) that such other and further relief be granted as the Commission determines to be proper, fair, and just in the circumstances.

44. Carlstar requests a hearing on this matter, and further requests that the hearing be held in Washington, D.C.

Respectfully submitted this 31st day of August, 2017.

CARLISLE TRANSPORTATION PRODUCTS AGREEMENT

THIS GENERAL AGREEMENT (the "Agreement") is entered into as of this 1st day of June, 2011, (the "Effective Date") by and between Carlisle Transportation Products, Inc., a corporation duly organized and existing under the laws of the State of New York, with a principal place of business at 1550 W. McEwen Drive, Franklin, TN 37067, ("CTP") and UTi, United States, Inc. a corporation duly organized and existing under the laws of the State of New York, with a principal place of business at 100 Oceangate, Suite 1500, Long Beach, CA 90802 ("UTi").

WHEREAS, For the purpose of this agreement, CTP requires world-class ocean freight negotiation and management services (the "Services") from a qualified provider of freight forwarding, brokerage, contract logistics and consulting services; and

WHEREAS, UTi is a world-class provider of such Services; and

WHEREAS, CTP and UTi desire to enter into an agreement by which UTi provides such Services to CTP;

THEREFORE, in consideration of the promises, undertakings and covenants set forth in this Agreement, the parties agree as follows:

1. UTI'S OBLIGATIONS

During the Term (as defined in Article 4 below), UTi agrees to perform and provide such Services as may be mutually agreed to by CTP and UTi, including but not limited to freight forwarding, brokerage, contract logistics and consulting services, and as more specifically delineated in Appendix A (the SOW) attached hereto and a part hereof. CTP and UTi may add to or change the SOW Appendix A by mutual written agreement of the designated representatives of each party.

CTP and UTi mutually agree to the list of global and/or specific Key Performance Indicators (KPI's), set forth in Appendix C, that will become a part of this Agreement and used to measure UTi's performance on a monthly, quarterly and yearly basis. CTP and UTi will review all agreed upon KPI's on at least a quarterly basis to address and resolve performance-related issues or adjust as seen fit to ensure continued alignment with CTP business objectives related to Ocean Freight Management.

2. CTP'S OBLIGATIONS

CTP agrees that for the term of this Agreement it will use UTi exclusively for its ocean freight forwarding and NVOCC requirements in Asia Pacific, Africa, North and South America, Europe and Australia. CTP shall for the term of this Agreement use UTi for customs brokerage services as indicated in Appendix B.

CTP shall notify UTi of the characteristics of its products that may in any way be likely to cause damage to UTi's facilities or to the products that may be stored in those facilities. CTP will provide UTi prior written notice of any materials or substances which constitute "Hazardous Materials." For purposes of this Agreement, "Hazardous Materials" means any substance which is or becomes regulated under any applicable law, statute, regulation, ordinance, rule or order relating to the environment or the transportation or storage of goods, materials or substances. For all such materials, products or substances for which Material Safety Data Sheets exist, CTP will provide UTi with the most up-to-date forms and will update UTi with amended Material Safety Data Sheets when appropriate. CTP shall have the affirmative obligation to investigate and inform UTi of the status of Hazardous Materials and CTP's failure to know such designations or of any handling or disposal obligations with regard to the same will be no defense against its failure to conform to the provisions of this Section. UTi shall have no liability to CTP and CTP shall indemnify, defend and hold harmless UTi from any claims arising from such failure.

3. COMPENSATION

In full consideration for UTi's providing Services and performing all its other obligations under this Agreement, CTP agrees to compensate UTi according to the terms of the Agreement as outlined in Appendix B (Schedule of pricing and handling fees), which reflect usual commercial terms in the service area provided. Pricing shall remain stable but shall be reviewed on an annual basis to determine the effect of extreme market conditions that could require adjustments to ensure continued standard and usual commercial pricing. Where industry and commerce trends and conditions allow for more favorable rates, UTi pledges its best efforts in modifying its rate structures with CTP so that each can take advantage of these rates without sacrificing service. When commercial and world conditions require increased rates and related costs, including but not limited to fuel surcharges, to preserve world class service transit, UTi will promptly notify CTP of its desire to negotiate a revision of rates more beneficial to UTi.

Payment shall be in accordance with the terms and conditions of the invoice as generated by UTi within thirty (30) days of receipt unless otherwise mutually agreed to in writing by both parties. Customs duty and Security filing fees, however, will be paid at time of outlay.

