DOCKET NO. 22-29

MVM LOGISTICS
VS.
MSC (MEDITERRANEAN SHIPPING COMPANY)

COMPLAINT

Complainant (MVM LOGISTICS), files this Complaint against Respondent herein, alleging violations of the Shipping Act of 1984, 46 U.S. C. §40101, et seq. ("The Shipping Act") as follows:

I. COMPLAINANT

1. Complainant MVM Logistics is a corporation organized and existing under the laws of the State of California, with a principal place of business at 2602 West Empire ave. Burbank CA. 91504. (Claimant)

II. RESPONDENT

2. MSC Mediterranean Shipping Company (USA) INC. as agent for Mediterranean Shipping Company, S.A., Geneva (Respondent).

Upon information and belief, Respondent is incorporated in New York State as agent for a Vessel Operating Common Carrier that is headquartered in Geneva, Switzerland. Agent lists their principal place of business as 420 5th Ave, New York, NY 10018

III. JURISDICTION

3. The FMC has subject-matter jurisdiction over this Complaint pursuant to the Shipping Act of 1984.

4. The Complaint is being filed pursuant to Section 1 l(a) of the Shipping Act, 46 U.S.C. §41301. MVM is seeking reparations for injuries caused to it by Respondent due to its violations of 46 U.S.C. § 41102(c).

5. The FMC has personal jurisdiction over Respondent as a VOCC as defined in 46 U.S.C. §40102(17).

6. Respondent's actions alleged herein constitute failure by Respondent to establish, observe, and enforce just and reasonable practices relating to receiving, handling, storing, and delivery the property of MVM in violation of 46 U.S.C. §41102(c) and 46 C.F.R. §§545.4 and 545.5

IV. FACTUAL ALLEGATIONS

Our cause of action is based on the facts that took place from about August 2020 till end of February 2022, when MVM became insolvent; our company has suffered a great deal of injustice exercised by MSC.

What MSC did do:

7. MSC provided export bookings, but failed to provide adequate time for returning the containers; - MSC constantly changed the returning dates of the containers, sometimes by more than 3 weeks, forcing us and our clients to pay for storage and chassis fees.
8. MSC caused the delays and later used it as a source of enrichment, by charging Per Diem fees for delays that it has created. As a result, we end up having a Per Diem bill around US\$800,000.00. Since we refused to pay it, MSC has rescinded MVM permit to access its terminal since March 2022. - Unfortunately, 95% of our clients used MSC and lost all that business. After we got shut down, I argued with MSC and the Per Diem charges were reduced to US\$380,000.00, but our access to the terminal has not been reinstated.
9. MSC continues demanding payment and is threatening MVM with legal action. We have more than 300 invoices from MSC, however, I will use a few of them to show case what we have to deal with. The major problems we had in the period previously described were:
 10. Lack of available equipment. MSC would issue bookings, but there would be not enough equipment at the terminal, forcing everyone to stay long hours in a line into the terminal or to hunt the streets for street turn containers and chassis.
 11. MSC schedule would constantly change delaying the loaded containers return dates.
 12. Vessels constantly delayed and all trucking companies were forced to keep the containers at their yards or pay for storage, when it was available.
 13. The receiving windows started shrinking and finally were reduced to one day or one shift.
 14. When Terminals are actually receiving – there was a huge congestion and it would take up to 8 hrs to return a single container and there were thousands of containers booked for the same dates.
 15. Every week we were forced to request late gate permits - it was not always available and when available it would be only for one shift and most of the time the terminal would close before the end of the given shift.
 16. US\$200.00 Late Gate Charges – MSC once more found an easy way of fast unfair enrichment at the cost of its own clientele. Since thousands of containers were to be return during the given late gate, just a fraction of it would make the gates of the terminal and the rest would be charged US\$200.00 for trying to do their job.
 17. Per-Diem charges were unfair and MSC did not provide a correct trucking of equipment. We had an instance were containers were Street Turned thru the Interchange System at same time frame, but have thousands of dollars difference in Per-Diem.

V. VIOLATIONS OF THE SHIPPING ACT

18. Section 41102(c) of the Shipping Act (46 U.S.C. §41102(c)) prohibits a common carrier from failing to "establish, observe, and enforce just and reasonable regulations and practices relating to or connected with receiving, handling, storing, or delivering property."

19. Respondent MSC is a vessel-operating common carrier as defined by the Shipping Act.

20. Respondent's practices and regulations relating to the assessment of additional costs, namely the Pier-Diem Fees Invoices, are directly related to receiving, handling, storing or delivering property, and are unjust, unlawful, unreasonable and unfounded.

VI. CAUSATION AND INJURY TO COMPLAINANT

21. MVM Logistics has come in front of the Federal Maritime Commission with the aim of obtaining relieve from unfair Per Diem charges from the Mediterranean Shipping Company – MSC. We also request relieve from possible future chassis charges and fees for shipments that took place between 2019 and 2022.

- a. The cost of storage of MSC Loaded containers; and
- b. The chassis use fees associated with the storage of MSC Loaded containers; and
- c. To the extent applicable, the cost to flip MSC Loaded containers to and from the chassis when necessary; and
- d. detention charges assessed against MVM; and
- e. re-delivery charges; and
- f. damages associated with the interference of existing contracts between MVM and its customers; and
- g. damages associated with the inability to accept certain work because of the lack of space and/or equipment caused by the MSC Loaded containers; and
- h. damages associated with the disruption of the operations of MVM as a result of MSC inability to accept its Loaded containers, and
- i. investigation as to other damages suffered by MVM is ongoing.

