Hi Emeka, just calling to get updates on the shipment of those medical equipment. As you know, it is more than 4months we went into this contract with you, and more that 2 if not 3months I made payment into your account. But it doesn't seem as if anything has changed. This is my business and I really don't think you will let someone handle urs same way. You better treat others the way you will expect people to treat you. I have never seen something of this sort and honestly I am running out of patience.

I am asking again, could you provide me with the contact detail of who I should contact to collect my equipment. I have always been contacting you directly. When I paid for this for this items to be shipped, you gave your account number directly and never went through Obioma. I will not be responsible for any delay for not picking it up on time.

Please don't contact me directly from now on, sort things out with Obioma. He will let you know the whole situation. Thanks