4. TERM AND TERMINATION

The term of this Agreement (the "Term") shall commence on July 1, 2011, and continue until June 30, 2012 (the "Termination Date"), unless earlier terminated pursuant to this Section IV. At least ninety (90) days prior to the Termination Date, the parties may mutually decide to renew this Agreement for an initial two (2) year extension (the "Extension"), conditional on UTi having delivered the anticipated first year savings target as defined in the SOS Program Deliverables outlined in Appendix B (although the parties can of course otherwise agree to the Extension without such target having been met). If a two year extension is awarded, the parties may mutually decide to renew this Agreement beyond the expiration of the Extension in one-year increments (the "Renewal Term") at least ninety (90) days prior to the expiration date of the Extension. At that time the parties will review all terms and conditions of this Agreement.

Termination shall occur for cause upon failure of either party to perform under the terms of this Agreement after said failure was documented, reported and a reasonable opportunity for remedy given. Termination for cause process shall commence immediately upon receipt, in writing, by either party of said verification. UTi shall use all reasonable efforts to ensure a smooth transition of any and all activities, documents and files being managed on behalf of CTP as part of the Agreement in connection with any Termination for cause initiated by either party.

This Agreement shall terminate immediately if either party files a petition in bankruptcy, becomes insolvent, ceases to trade or is unable to meet its financial obligations.

In the event of termination by either party for any reason, it is agreed that all amounts then owed hereunder to CTP in addition to all monies then owed hereunder to UTi will be reconciled and paid in full, prior to the release of all or substantially all inventories.

Either party may, upon ninety (90) days' prior written notice to the other party, terminate this Agreement at any time for convenience, at which time UTi and CTP agree to mutually resolve any outstanding payment to UTi of all monies owed and owing, less any outstanding monies owed hereunder to CTP, including but not limited to any start up costs and/or investments made by UTi for the specific purpose of providing the Services under this Agreement.

5. INDEMNIFICATION

Each party shall indemnify and hold harmless (the Indemnifying Party) the other party (the Indemnified Party) against all claims, actions, costs, proceedings and demands made, brought or incurred against the other party, their directors, officers, employees, principals, agents or contractors as a result of death or bodily injury or loss, damage or delay to any property (other than property of CTP that is handled, stored or transported under this Agreement by UTi or their employees, agents or sub-contractors) to the extent such claim, action, cost, proceeding and demand was caused by a negligent or willful act, error or omission of the Indemnifying Party, its employees or any other party outside of this contract for which it is legally responsible.

6. LIABILITY; CLAIMS

The title in and to all merchandise of CTP tendered to or held at UTi's facilities shall be retained by CTP.

CTP shall, at all times during this Agreement, maintain, at its sole expense, cargo insurance on the products shipped to or from and stored by UTi covering any and all insurable losses or damage, and it is agreed that recovery for such loss or damage from such insurance shall be full compensation.

CTP has the option to insure goods for full value with UTi ("Shipper's Interest Coverage"). If Shipper's Interest Coverage is elected, any claim submitted will be processed directly between CTP and UTi's underwriter.

If no Shipper's Interest Coverage is procured by CTP, then CTP agrees to UTi's limits of liability as outlined on its transportation documents:

1. Terms and Conditions on the reverse of UTi's applicable air waybill or bill of lading (provided upon request);
2. Terms and Conditions on the back of the applicable warehouse receipt (provided upon request); and
3. Standard Trading Terms and Conditions of the country in which service is being performed, (provided upon request).

With respect to Customs clearance services, UTi's liability is limited to \$50.00 per file. CTP may request and UTi must agree in writing to provide supplemental insurance at CTP's cost to cover any higher value. Under no circumstances shall either party be liable to the other party, its officers, directors, employees, agents and insurers for indirect, incidental or consequential damages under this Agreement.

Claims for damage, loss or non-delivery shall be made by CTP in writing to UTi within the timeframes of the carriers' transportation documents. Such claim shall comprise a formal notice of claim, exception notation on delivery receipt by consignee or its agent, copy of the front and back of the bill of lading and shipper's commercial invoice. UTi will, upon receipt of a proper claim, acknowledge receipt of such claim within thirty (30) days.

7. INSURANCE

UTi will carry and maintain in force at all times relevant to this Agreement and when applicable insurance of the type and minimum coverage limits stated below:

- a. Workers' Compensation – Statutory coverage and Employer's Liability of \$500,000 per accident and each employee by disease.
- b. Cargo Legal Liability.
- c. Warehouseman's Legal Liability.

Certificates of insurance evidencing the coverages above shall be provided to CTP upon written request. Such certificates shall provide that the insurer will give CTP thirty (30) days' advance notice of any changes in, or cancellation of, coverage.

The minimum coverages required under this Agreement shall serve as limits to UTi's liability for any of the covered expenses.

8. CONFIDENTIALITY; NON-SOLICITATION

UTi and CTP mutually agree that any and all issues pertaining to confidentiality are to be governed by the mutual confidentiality agreement entitled "Carlisle NDA Executed by UTi.pdf" executed between the parties March 17, 2011.

