Bureau of Industry and Security

Annual Report Fiscal Year 2003

Donald L. Evans
Secretary of Commerce

Kenneth I. Juster
Under Secretary for Industry and Security

STATEMENT OF THE SECRETARY AND UNDER SECRETARY

It is our privilege to present this report on the activities of the Department of Commerce's Bureau of Industry and Security (BIS) during Fiscal Year 2003.

The last two and one-half years have witnessed an enormous transformation of our political, economic, and security landscape. The spread of democracy and free markets, combined with increasing globalization, has resulted in unprecedented prosperity around the globe. At the same time, however, it is clear that the world remains a dangerous place. BIS plays an essential role in meeting the challenges created where business and security intersect. During Fiscal Year 2003, BIS responded to these challenges by strengthening and streamlining export controls, engaging in important international initiatives to deter proliferation, and working with industry to enhance

On September 5, 2003, the Office of Exporter Services, in consultation with the Office of Export Enforcement, denied the export privileges of Gunter Kohlke for ten years, pursuant to Section 11(h) of the Export Administration Act, based on his July 18, 2002, conviction of violating the Arms Export Control Act by knowingly and willfully attempting to export items on the United States Munitions List from the United States to Switzerland, without having first obtained authorization from the State Department. Mr. Kohlke is currently incarcerated in federal prison.

The investigation was conducted by the New York Field Office.

Compaq Computer Corporation (Digital Equipment Corporation)

On October 29, 2002, pursuant to a settlement agreement, the Commerce Department imposed a \$39,000 civil penalty on Compaq Computer Corporation. BIS alleged that on ten occasions, Digital Equipment Corporation and two of its overseas subsidiaries, now merged with and known as Compaq Computer Corporation, exported computers and computer equipment to various destinations in Asia. The shipments were made in violation of U.S. export laws and involved exports to the People's Republic of China and to South Korea and reexports of U.S.-origin goods from Hong Kong to the People's Republic of China and from Singapore to India.

This investigation was conducted by the Washington Field Office.

Maria Elena Ibanez

On October 31, 2002, the Commerce Department imposed a civil penalty of \$115,000 and a five-year denial of export privileges on Maria Elena Ibanez of Miami, Florida. The five-year denial period for Ibanez will be suspended provided Ibanez does not commit any violations during the five-year period.

Ibanez agreed to the penalty to settle charges that she caused, aided, and abetted violations of the EAR by International High Tech Marketing (IHTM), a firm that she previously operated. BIS alleged that, on 265 occasions between May 1996 and September 1998, Ibanez caused, aided, and abetted IHTM in various export control violations, including improperly avoiding the requirement to file Shipper's Export Declarations.

In March 2002, a U.S. District Court judge in Miami placed Ibanez on probation for 18 months and fined her \$5,000 for conspiring to falsify commercial invoices. Previously, in March 2000, IHTM pled guilty in U.S. District Court in Miami to five counts of export violations in connection with exports to Libya and Sudan and providing false information on commercial invoices. IHTM was fined \$250,000 for these violations. IHTM is no longer in business.

The investigation was conducted by the Miami Field Office.

Realtek Semiconductors Corporation

On December 12, 2002, BIS imposed a civil penalty of \$44,000 on Realtek Semiconductor Corporation (Realtek) of Hsinchu, Taiwan, a manufacturer of integrated circuits, in settlement of allegations that Realtek violated an order denying its export privileges. The settlement also involved imposition of an order denying Realtek's export privileges for two years, all of which was suspended. BIS alleged that, in December 1996 and December 1999, Realtek violated the terms of a Commerce-imposed denial order when it purchased U.S.-origin air-conditioning equipment and when it attempted to purchase U.S.-origin computer software. The denial order against Realtek had been imposed in August 1995 because Realtek participated in an export of U.S.-origin microprocessor technology without the written assurance from the end-user that the

We never forced anybody to bring cars for shipping. We never promised that we will invest money in each and every car. If you deliver cars for shipping we can ship them. Investing money has nothing to do with shipping and storage. If you decide to take the cars as you already know we notified you a month ago what are the fees for our service in our warehouse.

I also would like to remind you how you when you had negative balance were convincing us to release cars and you were trying to show us your good will by bringing your new cars with no titles. Now we know what was the goal of those good will. We are not a free storage and free service for your cars.

As to the value of the cars you dispute . If we are not correct and we undervalue your cars it cost you no money. Take from the list any car you think we undervalue and pay us money back. Since as you saying we undervalue those cars you will pay back even less . Even better for you.

We understand that we may be not 100 % correct with the value and we never promised to be . We are not buying your cars. The value is the amount we estimate for investing money. It does not hurt you if we gave you a little less money as investment for the car. It means less to return.

When the balance he way we see it is paid we have no problem to release any of your cars. But as I already mentioned it is not free facility. We could take other clients business and not to keep your cars and wasting time with your cars. We already advised you what is the fee per car to take it and not ship it.

Happy New Year !

Counsel,

I have no intention of engaging in 'email wars' with you or your office, having neither the time, desire, nor inclination to do so. That said, we regret that you consider our advise as to informing the Commission of any continuing defaults by respondents as "bullying", much less, nonsensical.

We further note that Judge Guthridge did indeed have much to say; primarily denying your frivolous and baseless application to reconsider the Commission's prior well-founded decision.

In closing, it is hoped that you will exercise more restraint and a greater degree of professionalism in further *necessary* communications in this matter, and cease to burden this office with superfluous and gratuitous correspondence such as yours to which this responds.

Thank you. That still leaves the question whether you are planning to produce the copies of the titles you allege your clients received. They would seem to me just as subject to the Order as what Respondents may or may not have.

As to your second paragraph, I thought Judge Guthridge had something to say about such bullying nonsense.

Dear Counsel,

As you are well aware, *at no time* have Complainants *ever* received or been in possession of *any* titles with respect to the subject automobiles, having only been provided with copies of same.

To the extent that Respondents are, however, in possession of *all* titles for the subject automobiles which your clients had validated by U.S. Customs at the time of export; and in that *you* were specifically Ordered by ALJ Guthridge to produce said titles, Complainants will reasonably expect your *full, complete,* and *timely* compliance with Judge Guthridge's directives. In the alternative, we will forthwith inform the Commission accordingly.

Dear Mr. Nussbaum

I noticed that the set of shipping documents you produced last night did not include any titles. May I ask whether, for all four cars, you consider titles not to be shipping documents, and so they will be produced later, or whether there simply are not titles that will be produced.

Best regards,

Eric

Writing Examinations:

Writing can be identified with the person who wrote it. A person can also be eliminated, or excluded, from having written something. Learning to write usually involves practicing letter formations, learning to copy these forms and committing them to memory, along with developing the skill, pen in hand, to write these forms quickly and fluidly. Practice usually increases the writer's skill¹ and produces writing that becomes more rapidly written, as the focus shifts more to the message being written than the physical movements of the writing act itself. This practiced movement becomes more fluid as this movement is committed to memory. This fluid movement of the pen creates physical characteristics of writing on the paper surface and observable features of the act of writing.

Writing consists of both class and individual characteristics. Class characteristics are common to large groups of writers and, in general, make writing similar enough for it to be understood by many. Examples of these characteristics may be the actual letter forms, or other features produced by large numbers of writers. Individual characteristics tend to be more identifying. It is the presence of the features found in both groups of characteristics, when considered and weighed in combination, that provides a basis for the determination of the genuineness of writing.

The identification or elimination of writing is dependent upon a large number of factors. These factors include, but are not limited to, whether the writing in question is freely and naturally written, whether the questioned and known writing are comparable in nature and date, if sufficient known and questioned writing is provided, as well as whether sufficient known samples are provided for comparison purposes which demonstrate an appropriate range of variation of the known writer's habits.

Some of these physical characteristics are visible to the unaided eye, however using a microscope to view the written line with magnification allows the forensic document

¹ "Writing is the result of a very complex series of acts, being as a whole a combination of certain forms which are the visible result of mental and muscular habits acquired by long continued, painstaking effort." Questioned Documents (Second Edition) by Albert S. Osborn, Chapter XVII, pp. 276.

Writing Examinations (continued):

examiner to carefully study and weigh the finer characteristics; the physical evidence of the movement of the pen on the paper surface.

