Connect America Fund, A National Broadband Plan for Our Future, High-Cost Universal Service Support

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: The Federal Communications Commission (Commission) delivered to Congress a National Broadband Plan recommending that the Commission adopt cost-cutting measures for existing voice support and create a Connect America Fund, without increasing the overall size of the Fund, to support the provision of broadband communications in areas that would be unserved without such support or that depend on universal service support for the maintenance of existing broadband service. This document and the companion Notice of Inquiry is the first in a series of proceedings to implement that vision. This proceeding will develop the detailed analytic foundation necessary for the Commission to distribute funds in an efficient, targeted manner that avoids waste and minimizes burdens on American consumers. This document seeks comment on specific common-sense reforms to cap growth and cut inefficient funding in the legacy high-cost support mechanisms and to shift the savings toward broadband communications.

DATES: Comments on the proposed rules are due on or before July 12, 2010, and reply comments are due on or before August 11, 2010.

ADDRESSES: You may submit comments, identified by WC Docket No. 10-90, GN Docket No. 09-51, WC Docket No. 05-337, by any of the following methods:
