Re: Notice of Inquiry: Solicitation of Views on the Impact of Slow Steaming

Dear Ms. Gregory:

Certain questions in the Federal Maritime Commission's January 31, 2011 Notice of Inquiry seeking views on the impact of slow steaming ("NOI") are directed to rate agreements that have established a bunker surcharge guideline.

Although the ABC Discussion Agreement ("ABCDA") has established such a guideline, we have been advised that none of its members slow steam in the ABCDA trade. Accordingly, ABCDA has no substantive comments to offer in response to the NOI.

Sincerely,

COZEN O'CONNOR