Range of Opinions:

Often, a forensic document examiner is able to offer conclusive, unqualified opinions of identification or elimination of writing. At other times, a myriad of factors can contribute to a forensic document examiner being unable to render a conclusive opinion. For example, the questioned writing may be of poor quality, limited in nature, or the available known writing samples may be limited, not comparable to the writing in question, or they may be intentionally distorted or disguised. In such cases, positive opinions of identification or elimination may not be possible.

In the event that the weight and significance of the evidence does not support a positive identification or elimination, forensic document examiners determine what level the weight and significance the evidence supports. Opinions are then expressed on a scale, or range of opinions, from indications wrote (or indications did not write), probably wrote (or probably did not write), to highly probable wrote (or highly probable did not write). At times, the only opinion which can be offered is an inconclusive. An understanding of this range of opinions² and the reasoning for "qualified opinions" is necessary when reviewing the results of any writing examination.

Image Files/Photocopies:

The examination of image files and photocopies in lieu of original documents, requires a forensic document examiner to offer a qualified opinion. This means *the opinion offered is based on the evidence discerned from the images/copies*.

The imaging/photocopy process can cause loss of detail. A number of other factors may affect the quality of the image/copy, such as: the type and condition of scanner/copy machine, the settings used, whether the original or some generation of copy is used (other than directly from the original). All of these factors may impede the ability of the examiner to reach a positive conclusion.

Also, evidence of fraud or non-genuineness may be revealed in the examination of an original document which cannot be seen in the image/copy. The following opinions are based on the examination of image files (non-originals).

Examinations Conducted:

Visual examinations of writing³ along with imaging techniques.

Basis of Examinations:

I performed examinations and comparisons using widely accepted procedures. As part of my examinations, I also rely, in part, on numerous published standards distributed by the Scientific Working Group for Forensic Document Examiners (SWGDOC)⁴. My examinations and comparisons relied, in part, on the following standards, which can be found at the following web link:

<http://www.swgdoc.org/index.php/standards/published-standards>

- SWGDOC Standard for Scope of Work of Forensic Document Examiners
- SWGDOC Standard for Examination of Handwritten Items
- SWGDOC Standard for Examination of Altered Documents
- SWGDOC Standard Terminology for Expressing Conclusions of Forensic Document Examiners

Handwriting Observations:

The Q1 document is a good quality image. The signature is stylized and the pen pressure appears to be consistent with dark contrast throughout the signature. There are areas of the signature which appear to show deliberateness and hesitation and there lacks tapering beginning and ending strokes. These characteristics are commonly associated with tracings or simulated forgeries.

The purported known signatures of Michael Hitrinov are of varying levels of quality and represent two different signature styles. The signatures appear to be freely and naturally written, with tapered beginning and ending strokes and there does not appear to be evidence of hesitation or deliberateness.

A side-by-side comparison was conducted between the questioned signature appearing on Q1 and the K1 signatures samples. The K1-1 signatures were not comparable as they exhibited a different signature style than that of the Q1 signature. The K1-2 through K1-4 signatures exhibited similar signature styles and therefore were comparable to the Q1 signature. The lack of comparable known samples is a limiting factor in this examination.

While the signatures are pictorially similar, there were numerous dissimilarities noted. These include the overall size of the signature, the fluidity of the written line, the **Marcus**

Results of Examination:

Upon examination of the questioned signature appearing on Q1 with the known signatures of Michael Hitrinov, the evidence revealed some pictorial similarity. However, there are numerous significant dissimilarities noted. These dissimilarities along with the deliberate nature of the Q1 signature lead to the conclusion that it is highly probable that Michael Hitrinov did not write the questioned signature appearing on Q1, but rather appears to be an attempt by someone to simulate or trace his natural signature style. Submission of the original document could assist in determining whether the signature is in fact a simulation or tracing.

The examinations and conclusions presented herein are based on the evidence available at this time. I reserve the right to rely upon additional discovery that occurs after this report is submitted. To the extent additional evidence becomes available relevant to the opinions expressed in this report, I will update my opinions as appropriate.

Demonstratives:

I reserve the right to rely on visual aids or demonstratives not present in this report to demonstrate my opinions at trial.

Remarks:

Thorough examinations were performed on the questioned document. Digital images/charts were likewise prepared from these documents. These images, when enhanced, allow for certain critical observations to be made. They also provide a very strong approach for demonstrating the evidence to a Trier of fact and can best be illustrated through use of a multi-media presentation.

Dear Irina Rzayeva

Your car has arrived in Kotka, Finland, and is located in a temporary storage warehouse served by the Finnish company CarCont Ltd. at Merituulentie, 424 2nd fl 48310, Kotka, Finland. Unfortunately we were unable to establish a car release registration scheme and bring it to continue operation. Failure that occurred because of the devastating consequences of hurricane "Sandy" in the beginning of November 2012 resulted in a long delay in the release preparation procedure. As it turned out some time later, the promised deadlines of shipping companies that were to release have not been met. Continuation of numerous negotiations gets the situation to a standstill, as our company continues to provide you with information on terms not confirmed documentary, thereby mislead you. In this regard, we consider it is reasonable to refer you to the CarCont Ltd' management for a request for a car you purchased. Contact Information:

Уважаемый, Ирина Рзаева.

Ваш автомобиль прибыл в г. Котка, Финляндия и находится на складе временного хранения обслуживаемого финской компанией CarCont Ltd. по адресу Merituulentie, 424 2nd fl 48310, Kotka, Finland. К сожалению нам не удалось наладить схему оформления откреплений автомобилей и привести ее к прежнему режиму работы. Сбой, случившийся по причине разрушительных последствий урагана «Сэнди», в начале ноября 2012, повлек за собой длительные задержки в процедуре подготовки откреплений. Как выяснилось спустя время, обещанные руководством шипинговой компании сроки откреплений не были выполнены. Продолжение многочисленных переговоров заводит ситуацию в тупик, так как наша компания продолжает предоставлять Вам информацию по срокам не подтвержденным документально, тем самым, вводя Вас в заблуждение. В связи с этим, мы считаем разумным направить Вас к руководству компании CarCont Ltd. для запроса на получение приобретенного Вами автомобиля. Контактная информация:

Ирина привет, общался я только, что между нами говоря с Хитриновым, короче этот мистер Капустин... подогнал тебе утопленный Джип который ты даже не видела свежий Компас 2011 года, это я просто спрашивал и узнавал заодно и за тебя! Надо нанимать адвоката и просто судиться с ним в Финляндии пусть возвращает деньги, я много чего еще интересного узнал, но от этого не легче! Надо собирать народ, чтобы с Финскими адвокатами не вылететь в трубу!

INFORMATIONAL PIPELINE NO. 08-012-NWK

TO: All Exporters, Freight Forwarders, Carriers, Terminal Operators
and Others Concerned

SUBJECT: Revised Procedures for Exporting Used Vehicles

DATE: JUN 9 0 2008

REFERENCE

New York/Newark Area Informational Pipeline No. 99-90
(New Requirements and Procedures for Exporting Used Vehicles -dated 06/01/1999)
New York/Newark Area Informational Pipeline No. 05-05
(New Requirements and Procedures for Exporting Used Vehicles -dated 04/20/2005)

Purpose

To provide information concerning revised local operational procedures and policies relating to the exportation of used vehicles.

Background

On May 6, 1999, revised Customs Regulations governing the export of used vehicles went into effect. On June 1, 1999, U.S. Customs issued the above referenced Informational Pipeline that delineated requirements and operating procedures for exporting used vehicles. In response to the primary national security mission of Customs and Border Protection (CBP), the New York/Newark Area realigned legacy Customs inspection teams and priorities. These changes mandated the revision of current export vehicle operating procedures and policies in the seaport area.

With the recent volume increase of vehicle exports, CBP has revised several procedures presented in Informational Pipeline No. 05-05.

Action

The following changes to the New York/Newark Area procedures relating to the exportation of used vehicles are effective immediately:

- All required documentation must be presented to CBP at least 72 hours prior to export, not including weekends and Federal holidays.

REPORT DRUG SMUGGLING TO CUSTOMS AND BORDER PROTECTION 1-800-BE-ALERT

- Required documentation consists of the original certificate of title, a duplicate of the certificate of title (front and back) and a dock receipt, bill of lading or Intent to Export form, which must contain identifying vehicle information and endorsement by the export carrier which indicates the carrier's receipt and possession of the vehicle.
- Dock Receipts must not be altered in any way. Original Pier/Date stamps, VIN Numbers and Shipper/Consignee information must be legible and complete.
- All Terminals must stamp the Dock Receipt with a stamp which includes date and terminal location. Only one stamp format is to be utilized by each exporting carrier terminal location. CBP is in the process of acquiring copies of stamp formats from each export carrier terminal. Before a carrier changes its stamp format, an example must be submitted to the CBP export vehicle desk at 1210 Corbin Street, Port Elizabeth.
- The vehicle must be delivered to the exporting carrier prior to presentation of documents to CBP.
- The vehicle must be "held on dock" for a minimum of 72 hours after the carrier terminal accepts the vehicle, and export documents are presented to CBP. This timeframe does not include weekends or Federal holidays. The only exception to this timeline is when CBP processes and returns export documentation prior to the 72 hours.
- Documents will be processed on a first-in, first-out basis.
- CBP will no longer provide a stamped "release" for export vehicles, nor will CBP require vehicles to be "held on dock" awaiting such a release, past the 72 hour requirement. With no action or notification by CBP, vehicles may be loaded for export 72 hours after proper and compliant documents have been presented to the CBP Vehicle Export Desk at 1210 Corbin Street, Port Elizabeth.
- Under the provisions of 19USC1436, the vessel master is responsible for presenting a true manifest, and may be penalized if the subject vehicles are not detailed or otherwise accurately described on export manifest.
- When CBP designates vehicles for VACIS and/or physical inspection, CBP will utilize a standard, hardcopy "CBP Export Notification Document," issued to the export carrier, according to established local procedures.
- All containers scanned at a fixed base VACIS site, and subsequently designated for an enforcement examination, must be examined at the exam facility on that site.
- If for any reason the title or related paperwork is rejected by CBP, it is the shipper/forwarder's responsibility to notify the carrier to defer vehicle export until approved by CBP.

Documentation presented for export of a used vehicle will be processed Monday through Friday from 8 am to 3:45 pm at the Vehicle Export Desk located on the 3rd floor of 1210 Corbin Street, Elizabeth, New Jersey.

Additional information is available on the CBP Website at www.CBP.gov. Vehicle exports are detailed on the website in the Trade section's "Basic Importing and Exporting" category, under Export Documents, Licenses and Requirements (http://www.cbp.gov/xp/cgov/trade/basic_trade/export_docs/). ASIAKIRJAPYYNTÖ / OY CARCONT LTD:n VARASTOTARKASTUS

OTM Matti Laiho (jälj. pyytäjä) on pyytänyt Tullilta asiakirjoja, jotka liittyvät Oy CarCont Ltd:n tiloissa maaliskuussa 2013 tehtyyn varastotarkastukseen ja joista on nähtävissä, mitkä ajoneuvot ovat olleet tarkastushetkellä tullivarastossa ja mitkä eivät. Tietoa on pyydetty myös siitä, kenelle ajoneuvot on luovutettu ja milloin tämä on tapahtunut.

Pyytäjä edustaa Yhdysvaltoihin rekisteröityjä Global Auto Inc-, G Auto Sales Inc- ja Effect Auto Sales Inc -nimisiä yrityksiä, jotka ovat myyneet Yhdysvalloista ajoneuvoja Venäjälle ja sen lähialueille. Myyjä sekä kaupan olevia ajoneuvoja on lähetetty meriteitse Suomeen ja niitä on säilytetty tullivarastossa Kotkassa. Varastonpitäjänä on ollut Oy CarCont Ltd -niminen yritys. Pyytäjän kertoman mukaan varastossa olleita ajoneuvoja olisi luovutettu väärin perustein muille kuin myyjän osoittamille henkilöille. Tullille on toimitettu erillinen luettelo näistä ajoneuvoista.

Kotkan tullista on keväällä 2013 ilmoitettu pyytäjälle, että Oy CarCont Ltd:n tiloihin tehdyssä varastotarkastuksessa oli havaittu, että osa luettelossa mainituista ajoneuvoista oli poistunut tullivarastosta tullisäädösten mukaisesti ja osa niistä oli yhä siellä.

Tullin tarkastusyksikkö on ilmoittanut 4.9.2013 päivätyssä vastauksessaan pyytäjälle, että puheena olevaan varastotarkastukseen liittyviä asiakirjoja ei voida luovuttaa. Ratkaisu oli perustunut tullilain (1466/1994) 25.1 §:ään ja siihen, että pyytäjän ei oltu voitu katsoa olevan sellaisessa asemassa, että tämä voisi saada Tullilta toisen liiketoimintaa koskevia - ja sellaisena siis salassapidettäviä - tietoja.

Viimeisin pyytäjän asiakirjapyyntö on saatettu Tullin esikunnan oikeudelliset asiat -toimintayksikön käsiteltäväksi. Siinä pyytäjä on vedonnut asianosaisaseman tueksi erinäisiin tosiseikkoihin. Asian käsittelyn tässä vaiheessa Tullille on esitetty uutena selvityksenä muun muassa pyytäjän päämiesten Yhdysvalloissa nostama siviilikanne No. CV13-2479 sekä kauppalaskuja, jotka osoittavat, että sanotut yritykset ovat ostaneet Yhdysvaltain markkinoilta edellä mainitussa luettelossa mainittuja ajoneuvoja jälleenmyytäviksi sekä kauppalaskuja, jotka osoittavat, että samaisia autoja on myyty luettelossa mainituille henkilöille Venäjälle tai sen lähialueille.

Oikeudelliset asiat on ollut asian selvittämiseksi yhteydessä myös Kymenlaakson poliisilaitokseen ja saanut sitä kautta haltuunsa luettelossa mainittujen ostajien tekemiä tutkintailmoituksia, Global Auton tekemän oman tutkintailmoituksen sekä tietoa asian käsittelystä Poliisissa.

Kaiken asiassa saadun selvityksen ja muutoin kertyneen tiedon perusteella Tullin oikeudelliset asiat katsoo, että pyytäjän edustamia yrityksiä voidaan pitää pyydettyjen tietojen suhteen asianosaisina. Näin ollen Tulli luovuttaa pyytäjälle oheisen listan, joka on laadittu Oy CarCont Ltd:n varastotarkastuksen yhteydessä ja josta käy ilmi muun muassa kunkin ajoneuvon vastaanottaja, lähtöpäivä ja asiakirja, jolla ajoneuvo on lähtenyt.

Listan sisältöön liittyen oikeudelliset asiat haluaa korostaa sitä, että kohdassa "vastaanottaja/CMR" mainittu henkilö tai yritys ei välttämättä ole se taho, jolle ajoneuvo on kussakin tapauksessa lopullisesti päätynyt. Tieto on peräisin kansainvälisestä CMR-rahtikirjasta ja joissakin yksittäisissä tapauksissa yleisilmoituksesta. Tullilla ei ole tietoa siitä, kuka on laatinut rahtikirjan tai ilmoittanut sitä varten tiedon vastaanottajasta.

Lopuksi oikeudelliset asiat toteaa, että viranomaisten toiminnan julkisuudesta annetun lain (621/1999) 23.2 §:n mukaan asianosainen, hänen edustajansa tai avustajansa ei saa ilmaista sivullisille asianosaisaseman perusteella saatuja salassa pidettäviä tietoja, jotka koskevat muita kuin asianosaista itseään.

INFORMATIONAL PIPELINE NO. 08-012-NWK

TO: All Exporters, Freight Forwarders, Carriers, Terminal Operators
and Others Concerned

SUBJECT: Revised Procedures for Exporting Used Vehicles

DATE: JUN 30 2008

REFERENCE

New York/Newark Area Informational Pipeline No. 99-90
(New Requirements and Procedures for Exporting Used Vehicles -dated 06/01/1999)
New York/Newark Area Informational Pipeline No. 05-05
(New Requirements and Procedures for Exporting Used Vehicles -dated 04/20/2005)

Purpose

To provide information concerning revised local operational procedures and policies relating to the exportation of used vehicles.

Background

On May 6, 1999, revised Customs Regulations governing the export of used vehicles went into effect. On June 1, 1999, U.S. Customs issued the above referenced Informational Pipeline that delineated requirements and operating procedures for exporting used vehicles. In response to the primary national security mission of Customs and Border Protection (CBP), the New York/Newark Area realigned legacy Customs inspection teams and priorities. These changes mandated the revision of current export vehicle operating procedures and policies in the seaport area.

With the recent volume increase of vehicle exports, CBP has revised several procedures presented in Informational Pipeline No. 05-05.

Action

The following changes to the New York/Newark Area procedures relating to the exportation of used vehicles are effective immediately:

- All required documentation must be presented to CBP at least 72 hours prior to export, not including weekends and Federal holidays.

REPORT DRUG SMUGGLING TO CUSTOMS AND BORDER PROTECTION 1-800-BE-ALERT

- Required documentation consists of the original certificate of title, a duplicate of the certificate of title (front and back) and a dock receipt, bill of lading or Intent to Export form, which must contain identifying vehicle information and endorsement by the export carrier which indicates the carrier's receipt and possession of the vehicle.
- Dock Receipts must not be altered in any way. Original Pier/Date stamps, VIN Numbers and Shipper/Consignee information must be legible and complete.
- All Terminals must stamp the Dock Receipt with a stamp which includes date and terminal location. Only one stamp format is to be utilized by each exporting carrier terminal location. CBP is in the process of acquiring copies of stamp formats from each export carrier terminal. Before a carrier changes its stamp format, an example must be submitted to the CBP export vehicle desk at 1210 Corbin Street, Port Elizabeth.
- The vehicle must be delivered to the exporting carrier prior to presentation of documents to CBP.
- The vehicle must be "held on dock" for a minimum of 72 hours after the carrier terminal accepts the vehicle, and export documents are presented to CBP. This timeframe does not include weekends or Federal holidays. The only exception to this timeline is when CBP processes and returns export documentation prior to the 72 hours.
- Documents will be processed on a first-in, first-out basis.
- CBP will no longer provide a stamped "release" for export vehicles, nor will CBP require vehicles to be "held on dock" awaiting such a release, past the 72 hour requirement. With no action or notification by CBP, vehicles may be loaded for export 72 hours after proper and compliant documents have been presented to the CBP Vehicle Export Desk at 1210 Corbin Street, Port Elizabeth.
- Under the provisions of 19USC1436, the vessel master is responsible for presenting a true manifest, and may be penalized if the subject vehicles are not detailed or otherwise accurately described on export manifest.
- When CBP designates vehicles for VACIS and/or physical inspection, CBP will utilize a standard, hardcopy "CBP Export Notification Document," issued to the export carrier, according to established local procedures.
- All containers scanned at a fixed base VACIS site, and subsequently designated for an enforcement examination, must be examined at the exam facility on that site.
- If for any reason the title or related paperwork is rejected by CBP, it is the shipper/forwarder's responsibility to notify the carrier to defer vehicle export until approved by CBP.

Documentation presented for export of a used vehicle will be processed Monday through Friday from 8 am to 3:45 pm at the Vehicle Export Desk located on the 3rd floor of 1210 Corbin Street, Elizabeth, New Jersey.

Additional information is available on the CBP Website at www.CBP.gov. Vehicle exports are detailed on the website in the Trade section's "Basic Importing and Exporting" category, under Export Documents, Licenses and Requirements (http://www.cbp.gov/xp/cgov/trade/basic_trade/export_docs/). **U.S. CUSTOMS AND BORDER PROTECTION
FIELD OPERATIONS, NEW YORK
PORT OF NEW YORK/NEWARK**

INFORMATIONAL PIPELINE NO. 16-004-NWK

TO: All Exporters, Freight Forwarders, Carriers, Terminal Operators and other Concerned Parties

SUBJECT: Revised Procedures for Exporting Self-Propelled Vehicles

DATE: DEC 04 2015

PURPOSE:

To provide information concerning revised local operational procedures and policies relating to the exportation of self-propelled vehicles.

REFERENCE:

This Pipeline supersedes Pipeline No. 08-012-NWK

BACKGROUND:

Pipeline No. 08-012-NWK dated June 30, 2008, waived the requirement for a stamped release for export vehicles to allow CBP Officers sufficient time for title validation without slowing the flow of commerce.

ACTION:

The following changes to the Port of New York/Newark procedures relating to the exportation of self-propelled vehicles are effective immediately:

CBP will provide a stamped "release" for export vehicles and require vehicles to be "held on dock" awaiting such a release past the 72 hour requirement complying with CBP regulation 19 CFR 192.2. CBP will require all stamped release documents to be presented to the steamship line prior to loading vehicles for export. *The steamship line and terminal are not authorized to load vehicles for export without such stamped "release".*

Compliance is mandatory.

Carriers and exporters are liable for penalties set forth in 19 CFR 192 - Export Control.

19 CFR Part 192 Regulations

Although 19 CFR Part 192 is concerned with export controls for vehicles, vessels, and aircraft, and includes penalty provisions for violations that are found at 192.3, this guide addresses only the export of used vehicles.

PROCEDURES

A. 19 CFR 192.1 DEFINITIONS

1. **Certified.** Certified when used with reference to a copy means a document issued by a government authority that includes on it a signed statement by the authority that the copy is an authentic copy of the original.
2. **Copy.** Copy refers to a duplicate or photocopy of an original document. Where there is any writing on the backside of an original document, a complete copy means that both sides of the document are copied.
3. **Self-propelled Vehicle.** Self-propelled vehicle includes any automobile, truck, tractor, bus, motorcycle, motor home, self-propelled agricultural machinery, self-propelled construction equipment, self-propelled special use equipment, and any other self-propelled vehicle used or designed for running on land but not rail.
4. **Title Record, Title Summary, Title Abstract, or similar name.** The title record, title summary, etc., is a Department of Motor Vehicles (DMV) – generated computer printout of the vehicle’s title data that is then certified by the DMV with a seal and original signature of the certifying official.
5. **Ultimate Purchaser.** “Ultimate Purchaser” means the first person, other than a dealer purchasing in his capacity as a dealer, who in good faith purchases a self-propelled vehicle for purposes other than resale.
6. **Used.** “Used” refers to any self-propelled vehicle the equitable or legal title to which has been transferred by a manufacturer, distributor, or dealer to an ultimate purchaser.
7. **Export.** Export refers to the transportation of merchandise out of the U.S. for the purpose of being entered into the commerce of a foreign country.
8. **End user. (15 CFR 772.1)** The person abroad that receives and ultimately uses the exported or re-exported items. The end user is not a forwarding agent or intermediary, but may be the purchaser or ultimate consignee.

B. BASIC REQUIREMENTS

A person attempting to export a used self-propelled vehicle shall present to U. S. Customs and Border Protection (CBP), at the port of exportation, both the vehicle and the required documentation describing the vehicle to include the Vehicle Identification Number (VIN) or, if the vehicle does not have a VIN, the product identification number. Exportation of a vehicle will be permitted only upon compliance with these requirements, unless the vehicle was entered into the United States under an in-bond procedure, or under a Carnet or Temporary Importation Bond: a vehicle entered under an in-bond procedure, or under a Carnet or Temporary Importation Bond is exempt from these requirements. The person attempting to export the vehicle may employ an agent for the exportation of the vehicle.

C. DOCUMENTATION REQUIRED

1. For U.S. titled vehicles

- (a) Vehicles issued an original certificate of title.** For used, self-propelled vehicles issued, by any jurisdiction in the United States, a Certificate of Title or a Salvage Title that remains in force, the owner must provide to CBP, at the time and place specified below, the original Certificate of Title or a certified copy of the Certificate of Title, one complete copy of the original Certificate of Title or certified copy of the original.

Note: See definition of Certified Copy. A notarized copy of these required documents will not be accepted.

- (b) Where title evidences third-party ownership/claims.** If the used, self-propelled vehicle is leased or a recorded lien exists in the U.S., in addition to complying with paragraph (a) above, the provisional owner must provide to CBP an approval letter in writing from the third-party-in-interest which expressly provides that the subject vehicle may be exported. This writing must be on the third party's letterhead paper, and contain a complete description of the vehicle including the VIN, the name of the owner or lien holder, and the telephone numbers at which that owner or lien holder may be contacted. The writing must bear an original signature of the third party and state the date it was signed.

If the vehicle has a recorded lien and the lien holder issues a letter authorizing the vehicle to be exported but will not release the original certificate of title, the exporter may satisfy the requirements of 19CFR192 by securing a certified copy of the title or copy of the title record. Certified copies of the certificate of title that have been obtained by the lien holder from the state DMV on behalf of the exporter are acceptable for presentation to CBP. A certified or notarized copy issued by the lien holder is **NOT** acceptable. The copy of the title record must be presented to CBP together with the letter of authorization from the lien holder.

