

FEDERAL MARITIME COMMISSION

USLAUTO EXPORTING INC.,

Complainant,

vs.

EASY SHIPPING CORPORATION,

Respondent.

DOCKET NO. 23-13

**RESPONDENT'S ANSWERS TO THE COMMISSION'S ORDER FOR SUPPLEMENTAL
INFORMATION**

Questions directed to Complainant and Respondent:

1. During the time period at issue, did Easy Shipping Company Serve as a non-vessel operating common carrier ("NVOCC"), freight forwarder, or both? Set forth the factual basis in support of your assertion.

ANSWER: During the time period at issue, Easy Shipping Company operated as both a non-vessel operating carrier ("NVOCC") and freight forwarder. A certificate of title can be made available to this Commission which bears No 024344. The Respondent has reservations of attaching due to fear of Complainant having a copy of this license.

2. Identify all entities that served as a non-vessel operating common carrier or freight forwarder with respect to the shipment at issue. Set forth the factual basis in support of your assertion.

ANSWER: Easy Shipping Corporation was both a non-vessel operation carrier (NVOCC) and freight forwarder. Easy Shipping does not offer any services for return shipments or imports into the United States. Complainant had outsourced the task of transporting, loading and inspection of the cargo to a solo warehouse located in Savannah, Georgia. Respondent only knows the name of the warehouse due to an email sent from the Complainant on April 20, 2023, which references the outsource warehouse as "M&E Baltic LLC." Respondent searched for such company online and it was not recognized on the Federal Maritime Commission as a NVOCC nor a freight forwarder and is unaware of its shipping status but has a belief that M&E Baltic LLC only provides loading in a warehouse only. See attached Exhibit A which is an email from the warehouse to Khalid Arwini which was then forwarded to Easy Shipping to give Easy Shipping the container number and seal number.

3. Set forth the material terms of the April 13, 2023, agreement between the parties related to the shipment of the cargo at issue in this proceeding. Provide copies of all written agreements.

ANSWER: On April 13, 2023 an email request from Khalid Arwini to Easy Shipping requesting the booking. Please see the attached Exhibit B which is the email with the information for the booking.

4. Identify with specificity each item of cargo that was loaded onto the container in Savannah, Georgia in April 2023. Include make, model, year, and vehicle or vessel VIN number.

ANSWER: Respondent was not the one who handled the loading of the cargo but was informed from the Complainant via email that the Complainant's container was loaded at a solo warehouse in Savannah, Georgia on April 20, 2023 with the following cargo.

2011 Kia Sorento Vin: 5XYKT4A17BG175020

2006 Lexus GX 470 Vin: JTJBT20XX60123772

2005 Toyota Tundra Vin: 5TBKT42115S468135

2012 Yamaha VIN: US-YAMA3067B212

5. Identify with specificity each item of cargo that was later returned to Savannah, Georgia. Include the make, model, year, and vehicle or vessel VIN number.

ANSWER: Cargo that was later returned to port of loading and identified two issues include a 2005 Toyota Tundra PICKUP, not a 2017 Toyota 4Runner and a 2012 Yamaha Jet Ski and not a Yamaha motorcycle. Discovering the following was actually in the container:

2011 Kia Sorento Vin: 5XYKT4A17BG175020

2006 Lexus GX 470 Vin: JTJBT20XX60123772

2005 Toyota Tundra Vin: 5TBKT42115S468135

2012 Yamaha VIN: US-YAMA3067B212

6. State what caused the cargo description in the container returned to Savannah, Georgia to differ from the cargo listed on the bill of lading attached as Exhibit F to the complaint. Provide copies of all documents that support your assertion.

ANSWER: The false information that was provided by Khalid Arwini. Attached as Exhibit C are emails, photographs and texts from Khalid Arwini to Easy Shipping.

7. Identify who was responsible for the fact that the cargo in the container returned to Savannah, Georgia differed from the cargo listed on the container's bill of lading attached as Exhibit F to the complaint and set forth the material facts in support of your assertion.

ANSWER: Khalid Arwini. See attached Exhibit C from Answer to number 6.

8. State whether or not the container loaded in Savannah, Georgia in April 2023 contained items banned from import to Libya. If your answer is affirmative, identify all banned items.

ANSWER: Respondent was not the one who loaded the container and at this juncture believes that it was the items listed on the bill of lading with two of the items being banned from import to Libya – mainly the Toyota Tundra and the Yamaha.

9. State the first date you became aware that the container loaded in Savannah, Georgia contained items banned from import to Libya and the manner by which you became aware. Provide copies of all documents that support your assertion.

