TPG PRESSURE, INC., *Complainant*

v.

OMNI LOGISTICS LLC AND EPIC FREIGHT SOLUTIONS LLC,
Respondents.

DOCKET NO. 22-31

Served: March 1, 2024

ORDER OF: Erin M. WIRTH, *Chief Administrative Law Judge.*

ORDER GRANTING COMPLAINANT'S MOTION TO ACCEPT LATE FILING

On February 22, 2024, Complainant filed a motion requesting that its initial brief and supporting documents be accepted one week after they were due. Motion at 1. At that time, Complainant also filed the brief and supporting documents. The motion also requests additional time for the remaining filings. Respondent has not filed an opposition to the motion and the time to respond to the non-dispositive motion has passed.

The brief extension is requested due to illness of the lead attorney for Complainant. Although an earlier motion is mentioned, the record does not reflect that any other motions related to this deadline were received. Moreover, it is not entirely clear whether Respondent consented to this proposed schedule revision. The requested extension, however, is brief and is reasonable. The remaining deadlines will also be extended for one week.

Accordingly, the motion is **GRANTED**. Respondents should file their opposition brief and supporting documents by March 25, 2024, and Complainant should file its reply brief on April 9, 2024.