The parties do not intend that this Agreement create any rights in or confer any benefits to anyone other than CTP and UTi. Neither party shall disclose to the other party any confidential, secret or proprietary information of any third party.

During the Term of this Agreement and for a period of two (2) years following termination of this Agreement, neither CTP nor UTi shall hire or make an offer of employment to any employee of the other without the prior written approval of the other party.

9. INDEPENDENT STATUS

UTi is an independent contractor for all purposes. UTi acknowledges that neither it nor its employees are employees of CTP and are not entitled to any employee benefits of CTP, including without limitation, group health insurance, worker's compensation insurance, disability or any other type of insurance.

UTi will not establish or engage in any business that competes or intends to compete with CTP's business of developing, designing, assembling, selling, and servicing the same products as those produced by CTP in the United States either during the Term or for a period of one (1) year after the Termination of the Agreement, provided that there shall be no restriction on UTi's conducting ordinary course freight forwarding, contract logistics and related value added services in connection with such products.

10. PROCEDURES

UTi represents that the Services shall be completed, to the best of UTi's ability, in a professional and workmanlike manner, with the degree of skill and care that is required by current, good and sound professional procedures and practices and in conformance with generally accepted professional standards for the completion of such Services prevailing at the time.

11. EXECUTIVE DISPUTE RESOLUTION PROCESS

The parties desire to avail themselves of an internal dispute resolution process involving two levels of senior executives. Notwithstanding anything to the contrary in the Agreement, the parties hereby agree that prior to giving notice of termination of the Agreement, or prior to bringing any action against the other regarding the Agreement, each will utilize and fully complete the procedures described in this Article 10.

If either party shall have been unable to obtain a satisfactory resolution to any dispute concerning the Agreement after using commercially reasonable efforts to do so, that party shall have the right to, upon 10 working days written notice, demand a meeting between a CTP Manager and a UTi Manager. The parties agree to attempt to resolve their dispute in good faith using reasonable commercial efforts.

If the parties shall fail to resolve their dispute or agree to a plan to resolve such dispute within 15 working days of such initial executive meeting, either party shall have the right to immediately demand a meeting between CTP's Executive Vice President and a Chief Executive Officer of UTi. If the parties shall fail to resolve their dispute or agree to a plan to resolve such dispute within 5 working days of such meeting then the aggrieved party shall then have the right to exercise its rights under the Agreement and at law.

12. CLAIMS PROCEDURE

Claims for overcharges must be made in writing to UTi within ninety (90) days after the bill date.

13. PROOF OF DELIVERY

- A. When requested by CTP or consignee, UTi will furnish a copy of the appropriate shipping documents including any waybills, bill of lading or delivery manifest signed by the consignee or his agent as proof of delivery.
- B. An invoice giving information on each shipment is provided at the time of original billing. UTi will provide relevant notification to point of destination as specified by CTP.

14. ROUTING AND RE-ROUTING

Routing and method of transportation of all shipments will be at the discretion of the UTi and in full compliance with all deliverables outlined in the Agreement.

15. INTELLECTUAL PROPERTY

Both parties agree that they shall not in any way do anything to infringe upon, harm or contest the validity of the Intellectual Property of the other. Both parties shall promptly notify one another of any and all infringements, imitations, illegal use or misuse of the Intellectual Property which comes to either party's attention.

Any software programs ("Software") developed by UTi, either solely or in conjunction with CTP, in the provision of the Services under this Agreement shall be the property of UTi. Any external use, marketing, or sale of mutually developed Software by UTi for purposes other than what is outlined in this Agreement will require written consent from CTP prior to any such use, which consent shall not be unreasonably

denied. The parties hereby acknowledge and agree, however, that the shared ocean procurement solution and associated methodology and software used by UTi and CTP pursuant to this Agreement (the "Ocean Procurement System") shall be the property of UTi, and UTi shall have full right to use any or all of it for any purpose without any prior consent or notice to CTP.

APPENDIX B

RATES AND CHARGES

FCL Freight Charges

Established pricing for FCL transactional-based activities.

Tripartite negotiated activities will be conducted in open book sessions during the RFQ with the provision that multiple carrier selections per lane will be utilized and managed within the operational context of each transactional lane. No charges will be presented to Carlisle for this Shared ocean Services negotiation.

Negotiated ocean freight for FCL cargo shall be set forth in the UTI database known as Rate Management System (RMS).

Fixed Ocean Management Fees

China to US

- Ocean Management base charge USD60 per container
- When more than one HBL per container USD25 per additional HBL

UTI Management Fee is a part of the ocean fee charge and is to be invoiced as per INCOTERMS. Should the charge be contested by a 3rd party, Carlisle will assume responsibility for the management fee.

