The Honorable Alex M. Chintella
Administrative Law Judge
Federal Maritime Commission

Re: Bed Bath & Beyond Inc. v. Evergreen
Docket No. 24-12

Dear Judge Chintella,

We represent Respondents and we refer to Your Honor's August 6, 2025 email granting Respondents leave to file a discovery motion. We write to respectfully request leave to exceed the 10-page limit with our motion given the number of interrogatory responses at issue and the complexity of the discovery issues raised. We wrote to Complainant's counsel to obtain their consent but have not heard back from them (we understand they are involved in deposition(s) today). We, of course, would consent with any request by them for permission to exceed the page limit with their opposition if requested. Thank you for the Court's consideration.

Very truly yours,
BETANCOURT, GRECO & EVANS LLC