ANSWER: Respondent became aware that the container loaded in Savannah, Georgia contained items banned from import to Libya via two emails in May of 2023. Please see attached as Exhibit D a string of emails from CMA informing Easy Shipping of the banned items.

10. State whether Complainant and/or Respondent knew prior to loading that the container in Savannah, Georgia would contain cargo that was banned from import to Libya.

ANSWER: Respondent would set forth that Complainant knew and was trying to avoid it by giving the Respondent false information. The Respondent has recently learned that this Complainant has a long history and experience with exporting to Libya in the past and is aware of these prohibitions but does it anyway as if they get away with it, it is very lucrative for them in Libya.

11. State whether or not personal watercraft/jet skis and Toyota Tundra trucks were banned from import to Libya at the time of the shipment at issue in this proceeding.

ANSWER: All types of watercraft/jet skis and "Pickup" trucks were indeed banned from import to Libya at the time of the shipment at issue in this proceeding.

12. State the reason why the container at issue in this proceeding was returned to Savannah, Georgia. Provide copies of all documents that support your assertion.

ANSWER: The container at issue in this proceeding was returned to Savannah, Georgia due to the questionable items in the container, mainly the 2005 Toyota Tundra "Pickup" and the 2012 Yamaha, which turned out to be a Jet Ski not a motorcycle. Further, Khalid wanted the cargo returned to Savannah so he can "fix things and reship later."

13. What is Ahmed Shipping? What is its role in connection with the shipment at issue?

ANSWER: Respondent is unaware of who or what is "Ahmed Shipping" and is not related to the Respondent in any way.

14. Who is Ahmed Sadek? What is his role in connection with the shipment at issue?

ANSWER: Ahmed Sadek is the president and owner of Easy Shipping Corporation. Mr. Ahmed Sadek's role was simply securing the booking with CMA.

15. Who is Mohamed Elboghdady? What is his role in connection with the shipment at issue?

ANSWER: Mohamed Elboghdady is a silent partner with Ahmed Sadek at Easy Shipping Corporation.

16. Who provided the certificates of title attached as Exhibit E to Respondent's response, to whom were they provided, and for what purpose were they provided?

ANSWER: Khalid Arwini, provided the certificates of title attached as Exhibit E to Respondent's response, which were then forwarded to CMA.

17. What was the ultimate disposition of the cargo at issue?

ANSWER: The cargo was ultimately returned to Savannah, GA and released to the Complainant. The Respondent became aware of this when Khalid Arwini reached out via email on July 6, 2023. See attached Exhibit E which is an email from Khalid Arwini to the Respondent.

Questions directed to Respondent:

1. On what date and how did you first become aware that the container at issue in this proceeding was going to be returned to Savannah, Georgia.

ANSWER: Respondent was first aware that the container was going to be returned to Savannah, Georgia on July 6, 2023 when the Complainant sent an email to the Respondent informing Respondent that the container was in Savannah and stated "we need to pull container to the warehouse to fix it and send it back to Khoms with CMA." Please see Exhibit E.

2. On what date and how did you first advise Complainant that the container was being returned?

ANSWER: Complainant knew the container had been returned prior to the Respondent learning of this fact. Respondent did not receive any notification that the cargo was returned from CMA until September of 2023 although Khalid was aware of this on July 6, 2023. Attached as Exhibit F is the email from CMA informing Respondent of the cargo being returned.

3. What actions did you take to mitigate the damages incurred by Complainant once you learned that the container was being returned?

ANSWER: Respondent thought the investigation on the container was pending. Respondent was very diligent in making Khalid aware of all developments immediately upon such developments taking place.

4. What rate did you charge Complainant for the shipment at issue?

ANSWER: The Complainant was charged from the Respondent's the rate of \$3,300 for the shipment at issue.

5. What was the applicable tariff rate for the shipment at issue? Provide a copy of your tariff rates and rules supporting your charges to Complainant.

ANSWER: The applicable tariff rate for the shipment at issue was \$2,865, a late fee of \$75 was assessed totaling \$2,940.

6. Did you provide Complainant with information regarding the import restrictions applicable to Libya? If so, please describe the information provided, the date and matter in which it was provided. Provide copies of all documents that support your assertion.

ANSWER: Respondent explained to Complainant verbally that Libya prohibits all types of Jet Ski and allows "Pickups" cargo; however, Complainant was informed that CMA-CGM does not allow Jet Ski Or "Pickups" cargo to be shipped into Libya Complainant has a long ongoing history and experience with importing to Libya in the past and is well aware of these requirements.

