Complainant seeks an award of reparations in the amount of \$252,776.89, plus interest and attorneys fees, "a payment of additional amounts, not exceeding twice the amount of any award for injuries" if violation of 46 U.S.C. 41103(3) be shown, and "other such relief or award as the FMC shall determine."

SUPPLEMENTARY INFORMATION:

A. Purpose

The Data Universal Numbering System (DUNS) number is the nine-digit identification number assigned by Dun and Bradstreet Information Services to an establishment. The Government uses the DUNS number to identify contractors in reporting to the Federal Procurement Data System (FPDS). The FPDS provides a comprehensive mechanism for assembling, organizing, and presenting contract placement data for the Federal Government. Federal agencies report data on all contracts in excess of the micro-purchase threshold to the Federal Procurement Data Center which collects, processes, and disseminates official statistical data on Federal contracting. Contracting officers insert the Federal Acquisition Regulation (FAR) provision at 52.204-6, Data Universal Numbering System (DUNS) Number, in solicitations they expect will result in contracts in excess of the micro-purchase threshold and do not contain FAR 52.204-7, Central Contractor Registration. The majority of offerors submit their DUNS through CCR as required by FAR 52.204-7, and not under the FAR provision at 52.204-6.