Any changes to fees must be agreed to in writing. Ocean Rates will be reviewed every 12 months on the anniversary of this agreement, or time frames mutually agreed by Carlisle and UTI, but within 12 months.

Document Handover Fee: (When UTi is not the customs broker/Destination forwarder), (per bill of lading) \$20 per shipment in the currency of destination country for Europe, USA, Australia and Canada. Other countries will be negotiated on local currency terms and agreed with Carlisle.

Air Freight: Negotiated air freight charges shall be set forth in the UTI database known as RMS.

LCL Ocean: Negotiated ocean freight for FCL/LCL cargo shall be set forth in the UTI database known as RMS

Local Country Charges:

United States:

Brokerage: USD75 per HBL

Above is based on the following assumptions:

- Average 1-4 different classifications on the entry
- Requires review of classifications and the compliance process around entries
- Requires electronic transmission of data that can be imported and managed in UTi systems
- If different than above, we will review accordingly

The commitments by UTi under this agreement have been made based on UTi having control of and providing ocean freight services for CTP, including Customs Brokerage. It is understood that CTP is currently managing a customs compliance issue and will retain Customs Brokerage services with its

current customs broker at the inception of this agreement. Upon successful resolution of the compliance issue or no later than October 1, 2011, CTP agrees to transition its Customs Brokerage service needs to UTi as part of this agreement. CTP agrees that it will use UTi exclusively for its ocean freight forwarding and NVOCC requirements in Asia Pacific, Africa, North and South America, Europe and Australia.

Savings Targets:

UTi will use reasonable efforts to implement the following savings targets in conjunction with Carlisle:

1. A minimum target of 5% reduction in year over year ocean freight base cost, excluding fuel surcharge costs, for year one of the agreement, net of all freight forwarding fees.

1a. It is agreed that all negotiated and advised fuel cost increases are considered as a 'pass through' at cost.

2. Upon clear path to achievement of year one savings noted above, CTP will offer to sign on for an additional two (2) year extension with clear annual savings targets established and agreed upon at the time of signing.

2a. CTP and UTi will hold quarterly reviews of the program status and performance to plan as outlined in the Agreement.

3. CTP agrees that any savings reached that are over and above 10% in any 12 month term (year) of the Agreement will be shared on an equitable basis (i.e., 50%/50%), but only once both parties' audit teams confirm the savings achieved.

4. The parties agree that in the event the targeted savings are not achieved, CTP shall still be obligated to pay for UTi's services as per the agreed Contract,

5. Upon clear path to achievement of year one savings noted above, CTP will grant favored status to UTi in connection with the provision of North American Transportation Management services.

6. CTP and UTi agree that savings will be calculated on a year over year basis and reported monthly. All savings will be based on the negotiated rates and selection of the best qualified and lowest cost carrier per lane/alliance. CTP reserves the right of final selection of carrier and if rates do not reflect the lowest negotiated rates, the difference between the lowest rate and carrier selected rate will not count against overall savings target as outlined in this agreement. UTi and CTP agree to meet on a Quarterly basis to review overall program performance in all areas of performance and agree upon actual savings numbers reported for the quarter and year to date vs. targeted savings as required per the agreement.

2a. UTi will take all necessary measures to assist CTP with the management of "In Transit" containers at the destination sites to minimize detention fees and obtain a target of 90% year over year reduction.

4. The parties agree that in the event the targeted savings are not achieved, CTP shall still be obligated to pay for UTi's services as per the General Agreement.

5. UTi acknowledges that CTP retains the rights to openly bid out their ocean freight services at the discretion of CTP in order to maintain competitive benchmarking levels for such services subject to the provisions below. CTP UTi with a written notification of its intent to bid out their ocean freight services with at least 90 - 120 days prior written notification to UTi of intention to openly bid their freight business; provided, that CTP shall reimburse UTi for any costs, expenses, fees or other damages incurred by UTi with respect to any commitments that UTi has to the carriers with respect to services committed through the date of notification which cannot be cancelled. UTi will support any transition of the business based on results related to open bid which may result in more favorable financial position for CTP in the future.

6. CTP and UTi agree that savings will be calculated on a year over year basis and reported monthly. All savings will be based on the negotiated rates and selection of the best qualified and lowest cost carrier per lane/alliance. CTP reserves the right of final selection of carrier and if rates do not reflect the lowest negotiated rates, the difference between the lowest rate and carrier selected rate will not count against overall savings target as outlined in this agreement. UTi and CTP agree to meet on a Quarterly basis to review overall program performance in all areas of performance and agree upon actual savings numbers reported for the quarter and year to date vs. targeted savings as required per the agreement.