7. State whether or not you filed the Importer Security Filing (ISF) for the container returned to Savannah. If you did, please state the date it was filed and provide a copy. If you did not, please state why you did not.

ANSWER: Respondent did not file the Importer Security Filing (ISF) for the container returned to Savannah. Respondent does not handle exporting into the United States. Complainant was aware of this and used an unknown outsource broker for ISF filing. See attached Exhibit D which is an email from Khalid requesting the original bill of lading so that he can provide it to the broker who is handling the return of the cargo and filing of the ISF.

8. State whether or not you classified the inbound shipment to Savannah, Georgia as a returned container, and if not, why not.

ANSWER: The Respondent discovered the container was being returned from the Complainant, Respondent thought there was still an open investigation by CMA.

9. Provide a copy of the house bill of lading for the shipment at issue.

ANSWER: Please see attached Exhibit H.

10. Who provided the item description information on the master bill of lading attached to the complaint as Exhibit F?

ANSWER: Khalid Arwini provided this information to the Respondent which was then given to CMA by the Respondent.

11. Why does the bill of lading attached to the complaint as Exhibit F show a 2017 Toyota 4 Runner and 2017 Yamaha FX despite that the dock receipt and vehicle vessel title attached to the complaint as Exhibit C and Respondent's response at Exhibit E show a 2005 Tundra and a 2012 Yamaha FX SHO personal watercraft?

ANSWER: The bill of lading attached to the Complaint as Exhibit F shows a 2017 Toyota 4 Runner and 2017 Yamaha FX which was information provided from Khalid Arwini on the original plan of booking. The dock receipt and vehicle vessel title attached to the Complaint as Exhibit C, was the change that was made after Complainant updated the Respondent that there was a "typo in the loading plans" regarding the 2017 Toyota 4Runner. Further, Khalid stated that the Yamaha FX was a motorcycle with the wheels being off.

12. Who is responsible for the misdeclaration of cargo resulting in the \$2,000 misdeclaration fee? Set forth all facts that support your assertion. Provide copies of all documents that support your assertion.

ANSWER: Complainant is responsible for the misdeclaration of cargo resulting in the \$2,000 misdeclaration fee due to the change the Complainant made after the bill of lading was submitted.

13. State whether or not you passed the financial responsibility for the \$2,000 misdeclaration fee on to Complainant, and if so, please explain why you did not pay the fee.

ANSWER: Respondent passed the financial responsibility for the \$2,000 misdeclaration fee on to the Complainant, due to their giving of false information.

14. State whether or not you notified Complainant of the misdeclaration fee related to the shipment at issue, and if so, the date and manner by which you gave notice. Provide copies of all documents that support your assertion.

ANSWER: Respondent notified Complainant of the misdeclaration fee related to the shipment at issue for the amount of \$2000 by forwarding the message received from CMA to Khalid.

15. State whether or not you partially paid invoice NAOB0367804 resulting in a deficit of \$310.52? If so, please explain why the invoice was not paid in full.

ANSWER: Respondent did partially pay invoice NAOB0367804. The invoice was not paid in full, since the Respondent was waiting on the remaining balance to be paid from the Complainant.

16. State whether or not Complainant paid you \$3,300 on May 9, 2023, for the freight charges related to the shipment at issue.

ANSWER: Complainant paid Respondent \$3,300 on May 9, 2023, for the freight charges related to the shipment at issue.

17. State whether or not Complainant paid you the returned freight charges in the amount of \$4,310 over four installments on July 18, and 19, 2023.

ANSWER: Complainant paid the Respondent the returned freight charges in the amount of \$4,310 over five installments on July 17, 18, and 19 of 2023.

18. State the date and amount of all payments made to you by Complainant related to the shipment at issue in this proceeding.

ANSWER: The dates and amounts of all payments mad to Respondent by Complainant related to the shipping at issue in this proceeding are as follows:

05/09/2023 \$3,300 (Paid via Zelle)

07/17/2023 \$1,000 (Paid via Cashapp)

07/17/2023 \$1,000 (Paid via Zelle)

07/18/2023 \$1000 (Paid via Zelle)

07/18/2023 \$1000 (Paid via Zelle)

07/19/2023 \$310 (Paid via Cashapp)

Total Payment Amount: \$7,610

19. State the date and amount of all payments made by you to the ocean common carrier related to the shipment at issue in this proceeding.

ANSWER: The dates and amounts paid by the Respondents to CMA-CGM were made the same day of payment received from the Complainant related to the shipment at issue in this proceeding. The only funds retained by the Respondent was a profit of \$360 for the freight charge.

