PUBLIC VERSION

Ms. Karen V. Gregory
Secretary
Federal Maritime Commission
800 North Capitol Street, N.W
Washington, DC 20573-0001

Dear Ms. Gregory,

Re: Petition No. P1-14
Petition of United Arab Shipping Company (S.A.G.)
For an exemption from 46 U.S.C. Sec 40703

RECEIVED
2015 FEB -3 AM 11:24
OFFICE OF THE SECRETARY
FEDERAL MARITIME COMMISSION

This refers to the above Petition served by the Federal Maritime Commission on January 13, 2015. As requested, we wish to supplement the record with the following submissions to the questions asked.

1. **What is the amount and percentage of UASC cargo that moves under tariff rates in the U.S. trades?**

UASC carried 535,040 teus in the U.S. foreign trades in 2014. Approximately 2% of this cargo (approximately 10,700 teus) moved under tariff rates.

2. **Please provide the number of shippers likely to be affected by the Petitioners inability (if petition not granted) to lower rates in the U.S. trades on less than 30 days' notice. In addition, provide information on any particular markets or commodity groups that might be negatively impacted by the denial of the Petition.**

If the rates that cannot be lowered without 30 days' notice are confined to tariff rates, approximately 200 shippers would be negatively impacted. These would be primarily small beneficial cargo owners that use tariff rates as opposed to confidential service contracts or exempt commodity contracts.

3. **Provide any customer testimony supporting the petition.**

We understand some of our customers have written directly to the Federal Maritime Commission in support of our Petition.

4. Please provide the average revenue per TEU on services between Asia and the U.S. West Coast, inbound and outbound separately in each of the last 12 months.

RESPONSE CONTAINS CONFIDENTIAL INFORMATION REDACTED FROM PUBLIC VERSION.

5. Provide a copy of each general rate increase announced in the Transpacific U.S. tariffs of Petitioner during the last 12 months.

The general rate increase announcements in the Transpacific Trade are attached. (Annexure A)

6. What Plans does the Petitioner have to deploy additional capacity in the U.S. trades in the next two years?

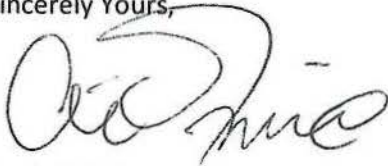

RESPONSE CONTAINS CONFIDENTIAL INFORMATION REDACTED FROM PUBLIC VERSION.

7. Please provide the current UASC ownership breakdown i.e. how has Qatar's obtaining 51.3% ownership affected the other owners share?

RESPONSE CONTAINS CONFIDENTIAL INFORMATION REDACTED FROM PUBLIC VERSION.

We trust that the information provided satisfies your requirements in our support of the Petition. If any further information is required kindly.

Sincerely Yours,

Dr. Anil J. Vitarana
President, United Arab Agencies Inc.