22. In addition to the damages suffered by MVM, based upon information and belief, the violations committed by MSC have also affected similarly situated motor carriers and members of the public.

23. Detention charges assessed by MVM are included in the amounts listed in Exhibit C.

VII. PRAYER FOR RELIEVE

WHEREFORE, Complainant respectfully requests that Respondent be required to answer the charges in the Complaint and that after the Commission investigation and hearing, the Commission issue an order:

- 1) Requiring Respondent to pay Complainant reparations for the unlawful conduct described here, along with interest and Complainant's attorneys' fees and costs, pursuant to 46 U.S.C. §41305;
- 2) Requiring the payment of any other amounts that the Commission deems appropriate; and
- 3) Providing such other and further relieve that the Commission deems just and proper.

VIII. PLACE OF HEARING

22. Complaint requests an oral hearing on this matter in Long Beach, California

Dated: September 06, 2022

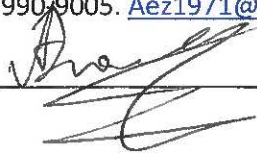

Respectfully submitted,

Andrey Zyulkorneev.

These 11 units were booked, pulled and loaded in Dec 2021. Due to inability of MSC provide adequate return condition we were not able to return these units until Feb 2022. MSC still send me a per-diem invoice.

First six units were booked originally for MV MSC SHREYA B MC149R and five others booked for MSC NITYA B MC150R for Dec 2021.

Bookings were moved as follows.

MSC SHREYA B MC149R – schedule rolling for two weeks for NITYA B MC150R – MSC GAYANE two weeks no vessel – MSC SAYA (Feb 2022) – MSC YASHI (Feb 2022).

During this time frame MSC failed to provide receiving of the containers.

Below are the details.

Per www.westernoverseas.com **Vessel Congestion Update**

On December 16, 2021, the Southern California Marine Exchange reported 102 container vessels destined for the ports of Los Angeles (LA) and Long Beach (LB). Of the 102 container vessels, 28 vessels were anchored or loitering within 40 miles of the in-port zone, and 74 vessels were loitering or anchored outside the 150 mile safety air emissions exclusion zone referred to as SAQA (Safety & Air Quality Area). Normally within a daily range, there are 26-31 container vessels at a terminal within the twin ports of LA/LB; however, since December 14, the port of LA has indicated a reduced number to either 4 or 5 when the usual average is 18-23 vessels at berth. Container vessels are waiting an average of 20-31 days to reach a terminal to unload their containers.

Next available vessel - MSC NITYA B MC150R

Best Regards,

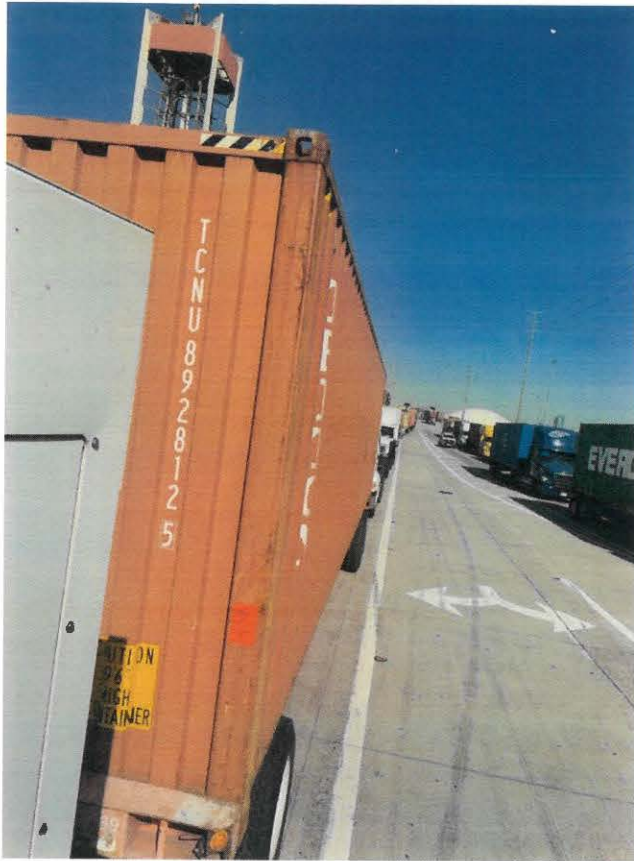

We were able to return about 40 units from 01/17 to 01/19 including late gate. I had to hire additional trucking company and pay them extra to just move containers from storage to Terminal. Usually with normal conditions my company would do 30 a day.

Again – Terminal was extremely congested here is a photos from my drivers. I assume that every trucking company had a same problem and everybody trying to ingate. Lines to the Terminal were all the way to freeway. CHP had to prevent driver to get to the lines due to traffic hazard – lines were too big.

Next is MSC SAYA 210R. Original ETA 01/19. But Opens 02/02 Closes 02/04. Please note there is no vessel for two weeks between GAYANE and SAYA. SAYA suppose to be right after GAYANE. First screen shot shows SAYA ETA 01/19 and second screens shot 02/06

We had 15 trucks working for us (including Late Gate) but in gated only 47 units. Also MSC charge \$200 for non returned containers listed on Late Gate.

And the last Vessel was MSC YASHI MC202R. 02/10 to 02/11

Again Terminal had crazy lines but with about 10 drivers we were able to return our last 20 units and MSC shut us down for Per-Diem charges. We are out of business...

Exhibit B

Sample of MSC unfair per-diem charges practice.

I will use 3 containers under same booking. These containers were pulled and returned at the same period of time (Dec-Feb) but have significant price difference.