Certified Copy and Copy of the Title Record

Several states will not issue a certified copy of the certificate of title under certain circumstances. In some states, the certified copy becomes the negotiable instrument if an original title has been lost, destroyed, damaged, or has become illegible. These states will not issue a certified copy if the original is still available. Similarly, if a recorded lien exists and the original title is held by the lien holder, a state DMV will not issue a certified copy.

In these situations, CBP will accept another document (known as a copy of the title record, title record, title summary, title abstract, or similar name) to meet the ownership document requirements of 19 CFR 192.2 (b)(1). The copy of the title record is a DMV generated computer printout of the vehicle's title data that is then certified by the DMV with a seal and original signature of the certifying official. *Only documents issued by the state DMV – the same government authority that issued the original certificate of title – will be accepted by CBP. This document must be certified. Application for title will not be accepted as evidence of ownership.*

(c) Where U.S. Government employees are involved. If the used, self-propelled vehicle is owned by a U.S. Government employee and is being exported in conjunction with that employee's reassignment abroad pursuant to official travel orders, then, in lieu of complying with paragraph (a) above, the employee may be required to establish that he has complied with the sponsoring agency's internal travel department procedures for vehicle export.

U.S. Government employees traveling on official orders must still notify CBP if exporting a vehicle. To ensure proper notification, the following procedures have been developed for primary and secondary vehicles exported in accordance with 19CFR192.2.

The primary vehicle is the automobile that will be moved at government expense in conjunction with official U.S. Government travel orders. CBP requires copies of the following documents for the vehicle: (1) the official travel orders and if the vehicle is leased or has a recorded lien, the exporter must comply with the lease or lien holder requirements of Section C. 1(b) as outlined above.

Secondary vehicles are additional, privately owned vehicles that are exported at the government employee's personal arrangement, expense and liability. If these privately owned vehicles are listed with the primary vehicle on the employee's official U.S. Government travel orders, the requirements and procedures to export them will be the same as for the primary vehicle.

If the secondary vehicles are not listed with the primary vehicle on the travel orders, their export is considered to be an independent shipment. The secondary vehicles are then reportable to CBP and all requirements of 19CFR192 apply and must be satisfied.

2. For foreign-titled vehicles

For used, self-propelled vehicles that are registered or titled abroad, the owner must provide to CBP, at the time and place specified below, the original document that provides satisfactory proof of ownership (with an English translation of the text if the original language is not in English), and one complete copy of that document (and translation, if necessary).

3. For untitled vehicles

- (a) Newly manufactured vehicles issued an MSO.** For newly manufactured, self-propelled vehicles that are purchased from a U.S. manufacturer, distributor, or dealer that become used, as defined in Section A.6. above, and are issued a Manufacturer's Statement of Origin (MSO), but not issued a Certificate of Title by any jurisdiction of the United States, the owner must provide to CBP, at the time and place specified below, the original MSO and the supporting documents of the original dealer invoice, certified proof of payment and one complete copy of all these documents.
- (b) Newly manufactured vehicles not issued an MSO.** For newly manufactured, self-propelled vehicles purchased from a U.S. manufacturer, distributor, or dealer that become used, as defined in this Section A.6. above, and not issued an MSO or a Certificate of Title by any jurisdiction of the United States, the owner must establish that the jurisdiction from where the vehicle comes does not have any ownership documentation requirements regarding such vehicles and provide to CBP at the time and place specified below, an original document that proves ownership such as a dealer's invoice and one complete copy of such original documentation.
- (c) Vehicles issued a junk or scrap certificate.** For used, self-propelled vehicles for which a junk or scrap certificate issued, by any jurisdiction of the United States, remains in force, the owner must provide to CBP, at the time and place specified below, the original certificate or a certified copy of the original document and one complete copy of the original document or certified copy.
- (d) Vehicles issued a title or certificate that is not in force or are otherwise not registered.** For used, self-propelled vehicles that were issued, by any jurisdiction of the United States, a title or certificate that is no longer in force, or that are not required to be titled or registered, and for which an MSO was not issued, the owner must establish that the jurisdiction from where the vehicle comes does not have any ownership documentation requirements regarding such vehicles and provide to CBP, at the time and place specified below, the original document that shows the basis for ownership or right of possession, such as a bill of sale, and

one complete copy of that original document. Further, the owner must certify in writing to CBP that the procurement of the vehicle was a bona fide transaction, and that the vehicle presented for export is not stolen.

D. WHEN PRESENTED

Exportation by vessel or aircraft - For those vehicles exported by vessel or aircraft, the required documentation and the vehicle must be presented to Customs and Border Protection *at least 72 hours prior to export*. The purpose of requiring the documentation and the vehicle presented to CBP at least 72 hours before export of the vehicle is so that CBP officers have the time necessary to physically examine the vehicle. The minimum statutory 72 hour requirement does not include weekends and Federal Holidays. It is suggested that the documentation be presented at least 72 hours prior to the start of any holiday weekend, to ensure the documents are processed timely and the vehicle export is not delayed.

Plan appropriately for Federal Holidays. There are no exceptions to the 72 hour requirement regardless of circumstance. Overnight mail packages are not accepted for title presentation.

E. WHERE PRESENTED

Port Directors will establish locations at which exporters must present the required documentation and the vehicles for inspection. Port Directors will publicize these locations, including their hours of operation.

1. Vehicle Presentation.

Due to the logistics of the Port of New York/Newark, presentation of the vehicles for inspection at a single site or several sites within the port is not practical. In light of this, the vehicle(s) will be presented at least 72 hours in advance to the terminal from where export will occur.

In order for CBP to efficiently carry out its VIN inspection responsibility and verify compliance with the 72 hour requirement, the exporter or agent must obtain a document that acknowledges delivery of the vehicle to the terminal of export and contains information that identifies the vehicle. This document will be in the form of a stamped dock receipt which the exporter or agent will subsequently use for presentation to Customs and Border Protection as evidence of compliance with the 72 hour requirement. **The dock receipt must be stamped.**

2. Document Presentation for Processing

The following documentation must be presented for processing:

- Exporters, Carriers or Freight Forwarders must submit proof of ownership documentation as required under 19 CFR 192 along with the Internal Transaction Number (ITN) EEI/AES proof of filing (clearly visible on the stamped dock receipt) 72 hours prior to export **NOT** including weekends and Federal holidays.
- Dock Receipts must **NOT** be altered in any way. Original Pier/Date stamps, VIN Numbers and Shipper/Consignee information must be legible and complete.
- All Terminals must stamp the Dock Receipt with a stamp which includes date and terminal location. Only one stamp format is to be utilized by each exporting carrier terminal location. Before a carrier changes its stamp format, an example **MUST** be submitted to the CBP export vehicle desk.

In all cases the title documentation must be submitted to CBP and the vehicle must be in the Carrier's possession *at least 72 hours prior to export*.

3. Location

Vehicle documentation as outlined in Section C above, along with one copy of the stamped dock receipt may be presented by the exporter or the exporter's agent for processing Monday through Friday between the hours of 7:30 a.m. and 3:30 p.m. at the following location:

Port of New York/Newark – Tactical Operations Division

1210 Corbin Street

Elizabeth, NJ 07201

Contact: 201-443-0100 or 201-443-0300

Please keep in mind that the 72 hour period *excludes* weekends and holidays.

Overnight mail packages are not accepted for title presentation

4. Authentication of documentation

CBP will determine the authenticity of the documents submitted and suitability for export. Once the authenticity of the documents is established, CBP will provide a stamped "release" on the documents. In most cases, the original documents will be returned to the exporter.

5. Title Document Retrieval

The exporter or agent may retrieve processed title documentation Monday through Friday between the hours of 7:30 a.m. and 3:30 p.m. from the location listed in section E (3).

F. **DEPARTMENT OF COMMERCE REGULATIONS, AUTOMATED EXPORT SYSTEM (AES) FILERS AND THE 72-HOUR REQUIREMENT**

In accordance with the Foreign Trade Regulations (FTR), the U.S. Census Bureau (Census) mandates filing of Electronic Export Information (EEI) through the Automated Export System (AES) or through AES*Direct* for all used self-propelled vehicles 72 hours prior to export regardless of destination, value or condition. (Reference: Federal Register Notice 78 FR 16366, Title 15 Code of Federal Regulations (CFR) Part 30.2(a)(1)(iv)(H) and 15 CFR 30.4(b)(5).