20. State what actions you took with respect to the shipment at issue after you received full payment from Complainant for the services you rendered.

ANSWER: The Respondent paid all outstanding invoices to CMA and once the Complainant received their cargo back, the Respondent did not hear from anyone until this action was filed. Despite the long-term issue with this container, and the Respondent's only profit being only \$360, the Respondent practiced loyalty and dedication to the Complainant until the conclusion. CMA-CGM is still requesting the outstanding demurrage fees and has placed the Respondent in collections for the balance of \$26,310.

Pursuant to 28 U.S.C. § 1746, I declare under the penalty of perjury that the foregoing is true and correct.

Executed on January 3, 2025

Respectfully Submitted,

/s/ Ahmed Sadiq

Hello Easy Shipping,

re:2017 TOYOTA 4RUNNER VIN:5TBKT42115S468135

It has been determined that the shipment for NAM6206412 has misdeclared cargo. The shipping instructions show that a 2017 TOYOTA 4RUNNER VIN:5TBKT42115S468135 was loaded, how to be a 2005 TOYOTA TUNDRA PICKUP.

A misdeclaration fee of \$2000 will be added to the bill and the container will be returned to port of loading.

Hello Easy Shipping,

re:2017 YAMAHA FX
VIN:YAMA3067B212

We have received word that the above cargo is loaded in the container. This cargo is restricted for import into Libya as Jet Skis are prohibited. The container will be held at transshipment.

Please advise a change of destination or if the container should be returned to the POD.

Best regards,

All customer service inquiries for used auto shipments should be sent to usa.exportautos@usa.cma-cgm.com or (855) 633-2662 Option #3, starting February 1st. For any non-auto Africa shipments, emails and phone calls should be directed to the appropriate Customer Service Team.

As from August 1st 2022, and in order to be accepted on board one of our vessels, electric and hybrid car shipments must meet the following conditions:

- Even if the IMDG Code permits to declare them as non-dangerous under special provisions (961 or 971 for example), all electric and hybrid cars must be declared as dangerous goods only,
- They must be stuffed in an operated reefer container (+20°C and vent at least 10%),
- The battery must be charged not to exceed 40% of its capacity at the time of the stuffing,
- A Letter Of Indemnity must be signed by the shipper.

Only below are concerned by this procedure:

- electric and hybrid cars authorized on the road for the land transport of people and possibly their luggage,
- electric and hybrid vehicles with four wheels and more, authorized on the road for the land transport of people and possibly their luggage.

***New* Electric Vehicle/Hybrid Electric Vehicle Requirements**

- o Electric or hybrid vehicles that are damaged or older than 7 years are strictly prohibited
- o All electric and hybrid electric vehicles must be declared as hazardous unless the shipping instructions certify that the batteries have been removed and are not present in the container. Final IMO must be sent to ssc.hazcargo@cma-cgm.com for approval 72 hours prior to the port cut-off.
- o At the time of the stuffing, the state of charge of the battery shall be adapted, to safely withstand the duration of the sea voyage (Shipper's responsibility)
- o Shipper must provide IMO documents and Letter of Indemnity (LOI) no less than 3 business days prior to the port cut-off. Otherwise, the shipment will not be loaded and charges associated with roll, demurrage, and additional costs will be for the Shipper's account.
- o The Shipper must provide CMA CGM with a survey provided by a third party certifying that any used vehicles are not damaged and presents no visible signs of deformation of the battery packs. The survey must mention the specific container number and include photos of the vehicles, which must be the same as those declared on the shipping instructions.

There must be a typo in the loading plans.
Returning proceed will cost a lot.
Can we ship this to the destination since it's on the way and I will request a Vin# update/ correction for this 4Runner please.

Hello Easy Shipping,

re: 2017 YAMAHA FX

VIN: YAMA3067B212

We have received word that the above cargo is loaded in the container. This cargo is restricted for import into Libya as Jet Skis are prohibited. The container will be held at transshipment.

Please advise a change of destination or if the container should be returned to the POD.

Best regards,

Alonzo McCONNIE

BETTER WAY

CMA CGM (America) LLC

1 CMA CGM Way, Norfolk, VA 23502

Business website: www.cma-cgm.comGroup website: www.cma-cgm-group.com

All customer service inquiries for used auto shipments should be sent to usa.exportautos@usa.cma-cgm.com or (855) 633-2662 Option #3, starting February 1st. For any non-auto Africa shipments, emails and phone calls should be directed to the appropriate Customer Service Team.

