Washington, DC 20573-0001

Subject: Docket No. 11-19, U>S> Containerized Cargo Flows – Response to NOI

Dear Secretary Gregory;

I am writing to you as the Economic Development Director of the City of Flat Rock, Michigan. We are home to the largest CN Railroad Yard in the State of Michigan, and benefit from that distinction in many positive ways from an economic standpoint. CN is a major transportation artery for our local Ford Motor Company plant as well as many other neighboring automobile manufacturers such as General Motors and Chrysler. Our local economy also benefits because CN ship's cargo to Canada from the Flat Rock Yard.

We strongly believe that any action that increases shipping costs is not in the best interest of the fragile local economy that we are dealing with in our community and would respectfully request no such action be taken. Thank you for allowing us as a small, local unit of government to comment on this important international issue, and would you please include this letter in the public record.

Sincerely,

George W. Mans
Economic Development Director
City of Flat Rock, Michigan