The used vehicle exportation requirements provided for in the 19 C.F.R. 192 are separate and distinct from the Department of Commerce requirements for export commodity data. **If a party other than the exporter files the Electronic Export Information (EEI), a power of attorney including a copy of a valid passport or a driver's license MUST be obtained from the U.S. Principal Party in Interest.**

The requirements of 19CFR192 cannot be satisfied through the Automated Export System (AES) filing of the commodity data contained in the Electronic Export Information. *Because Customs and Border Protection and Department of Commerce regulations are different, the 72 hour clock does not begin when export vehicle data is filed via AES; it begins when the required documentation is presented to CBP.*

F. **LIABILITY OF CARRIERS**

Per 19CFR192.4 and under the provisions of 19 U.S.C. 1436, the vessel master is charged with the responsibility of presenting a true manifest. If used vehicles are not included on the manifest or are inaccurately described thereon, a liability for penalties may be incurred.

Additional information is available on the CBP Website at www.CBP.gov. Vehicle exports are detailed on the website in the Trade section's "Basic Import and Export" category: <http://www.cbp.gov/trade/basic-import-export/export-docs/motor-vehicle#>

Subject: RE: sposibo za reliz

We never forced anybody to bring cars for shipping. We never promised that we will invest money in each and every car. If you deliver cars for shipping we can ship them. Investing money has nothing to do with shipping and storage. If you decide to take the cars as you already know we notified you a month ago what are the fees for our service in our warehouse.

I also would like to remind you how you when you had negative balance were convincing us to release cars and you were trying to show us your good will by bringing your new cars with no titles. Now we know what was the goal of those good will. We are not a free storage and free service for your cars.

As to the value of the cars you dispute . If we are not correct and we undervalue your cars it cost you no money. Take from the list any car you think we undervalue and pay us money back. Since as you saying we undervalue those cars you will pay back even less . Even better for you.

We understand that we may be not 100 % correct with the value and we never promised to be . We are not buying your cars. The value is the amount we estimate for investing money. It does not hurt you if we gave you a little less money as investment for the car. It means less to return.

When the balance he way we see it is paid we have no problem to release any of your cars. But as I already mentioned it is not free facility. We could take other clients business and not to keep your cars and wasting time with your cars. We already advised you what is the fee per car to take it and not ship it.

Happy New Year !

TOWNES, United States District Judge:

In a memorandum and order entered September 30, 2015 (the “Prior M&O”), the Court dismissed without prejudice the plaintiffs’ claims in the first above-captioned action: *Global Auto, Inc. v. Hitrinov*, No. 13-CV-2479 (SLT)(RER) (“*Global Auto*”). *Global Auto, Inc. v. Hitrinov*, No. 13-CV-2479 SLT RER, 2015 WL 5793383, at *6 (E.D.N.Y. Sept. 30, 2015). The Court also denied a motion by the defendants in *Global Auto*—**Empire United Lines Co., Inc., and its principal, Michael Hitrinov (collectively, “EUL”)**—which sought to enjoin the plaintiffs in *Global Auto*—Global Auto, Inc.; G Auto Sales, Inc.; and Effect Auto Sales, Inc. (collectively, “Plaintiffs”)—from pursuing cross-claims in a subsequently filed New Jersey action which were almost identical to the claims the Plaintiffs had brought against EUL in *Global Auto*. *Id.*, at *7-8. EUL now moves for reconsideration of these decisions pursuant to Rules 59(e) and 60(b) of the Federal Rules of Civil Procedure and Local Civil Rule 6.3 of the Local Rules of the United

States District Courts for the Southern and Eastern Districts of New York. For the reasons set forth below, EUL's motion for reconsideration is denied.

BACKGROUND

The facts relating to this case are set forth in the Prior M&O and other memoranda and orders which the Court has previously entered in the above-captioned cases. Familiarity with those memoranda and orders is assumed. However, for the convenience of the reader, the Court will provide a brief summary.

The two above-captioned actions principally involve disputes between corporations engaged in selling American automobiles to European consumers and Empire United Lines, Co., Inc., a non-vessel operating common carrier which was involved in transporting those automobiles from New Jersey to Finland. After unsuccessfully attempted to intervene in *Global Auto*, some of the European consumers commenced a lawsuit in the United States District Court for the District of New Jersey: *Akishev v. Kapustin*, No. 13-cv-7152-NHL-AMD ("*Akishev*"). The original complaint in that action named 13 defendants (excluding Does), including Plaintiffs, their principals, and related entities (collectively, the "Global Defendants") and EUL and a related entity (collectively, the "EUL Defendants"). After that complaint was amended, the Global Defendants filed an amended answer which incorporated cross-claims against the EUL Defendants which closely resembled the claims contained in Plaintiffs' First Amended Complaint in *Global Auto*.

After the attorneys representing the Plaintiffs in *Global Auto* and the Global Defendants in *Akishev* withdrew as counsel, EUL moved to dismiss the Plaintiffs' claims in *Global Auto* for failure to prosecute pursuant to Rule 41(b) of the Federal Rules of Civil Procedure. Three weeks later—after one of Plaintiffs' principals, Sergey Kapustin, indicated that he might be able to

retain counsel in *Akishev* but would not retain counsel in *Global Auto*— EUL moved to enjoin the Plaintiffs from pursuing the cross-claims in *Akishev*, relying on the “first-filed rule.” In the Prior M&O, the Court granted the first motion, but dismissed the Plaintiffs’ claims in *Global Auto* without prejudice at the urging of the plaintiffs in *Akishev* (the “NJ Plaintiffs”), noting that “dismissal with prejudice might impede the NJ Plaintiffs’ ability to recover on a judgment against Plaintiffs.” *Global Auto*, 2015 WL 5793383, at *6. The Court denied the second motion, noting that the “first-filed rule” created only a rebuttable presumption that the district in which the first of two competing lawsuits was filed would be the appropriate venue. The Court noted that, in light of the dismissal of the Plaintiffs’ claims in *Global Auto*, it was unclear whether there were two conflicting lawsuits and that EUL had not established that the balance of convenience did not favor New Jersey.

EUL now moves for reconsideration of the Prior M&O. EUL does not contest the decision to dismiss the Plaintiffs’ claims in *Global Auto*, but argues that the dismissal should have been with prejudice. EUL also seeks reconsideration of the denial of the motion for injunctive relief, but does not address the issue of whether there are still two competing lawsuits. Rather, EUL contests only the balance of convenience analysis, arguing that the Court improperly placed the burden on EUL to prove that New Jersey was not the more convenient forum and relied on incorrect factual assumptions in performing the balance of convenience analysis. These arguments are described in more detail in the discussion below.

DISCUSSION

Legal Standard

Although EUL brings this motion pursuant to Fed. R. Civ. P. 59(e) and 60(b) and Local Civil Rule 6.3, the standards under these three rules are the same. *See Maalouf v. Salomon*

Smith Barney, Inc., No. 02 Civ. 4770 (SAS), 2004 WL 2782876, at *1 (S.D.N.Y. Dec. 3, 2004) (citing cases) (standards for granting a motion under Rule 59(e) or a motion for reconsideration under Rule 60(b) are the same); *First Fin. Ins. Co. v. Allstate Interior Demolition Corp.*, No. 96 Civ. 8243 (RLC), 1998 WL 567900, at *3 (S.D.N.Y. Sept. 3, 1998) (“Grounds for relief under Rule 59(e) are equivalent to the grounds for relief on a motion for reconsideration under Local Civil Rule 6.3.”). Under these rules, “[t]he standard for granting ... [reconsideration] is strict, and reconsideration will generally be denied unless the moving party can point to controlling decisions or data that the court overlooked—matters, in other words, that might reasonably be expected to alter the conclusion reached by the court.” *Shrader v. CSX Transp., Inc.*, 70 F.3d 255, 257 (2d Cir. 1995).

The rules do “not provide a party with the opportunity to relitigate the merits of a case in an attempt to win a point already ‘carefully analyzed and justifiably disposed.’” *Feldman Law Grp. P.C. v. Liberty Mut. Ins. Co.*, 819 F. Supp. 2d 247, 266 (S.D.N.Y. 2011); *see also Fleming v. N.Y. Univ.*, 865 F.2d 478, 484 (2d Cir. 1989) (“[A] Rule 60(b)(3) motion cannot ... serve as an attempt to relitigate the merits.”). Dismissal Without Prejudice

In arguing that the Court erred in dismissing Plaintiffs’ claims in *Global Auto* without prejudice, rather than with prejudice, EUL raises both issues of law and fact. With respect to the law, EUL provides the Court with a statistical analysis of reported cases in which claims were dismissed pursuant to Rule 41(b), noting that only 2.4% of those cases in this Circuit, and only 4.15% of such cases nationally, were dismissed without prejudice. Assuming EUL’s analysis is correct, it serves only to establish that district courts have the discretion to dismiss without prejudice, even if that discretion is not frequently exercised.