As from August 1st 2022, and in order to be accepted on board one of our vessels, electric and hybrid car shipments must meet the following conditions:

- Even if the IMDG Code permits to declare them as non-dangerous under special provisions (961 or 971 for example), all electric and hybrid cars must be declared as dangerous goods only.
- They must be stuffed in an operated reefer container (+20°C and vent at least 10%).
- The battery must be charged not to exceed 40% of its capacity at the time of the stuffing.
- A Letter Of Indemnity must be signed by the shipper.

Only below are concerned by this procedure:

• electric and hybrid cars authorized on the road for the land transport of people and possibly their luggage.

• electric and hybrid vehicles with four wheels and more, authorized on the road for the land transport of people and possibly their luggage.

New Electric Vehicle/Hybrid Electric Vehicle Requirements

- a Electric or hybrid vehicles that are damaged or older than 7 years are strictly prohibited.**
- a All electric and hybrid electric vehicles must be declared as hazardous unless the shipping instructions certify that the batteries have been removed and are not present in the container. Final IMO must be sent to sac.hazcargo@cma-cgm.com for approval 72 hours prior to the port cut-off.**
- a At the time of the stuffing, the state of charge of the battery shall be adapted, to safely withstand the duration of the sea voyage (Shipper's responsibility).**
- a Shipper must provide IMO documents and Letter of Indemnity (LOI) no less than 3 business days prior to the port cut-off. Otherwise, the shipment will not be loaded and charges associated with roll, demurrage, and additional costs will be for the Shipper's account.**
- a The Shipper must provide CMA CGM with a survey provided by a third party certifying that any used vehicles are not damaged and presents no visible signs of deformation of the battery packs. The survey must mention the specific container number and include photos of the vehicles, which must be the same as those declared on the shipping instructions.**

94. For the purpose of the present carriage, clause 14(2) shall exclude the application of the York/Antwerp rules, 2004.

16. Mis-declaration of cargo weight endangers crew, port workers and vessels' safety. Your cargo may be weighed at any place and time of carriage and any mis-declaration will expose you to claims for all losses, expenses or damages whatsoever resulting therefrom and be subject to freight surcharge.

25. The shipper acknowledges that the Carrier may carry the goods identified in this bill of lading on the deck of any vessel and taking remittance of this bill of lading the Merchant (including the shipper, the consignee and the holder of the bill of lading, as the case may be) confirms his express acceptance of all the terms and conditions of this bill of lading and expressly confirms his unconditional and irrevocable consent to the possible carriage of the goods on the deck of any vessel.

71. Important: Be reminded that you are loading to a country subject to international and national sanctions. We warn you that a Bill of Lading in breach of the sanctions will be issued and that, in the event that a Bill of Lading is nevertheless issued, we may, without any prior notice, return the cargo at your costs and expenses in accordance with the provisions of clause 10 of the MA CGM Bill of Lading.

74. The Merchant is responsible for returning any empty container, with interior clean, free of any dangerous goods placards, labels or markings, at the designated place, and within 60 days following to the date of release, failing which the container shall be construed as lost. The Merchant shall be liable to indemnify the Carrier for any loss or expense whatsoever arising out of the foregoing, including but not limited to liquidated damages equivalent to the sound market value - or the depreciated value due by the Carrier to a container lessor. The Carrier is entitled to collect a deposit from the Merchant at the time of release of the container which shall be remitted as security for payment of any sums due to the Carrier, in particular for payment of all detention and demurrage and/or container indemnity as referred above.

68. Following the exceptional measures adopted by various governments in relation with the outbreak of COVID-19 virus and the operational constraints resulting thereof, the Merchants are hereby notified that the carriage of cargo may be disrupted or delayed. Cargo may not be loaded on the intended vessel and may be on forwarded to the port of destination on any alternative vessel at Carrier's sole discretion. Furthermore in case of disruption of ports' operations, the cargo may be discharged in an alternative port without notice and - subject to availability - be on forwarded to the original intended port of destination. Carrier reserves its rights to accomplish the bill of lading in any alternative port. All additional costs, including but not limited to storage, demurrage, plugging, monitoring at the alternative discharge port or extra on forwarding costs, shall be on Merchant's account and payable before delivery and the carrier shall have no liability whatsoever for any loss or damage resulting therefrom.

66. The Merchant warrants that the particulars relating to the Goods have been checked and that such particulars are adequate and correct. In case of failure of the Merchant to comply with such warranty, the Carrier shall be entitled to charge the Merchant

SHIPPER'S DECLARED VALUE

SUBJECT TO EXTRA FREIGHT AS PER TARIFF AND CLAUSE 10 OF THIS BILL