EUL distinguishes the three cases cited by the Court—*Gabayzadeh*, *Berrios*, and *Cheung*—on the ground that the plaintiffs in those cases were incompetent persons, children, or improperly represented parties without standing, not “confirmed members of a massive RICO conspiracy who have repeatedly attempted to defraud the Federal courts.” Defendants’ Memo at 5. EUL then cites to three other cases—*United States ex rel. Pilon v. Martin Marietta Corp.*, 60 F.3d 995 (2d Cir. 1995), *Tradeways Inc. v. Chrysler Corp.*, 342 F.2d 350 (2d Cir. 1965), and *Allied Air Freight, Inc. v. Pan Am. World Airways, Inc.*, 393 F.2d 441, 443 (2d Cir. 1968)—in support of the assertion that “in the absence of mitigating factors such as incompetent or minor plaintiffs, the Second Circuit has not shied away from affirming with prejudice dismissals or even reversing lower courts for failing to dismiss with prejudice.” Defendants’ Memo at 7.

The Court agrees that the cases cited in the Prior M&O were not on point. Rather, they were cited in support of the general proposition that dismissal without prejudice can be appropriate in cases “where dismissal with prejudice ‘could potentially prejudice a properly

represented party with standing in a subsequent litigation.” *Global Auto*, 2015 WL 5793383, at *6 (citing *Gabayzadeh*, 2009 WL 2983013, at *4). The three cited cases were similar to this one in two respects: they involved the dismissal of claims brought by *pro se* litigants under Rule 41(b) and involved instances in which dismissal with prejudice would have prejudiced third parties who could not represent themselves in the action.

The cases cited by EUL, however, are also not on point. Indeed, only *Allied Air Freight* is at all relevant to this action. In *Allied Air Freight*, a plaintiff seeking review of an interlocutory order allowed its action to be dismissed for lack of prosecution, knowing that such dismissals, under practices then followed by the United States District Court for the Southern District of New York (the “SDNY”), were typically without prejudice. The plaintiff then appealed the interlocutory order. The defendant argued that considering the merits of that appeal “would encourage all would-be appellants from interlocutory orders to do nothing, procure a dismissal,” then appeal to the Second Circuit for review of the interlocutory order. *Allied Air Freight*, 393 F.2d at 444.

The Second Circuit held that it had jurisdiction to hear the appeal and proceeded to reach the merits. However, the Court criticized the SDNY’s practice of routinely dismissing without prejudice. In a footnote, the Second Circuit opined: “It may be a better practice for the district court routinely to order that dismissals for failure to prosecute be with prejudice, unless plaintiff makes a showing to the calendar judge that the dismissal should be without prejudice.” *Id.*, at 444, n. 2. This dictum did not enunciate a procedural rule which is controlling in this case, and EUL does not cite to any other authority for such a proposition.

The other two cases cited by EUL are entirely irrelevant to this action. In the first case—*United States ex rel. Pilon*—a district court concluded that it lacked subject-matter

jurisdiction over the plaintiffs' *qui tam* claims because of the plaintiffs' counsel's failure to comply with filing and service requirements for bringing such claims. The district court nonetheless dismissed the *qui tam* claims without prejudice, then failed to address a motion for reconsideration in which defendant argued that dismissal with prejudice was "the only remedy that properly preserves the congressional objectives embodied in the *qui tam* statutory scheme." *United States ex rel. Pilon*, 60 F.3d at 998. On appeal, the Second Circuit ruled that it was an abuse of discretion not to dismiss the *qui tam* claims with prejudice because "the Pilon's failure to comply with the filing and service provisions ... irreversibly frustrate[d] the congressional goals underlying those provisions." *Id.*, at 1000 (internal citations and quotation omitted; brackets in original). This holding is irrelevant to this case, which does not involve a *qui tam* action.

In the second case—*Tradeways Inc.*—the Second Circuit ruled that it was an abuse of discretion not to dismiss for failure to prosecute an action in which the plaintiff's repeated delays of the litigation prejudiced the defendant. That action had been commenced in 1958, and had been dismissed twice for lack of prosecution during 1960 and 1961. On both occasions, it was restored to the calendar on consent of the defendant. In May 1963, on the eve of trial, the plaintiff sought to stay the trial in order to depose a witness who, although known to the plaintiff for a considerable period of time, was not listed in the pre-trial order. The stay was nevertheless granted and a deposition was taken in mid-June 1963. Although plaintiff was denied permission to extend discovery in early October 1963, plaintiff moved in November 1963 for an order allowing it to continue the deposition. A district judge not only denied that motion, but encouraged the defendant to move to dismiss for failure to prosecute.

Although the defendant made that motion, another judge denied it and scheduled a trial. After that trial, in which a jury awarded the plaintiff \$108,000, the defendant appealed the denial of its motion to dismiss. The Second Circuit ruled that it was an abuse of discretion not to grant the motion to dismiss since “[t]he delays appear[ed] to be almost entirely the fault of [the plaintiff]” and “eventually worked to the prejudice of [the defendant],” who lost a valuable witness in an airplane accident in May 1962, three and a half years after the start of the litigation. *Tradeways*, 342 F.2d at 352.

In this case, unlike in *Tradeways*, there is no evidence that EUL would be disadvantaged by dismissal without prejudice. To the contrary, EUL would be unfairly advantaged by dismissal with prejudice. According to a declaration executed by defendant Hitrinov on May 23, 2013 (the “Hitrinov Declaration”), which was filed as Document 14 in *Global Auto*, EUL not only provided shipping and storage services to Plaintiffs, but also helped to finance Plaintiffs’ scheme. EUL would take a “60% interest” in particular vehicles (so-called “Investment Vehicles”), and would be paid interest at a rate of 1.5% per month on those investments. Hitrinov Declaration, ¶ 16. The investment was “secured by a 60% interest in the Investment Vehicles.” *Id.*, ¶ 18. Kapustin agreed that “that EUL would be entitled to a right of possession in any Investment Vehicle ... until such time as it was released to a third-party buyer” and, to that end, delivered the documents of title for each such vehicle to EUL. Hitrinov Declaration, ¶ 5. However, the Hitrinov Declaration does not state if there was any agreement regarding whether or when EUL could sell the vehicles.

By December 2011, EUL had invested over \$450,000 in this manner. However, by late December 2012, Hitrinov began to question Kapustin’s integrity. “Concerned about Kapustin’s/[P]laintiffs’ ability and even willingness to abide by [the] agreement,” Hitrinov

demanded repayment of the principal and interest within 30 days. *Id.*, ¶¶ 31-32. When Kapustin and the Plaintiffs failed to comply with that demand, Hitrinov directed that Investment Vehicles be “sold to third party buyers to satisfy plaintiffs’ indebtedness to EUL.” *Id.*, ¶ 40.

It is unclear precisely when EUL sold the cars, how many cars EUL sold, or what the vehicles were worth. In a motion for a temporary restraining order and preliminary injunction filed in early May 2013, the Plaintiffs alleged that EUL was in possession of approximately 58 vehicles belonging to the Plaintiffs, which were specifically identified in Exhibits C-1 and C-3 to the Plaintiffs’ Complaint. Those exhibits indicated that the 58 vehicles were valued at over one million dollars. In responding to that motion for injunctive relief, Hitrinov admitted that all but two of the vehicles had been sold, but expressed doubts as to whether the sale would net the \$422,018.00 in principal and other amounts that the Plaintiffs allegedly owed EUL. *Id.*, ¶ 41.

At a hearing on June 4, 2013, the Court orally denied the Plaintiffs’ motion for injunctive relief on the ground that they had not met the exacting standard for obtaining a mandatory injunction. *See* Transcript of June 4, 2013, Hearing (Document 24 in *Global Auto*). However, the colloquy at that hearing made it clear that there was a substantial question regarding whether EUL was authorized to sell the Investment Vehicles. Neither party could produce a written agreement documenting EUL’s rights in the Investment Vehicles, and the Plaintiffs maintained that the vehicles were illegally sold. *Id.*, pp. 4-5.

If the Court were to dismiss the Plaintiffs’ claims in *Global Auto* with prejudice, it might foreclose resolution of this substantial question. This result would permit EUL, who helped finance Plaintiffs’ scheme, to recoup at least part of its “investment” at the expense of unwitting consumers who were victimized by the Plaintiffs’ scheme. This Court will not permit this potential injustice.

EUL's motion for reconsideration also identifies several facts which this Court may have overlooked. In the Prior M&O, the Court noted that the NJ Plaintiffs had filed several motions for sanctions against the Global Defendants, including a motion which sought the entry of a default judgment against them. Although the Prior M&O stated that the motion was still pending, *Global Auto*, 2015 WL 5793383, at *3, that motion was actually decided on September 21, 2015—eight days before the Prior M&O was issued. Judge Hillman, who presides over the *Akishev* case, granted the motion for a default judgment and awarded the NJ Plaintiffs \$2,228,069.29. In the wake of Judge Hillman's decision, the NJ Plaintiffs and the Global Defendants entered into an "Assignment of Claims," which purports to assign to the NJ Plaintiffs the Global Defendants' interests in their claims and cross-claims against the EUL and the EUL Defendants. Defendants' Memo, Ex. 3.

The facts do not alter the Court's conclusion that the Plaintiffs' claims in *Global Auto* should be dismissed without prejudice. In the Prior M&O, the Court explained its rationale as follows:

To the extent that Plaintiff's claims against the EUL Defendants are meritorious, Plaintiffs' creditors may wish to pursue those claims in the event they obtain judgment against Plaintiffs. For that reason, counsel for some of the NJ Plaintiffs have urged the Court to dismiss Plaintiffs' claims against the EUL Defendants without prejudice. Since dismissal with prejudice might impede the NJ Plaintiffs' ability to recover on a judgment against Plaintiffs, the Court will dismiss Plaintiffs' claims in this action without prejudice.

Global Auto, 2015 WL 5793383, at *6. The facts that the NJ Plaintiffs have now recovered a substantial judgment against the Global Defendants and have entered into an agreement which purports to assign the Plaintiffs' claims against the EUL Defendants to the NJ Plaintiffs only lends support to the Court's rationale.

Defendants argue that the Plaintiffs' claims in *Global Auto* are non-assignable as a matter of public policy under New Jersey law, that the assignment violates a preliminary injunction entered by Judge Hillman which prevented the Global Defendants from alienating their assets, and is unnecessary because the NJ Plaintiffs have "numerous other methods of enforcing their judgment" against the Global Defendants. Defendants' Memo at 9. None of these arguments are persuasive. First, even assuming that New Jersey law prohibits the assignment of claims, the NJ Plaintiffs, as judgment creditors of the Global Defendants, could attempt to levy upon any recovery that the Global Defendants obtain as a result of their litigation against the EUL Defendants. Second, Judge Hillman's injunction was entered at the request of the NJ Plaintiffs, who sought to prevent the Global Defendants from dissipating their assets. That injunction was not intended to prevent the NJ Plaintiffs from recovering upon their judgment against the Global Defendants, but rather to ensure that the Global Defendants still had assets which the NJ Plaintiffs could recover.

Third, while the NJ Plaintiffs unquestionably have "other methods of enforcing their judgment" against the Global Defendants, Defendants' Memo at 9, there is nothing to suggest that the funds recovered using those methods will satisfy the \$2,228,069.28 award. First, that award does not reflect actual damages, but includes substantial punitive damages awarded under the treble damages provisions of the RICO statute and federal odometer laws. There is nothing to suggest that the Global Defendants' scheme netted over \$2.2 million. Even if it did, the Global Defendants have a history of secreting their assets. Indeed, on June 18, 2015, Judge Hillman enjoined the Global Defendants from withdrawing money from any bank accounts based on the NJ Plaintiffs' representation that the Global Defendants were diverting funds to a Finnish bank in order to avoid complying with a Consent Order requiring the Global Defendants

to deposit funds into the court's registry. Judge Hillman later accused Mr. Kapustin of perjuring himself and perpetrating a fraud on the court, stating that he had "never seen someone so willing to lie and cheat and steal" as Kapustin. Transcript of Aug. 31, 2015, Proof Hearing, p. 91. In light of this history, the assertion that the NJ Plaintiffs will be able to execute on enough assets to satisfy the multi-million dollar judgment without pursuing the assigned claims is highly speculative.

The First-Filed Rule

EUL also moves for reconsideration of the denial of its motion to enjoin the Plaintiffs from pursuing their cross-claims against the EUL Defendants in *Akishev*. EUL does not address the question of whether the first-filed rule, on which their argument relies, even applies in light of the fact that Plaintiffs' claims against EUL in *Global Auto* have been dismissed without prejudice. Rather, EUL's motion focuses entirely on the balance of convenience analysis, noting that the Court incorrectly placed the burden of proof on EUL and that the analysis was factually inaccurate.

Even assuming that EUL's arguments are correct, engaging in the balance of convenience analysis now would be to answer a purely hypothetical question. The "first-filed rule" applies "[w]hen two actions involving the same parties and issues are pending concurrently" *Reliance Ins. Co. v. Six Star, Inc.*, 155 F. Supp. 2d 49, 54 (S.D.N.Y. 2001). The rule "seeks to advance judicial economy, protect a plaintiff's choice of forum and avoid duplicative litigation," as well as "the considerable expense and potential for inconsistent judgments that duplicate litigation entails." *Id.* (internal citations omitted).

The very timing of EUL's motion for injunctive relief makes it clear that EUL is not seeking to vindicate these purposes. The Global Defendants' cross-claims against the EUL

Defendants in *Akishev* were filed on October 7, 2014. Yet, EUL did not move for injunctive relief pursuant to the first-filed rule until July 31, 2015—almost 10 months later. By that time, EUL had moved to dismiss Plaintiffs claims in *Global Auto* for failure to prosecute and had learned that Kapustin had located “an attorney ... who showed interest” in representing the Global Defendants in *Akishev*, but had “funds to hire representation for [the] New Jersey case only.” Letter to Hon. Sandra L. Townes from Sergey Kapustin, dated July 16, 2015, p. 1.

It is readily apparent from the timing of EUL’s motion for injunctive relief that EUL is attempting to use the first-filed rule to prevent adjudication of the merits of the Plaintiffs’ claims or cross-claims against EUL and the EUL Defendants. The Second Circuit has repeatedly expressed a “clear preference ... for cases to be adjudicated on the merits.” *See, e.g., Pecarsky v. Galaxiworld.com Ltd.*, 249 F.3d 167, 174 (2d Cir. 2001) (citing *Cody v. Mello*, 59 F.3d 13, 15 (2d Cir. 1995)). Since the Plaintiffs’ claims in *Global Auto* have been dismissed and since Kapustin lacks funds to attempt to resurrect those claims, it is clear that adjudication on the merits will not occur if Plaintiffs are enjoined from pursuing their cross-claims in *Akishev*. It is also clear that the question of whether this forum would be more convenient than the District of New Jersey is now an entirely hypothetical inquiry, in which this Court need not engage. *See E.I. Dupont de Nemours & Co. v. Invista B.V.*, 473 F.3d 44, 46 (2d Cir. 2006) (“The federal judicial power extends only to actual cases and controversies; federal courts are without jurisdiction to decide abstract or hypothetical questions”)

To the extent that EUL is arguing that Plaintiffs and Kapustin engaged in “forum shopping” by purposely refusing to retain counsel in this action, the Court notes that Plaintiffs and Kapustin have no reason to prefer the New Jersey forum. The New Jersey litigation has not gone at all well for the Global Defendants in general, or for Kapustin in particular. On October

29, 2014, after several contempt hearings, Judge Hillman, made a preliminary finding that the Global Defendants committed at least two predicate acts of mail and wire fraud in the furtherance of a RICO enterprise through a pattern of racketeering activity conducted operating their websites (NJ Docket No.110). In addition, as noted above, Judge Hillman has not only accused Mr. Kapustin of perjuring himself and perpetrating a fraud on the court, but has also stated that he has “never seen someone so willing to lie and cheat and steal” as Kapustin. Transcript of Aug. 31, 2015, Proof Hearing, p. 91. There is no reason to believe that Plaintiffs and Kapustin would prefer to continue litigating before Judge Hillman.

CONCLUSION

For the reasons set forth above, EUL’s motion for reconsideration is denied.

SO ORDERED.
